The definitive story of the pioneering rock radio station that galvanized a city and a generation

Cats reporting on the news that matters to cats with stories such as The Vacuum Cleaner Is Back!, The Woman Is Cooking Bacon!, and The Ceiling Cats Are Everywhere Tonight! Cynical, no nonsense Elvis and shy, sweet, sensitive Puck are the reporter kitties in the field, while the adventurous jokester Lupin serves as anchor cat. Together they break headlines on the food bowl, new plants, mysterious red dots, strange cats in the yard, and all the daily happenings in their home.

Picking up where they last left off in Breaking Cat News, are Elvis, Puck, and Lupin reporting on the breaking news that matters to cats. Cynical, no-nonsense Elvis and shy, sweet, sensitive Puck are the reporter kitties in the field, while the adventurous jokester Lupin serves as anchor cat. Together, they're back to break headlines on mysterious man "tails," all things holiday-related, new cat friends, and all the daily happenings in and outside their home. The super fun "More to Explore" section includes how to draw the BCN news crew, how to draw expressions, how to draw your pet as a reporter, and paper dolls of the crew, along with props and extras!

Tonight's top story: the intrepid team of feline reporters is back on the beat and tackling stories like a runaway toy mouse in this second collection of Breaking Cat News comics for middle-grade readers. Once again Lupin, Elvis, and Puck—alongside boisterous field correspondents like Tommy—deliver hard-hitting reportage on all of the most pressing issues, such as Vacuum Awareness Week, the case of the missing breakfast, and the history of fuzzy blankets. The gang also meets new characters like Burt, the free-spirited barn cat who helps solve some AV problems. And these cats will need all of the help they can get to get to the bottom of some mysterious ghost sightings and prove they're not scaredy. The More-to-Explore section includes paper dolls, how to make pet rock cats, and explores the Big Pink House and the BCN apartment within.

Emma Goldman has often been read for her colorful life story, her lively if troubled sex life, and her wide-ranging political activism. Few have taken her seriously as a political thinker, even though in her lifetime she was a vigorous public intellectual within a global network of progressive politics. Engaging Goldman as a political thinker allows us to rethink the common dualism between theory and practice, scrutinize stereotypes of anarchism by placing Goldman within a fuller historical context, recognize the remarkable contributions of anarchism in creating public life, and open up contemporary politics to the possibilities of transformative feminism.

This full-colour, richly-illustrated book is an excellent source of rapidly retrievable information on aspects of relevance in daily clinical practice in the outpatient breast clinic. Expert guidance is

provided on a full range of topics, including pitfalls of clinical examination, imaging and related tissue diagnosis, approaches to management decision-making in different disorders, the role of surgery and adjuvant therapy, follow-up and rehabilitation. In outpatient breast clinics, effective communication with patients must be established in order to address symptoms that in most cases are not serious but can be very worrying and sometimes lead to misdiagnosis and also to litigation. Outpatient consultations also offer an opportunity to encourage a healthy lifestyle and to provide information on matters such as risk assessment, screening and the most reliable websites. A well-functioning outpatient clinic is essential to a breast unit's overall proficiency. Readers will find this book an invaluable aid to good practice. The authors place particular emphasis on quality indicators and key priorities for implementation of the main guidelines, at the same time specifying the level of evidence for them and degree of recommendation. Practical measures for achieving the best results are highlighted, and helpful advice is provided on optimizing patient communication and reducing the psychological burden.

This book describes the state of the art of tourism planning and management in national parks and protected areas. It also provides guidelines for best practice in tourism operations. Other objectives are to: Describe case studies and guidelines that contribute to conservation of biological diversity; consider the role of local communities within or near these areas; outline the development of tourism infrastructure and services; discuss visitor management; provide guidelines to enhance the quality of the tourism experience. The focus is global and the book will appeal to both academics and practitioners.

The 2018 World Cup edition of the international bestseller and "the most intelligent book ever written about soccer" (San Francisco Chronicle) is updated throughout and features new chapters on the FIFA scandal, why Iceland wins, and women's soccer. Named one of the Best Books of the Year by the Guardian, Slate, Financial Times, Independent (UK), and Bloomberg News Written with an economist's brain and a soccer writer's skill, Soccernomics applies high-powered analytical tools to everyday soccer topics, looking at data and revealing counterintuitive truths about the world's most beloved game. It all adds up to a revolutionary new approach that has helped change the way the game is played. This World Cup edition features ample new material, including fresh insights into FIFA's corruption, the surge in domestic violence during World Cups, and Western Europe's unprecedented dominance of global soccer.
