Here 's sensible advice and caring encouragement on raising boys from the nation 's most trusted parenting authority, Dr. James Dobson. With so much confusion about the role of men in our society, it 's no wonder so many parents and teachers are asking questions about how to bring up boys. Why are so many boys in crisis? What qualities should we be trying to instill in young males? Our culture has vilified masculinity and, as a result, an entire generation of boys is growing up without a clear idea of what it means to be a man. In the runaway bestseller Bringing Up Boys, Dr. Dobson draws from his experience as a child psychologist and family counselor, as well as extensive research, to offer advice and encouragement based on a firm foundation of biblical principles.

Souljah brings to her millions of fans an adventure about young, deep love, the ways in which people across the world express their love, and the lengths that they will go to have it.

Parents whose adult children have cut off contact wonder: How did this happen? Where did I go wrong? What happened to my loving child? Over time, holidays, birthdays, and even the birth of grandchildren may pass in silence. Anguish may turn into anger. While time, in and of itself, does not necessarily heal, actions do, and while every estrangement includes situation-specific variables, there are practical, effective, and universal techniques for understanding and healing these not-uncommon breaches. Psychotherapist Tina Gilbertson has developed these techniques and tools over years of face-to-face and online work with parents, who have found her strategies transformative and even life-changing. Gilbertson cuts through the blame, shame, and guilt on both sides of the broken relationship. Parents will feel heard and understood but also challenged — and guided — to reclaim their role as "tone setter" and grow psychologically. Exercises, examples, and sample scripts empower parents who have felt powerless. Gilbertson shows that reconciliation is a step-by-step process, but the effort is well worth it. It is never too late to renew relations and experience better-than-ever bonds.
