Pump up Medley - Live

Watch “Bandit” for a sense of Bic Fizzle’s hometown ... deep-seated demonic vocal growls, high-soaring clean guitars, throbbing slow riffs and drumless interludes. Lest it start to feel ...

Good Noise for a Bad Year: A 2021 Arkansas music roundup

Clean Bandit Brought Louisa Johnson, Sean Paul & Anne-Marie To Their Hit Filled Summertime Ball Set!

Pop music surrounds us - in our cars, over supermarket speakers, even when we are laid out at the dentist - but how often do we really hear what's playing? Switched on Pop is the book based on the eponymous podcast that has been hailed by NPR, Rolling Stone, The Guardian, and Entertainment Weekly for its witty and accessible analysis of Top 40 hits. Through close studies of sixteen modern classics, musicologist Nate Sloan and songwriter Charlie Harding shift pop from the background to the foreground, illuminating the essential musical concepts behind two decades of chart-topping songs. In 1939, Aaron Copland published What to Listen for in Music, the bestseller that made classical music approachable for generations of listeners. Eighty years later, Nate and Charlie update Copland's idea for a new audience and repertoire: 21st century pop, from Britney to Beyoncé, Outkast to Kendrick Lamar. Despite the importance of pop music in contemporary culture, most discourse only revolves around lyrics and celebrity. Switched on Pop gives readers the tools they need to interpret our modern soundtrack. Each chapter investigates a different song and artist, revealing musical insights such as how a single melodic motif follows Taylor Swift through every genre that she samples, André 3000 uses metric manipulation to get listeners to "shake it like a Polaroid picture," or Luis Fonsi and Daddy Yankee create harmonic ambiguity in "Despacito" that mirrors the patterns of global migration. Replete with engaging discussions and eye-catching illustrations, Switched on Pop brings to life the musical qualities that catapult songs into the pop pantheon. Readers will find themselves listening to familiar tracks in new waysand not just those from the Top 40. The timeless concepts that Nate and Charlie define can be applied to any musical style. From fanatics to skeptics, teenagers to octogenarians, non-musicians to professional composers, every music lover will discover something ear-opening in Switched on Pop.

No Straight Lines showcases major names such as Alison Bechdel, Howard Cruse, and Ralf Koenig (one of Europe’s most popular cartoonists), as well as high-profile, crossover creators who have dabbled in LGBT cartooning, like legendary NYC artist David Wojnarowicz and media darling and advice columnist Dan Savage. No Straight Lines also spotlights many talented creators who never made it out of the queer comics ghetto, but produced amazing work that deserves wider attention. Queer cartooning encompasses some of the best and most interesting comics of the last four decades, with creators tackling complex issues of identity and a changing society with intelligence, humor, and imagination. This book celebrates this vibrant artistic underground by gathering together a collection of excellent stories that can be enjoyed by all. Until recently, queer cartooning existed in a parallel universe to the rest of comics, appearing only in gay newspapers and gay bookstores and not in comic book stores, mainstream bookstores or newspapers. The insular nature of the world of queer cartooning, however, created a fascinating artistic scene. LGBT comics have been an uncensored, internal conversation within the queer community, and thus provide a unique window into the hopes, fears, and fantasies of queer people for the last four decades. These comics have forged their aesthetics from the influences of underground comix, gay erotic art, punk zines, and the biting commentaries of drag queens, bull dykes, and other marginalized queers. They have analyzed their own communities, and their relationship with the broader society. They are smart, funny, and profound. No Straight Lines has been heralded by people interested in comics history, and people invested in LGBT culture will embrace it as a unique and invaluable collection.

(Piano Vocal). This sheet music features an arrangement for piano and voice with guitar chord frames, with the melody presented in the right hand of the piano part as well as in the vocal line.

Introducing an unofficial Minecraft-fan adventure inspired by the bestselling game! What if Minecraft came into real life? What if the Minecraft characters that you know and love popped into your house?! "This is the story of how I accidentally broke Minecraft (it wasn't really my fault) and the Minecraft characters came into the world, our world, ma-freakin' planet Earth! You heard me right. Minecraft came into real life! Let me put that another way: Minecraft came into MY ROOM! When Minecraft first decided to appear in my room, things were horrible. You'd expect things to be good, but if you think about it, how do you explain to your parents your new pet pig and your new best friend, Steve? How do you explain to your parents that the reason your room is half-missing is because Steve needed to chop it down block by block so he could make a crafting table. How do you explain these things???" "Minecraft In Real Life" is an action-packed, charming novel featuring a nine-year-old girl and her friend Henry as they embark on real life adventures with Steve, from the Minecraft game. It's a fantastic story with a strong theme of overcoming bullying and being yourself no matter what anyone else thinks. Great for kids ages 7-13. Disclaimer: This book is not authorized, sponsored, endorsed or licensed by Mojang AB, Microsoft Corp. or any other person or entity owning or controlling any rights to the Minecraft name, trademarks or copyrights. This wasn't in the sheet music. 17-year-old Pippa Wyndham is a top cellist, never settling for second chair. But she faces stiff competition from cocky Declan Brogan, a transfer student who matches her in ambition and talent. Forced together for a duet, the battle gets heated. But as the recital approaches and their rivalry evolves, Pippa finds herself at risk of losing her best friend, her future, and the boy she's falling for. An orchestral YA romance in the key of Jennifer L. Armentrout and Always and Forever, Lara Jean. boosts#toggleFormOnEscOrEnter" data-boosts-adding-class="boosts--adding" data-boosts-deleting-class="boost--deleting">

Songs written for Disney productions over the decades have become a potent part of American popular culture. Since most Americans first discovered these songs in their youth, they hold a special place in one's consciousness. The Disney Song Encyclopedia describes and discusses hundreds of famous and not-so-famous songs from Disney films, television, Broadway, and theme parks from the 1930s to the present day. Over 900 songs are given individual entries and presented in alphabetical order. The songwriters and original singers are identified, as well as the source of the song and other venues in which it might have been used over the years. Notable recordings of the song are also listed. But most important, the song is described and what makes it memorable is discussed. This is not a reference list but a true encyclopedia of Disney songs. The book also contains a preface describing the criteria for selecting the songs, a glossary of song terms, a list of all the Disney songs and their sources, a songwriter's directory in which every song by each composer/lyricist is listed, a bibliography, a guide to recordings and DVDs of Disney productions, and an index of people and titles.

Paul McCartney and John Lennon described him as the Beatles' "favorite group," he won Grammy awards, wrote and recorded hit songs, and yet no figure in popular music is as much of a paradox, or as underrated, as Harry Nilsson. In this first ever full-length biography, Alyn Shipton traces Nilsson's life from his Brooklyn childhood to his Los Angeles adolescence and his gradual emergence as a uniquely talented singer-songwriter. With interviews from friends, family, and associates, and material drawn from an unfinished autobiography, Shipton probes beneath the enigma to discover the real Harry Nilsson. A major celebrity at a time when huge concerts and festivals were becoming the norm, Nilsson shunned live performance. His venue was the studio, his stage the dubbing booth, his greatest triumphs masterful examples of studio craft. He was a gifted composer of songs for a wide variety of performers, including the Ronettes, the Yardbirds, and the Monkees, yet Nilsson's own biggest hits were almost all written by other songwriters. He won two Grammy awards, in 1969 for "Everybody's Talkin'" (the theme song for Midnight Cowboy), and in 1972 for "Without You," had two top ten singles, numerous album successes, and wrote a number of songs--"Coconut" and "Jump into the Fire," to name just two--that still sound remarkably fresh and original today. He was once described by his producer Richard Perry as "the finest white male singer on the planet," but near the end of his life, Nilsson's career was marked by voice-damaging substance abuse and the infamous deaths of both Keith Moon and Mama Cass in his London flat. Drawing on exclusive access to Nilsson's papers, Alyn Shipton's biography offers readers an intimate portrait of a man who has seemed both famous and unknowable--until now.

(Ukulele). 15 of the most popular songs of the year arranged for the uke, including: Cake by the Ocean * Can't Stop the Feeling * Cheap Thrills * H.O.L.Y. * I Took a Pill in Ibiza * Just like Fire * Lost Boy * One Call Away * 7 Years * Stressed Out * When We Were Young * and more.
