"Why Conexiones? Welcome to the sixth edition of Conexiones: Comunicación y cultura! Since the very beginning we have worked to provide a complete intermediate program that brings a broad learner audience to a true intermediate level of proficiency. With each edition, we strive to provide continuity from first- to second-year Spanish with engaging and pedagogically sound materials. After completion of our program, when learners go to use Spanish in their work or personal lives, they will have developed confidence in the language and the ability to express themselves on topics relevant to the issues of our time. Why is Conexiones such an effective tool for language learning? Because it provides solutions to the most common challenges of language teaching: ? A solid yet flexible bridge

from introductory to intermediate Spanish. Our program meets learners where they are, and allows instructors the flexibility of adapting lessons to varying needs and levels. Conexiones takes learners from speaking words and phrases to creating with language; from writing lists and short messages to expressing meaning in practical ways; from understanding of key words and cognates to understanding simple speech and texts. Our program guides learners to an intermediate high level of proficiency as defined by ACTFL's Proficiency Guidelines 2012"--

- Guides students in the preparation of literature reviews for term projects, theses, and dissertations.
- Most chapters are conveniently divided into easy-to-follow guidelines, sequential steps, or checklists. Numerous examples throughout the book show students what should and should not be done when writing reviews.
- Emphasizes critical analysis of reports of empirical research in academic journals—making it ideal as a supplement for research methods courses. This book makes it possible for students to work independently on a critical literature review as a term project.
- Nine model literature reviews at the end of the book provide the stimulus for homework assignments and classroom discussions.
- The activities at the end of each chapter keep students moving toward their goal of writing a polished, professional review of academic literature.
- Most examples include material from recently published research. Includes nine model literature reviews for discussion and evaluation.

Realidades 4 Digital Edition ©2014 provides standards-based instruction that seamlessly integrates vocabulary, grammar, communication, culture, and digital learning for upper level Spanish. This text features 12 thematic chapters with a focus on the integration of language and contemporary culture, a review and expansion of vocabulary and grammar, and extensive practice in the three modes of communication (interpretive, interpersonal, and presentational). The cultural themes allow for a deeper exploration of cultural products, practices, perspectives, and comparisons. Realidades 4 can be used effectively as the fourth year program in an articulated sequence of instruction, as a pre-AP text to *Abriendo paso* ©2014, or as the core text in an AP course. The program resources are available in print, on DVD-ROM, or online. The Digital Courseware, [realidades.com](http://realidades.com), offers the newest and most powerful online learning system available in any high school Spanish program. Choose the Student Edition format the works for you! Print + Digital: Includes a print Student Edition with 6-year access to [realidades.com](http://realidades.com) eText + Digital: Includes the online Student Edition eText with 6-year or 1-year access to [realidades.com](http://realidades.com) Standalone Student Edition eText: Includes the online Student Edition eText with 6-year or 1-year license, but the license does not include access to [realidades.com](http://realidades.com) or teacher resources

Experience Spanish: *Un mundo sin límites*, presents vocabulary and grammar in action through culture. With emphasis on the 5C's, the Experience Spanish program delivers dynamic opportunities for communicative practice in all course delivery formats built upon the following principles: Culture is core: Culture is infused throughout the program. The students' cultural experience and exposure is not limited to special cultural sections, but rather embedded in presentations as well as in vocabulary and grammar practice. The dedicated cultural sections are rich and varied: *Entrada cultural*, *Expresiones artísticas*, *Notas culturales*, *Notas interdisciplinarias*, *Lectura cultural*, *Concurso de videoblogs*, *Conexiones culturales en vivo*, and *Conexiones culturales*. These readings, videos, notes, and fine art presentations offer students extensive cultural perspectives and promote cross-cultural comparisons and connections. Language in action: Vocabulary in Experience Spanish is presented visually through colorful, engaging illustrations, and put into action with personal and communicative activities. Grammar points are introduced with contextualized short dialogues or cultural readings that immediately illustrate the concepts in action, allowing students to experience the structures in context before focusing on the forms and rules. Personalized experience: No two students are alike. Why should their learning paths be? LearnSmart uses revolutionary adaptive technology to build a learning experience unique to each student's individual needs. Students engage in targeted vocabulary and grammar practice so they are prepared to practice communication in the classroom. To further the personalized experience, we're excited to announce the interactive 3-D game, *Practice Spanish: Study Abroad*, that immerses students in a virtual study abroad experience in Colombia. *Practice Spanish*, accessible on laptops and mobile devices, allows students to practice real world language in a game environment that integrates culture, grammar, and vocabulary. Experience Spanish everywhere: *Connect* is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective. \**Connect Spanish*, including but not limited to the workbook/lab manual, LearnSmart, *Practice Spanish: Study Abroad*, the video program, and chat tools, is sold separately and does not come automatically with the purchase of the textbook.

After the highly successful launch of this popular, college-level intermediate French program, the Second Edition of *Réseau: Communication, Intégration, Intersections* expands upon the features that have made it so popular in two- and four-year colleges and universities around the world. *Réseau* conceives of the teaching of French as a holistic endeavor, not only in terms of language skills--speaking, listening, reading, and writing--but also in terms of cultural knowledge in the broadest sense. Based on the belief that knowledge of a second language and culture necessarily brings about a greater understanding not only of the world in an increasingly global context, but also of the individual self, the content and activities in *Réseau* offer students the opportunity to reflect on the differences between their own and French and Francophone cultures and experiment with the new identities that so many researchers suggest language learning can encourage.

The Student Activities Manual contains workbook, lab, and video activities that provide important additional practice of topics in the text. The Workbook section, which parallels the organization of the units in the text, includes activities to reinforce the vocabulary and grammar learned in class as well as practice to help develop reading and writing skills. The Lab section contains a variety of listening activities for each unit to build comprehension of spoken Spanish. The Video section of the SAM provides pre- and post-viewing activities that correspond to each episode of the *Caminos del jaguar* video.

This content-rich, culture-based intermediate Spanish text provides a smooth transition between first-year and second-year Spanish texts. The text's highly effective integration of language skills instruction and content, coupled with the application of technology, fully meets the five standards defined by the National Standards in Foreign Language Education Project. The main goal of these texts is to provide intermediate level students of Spanish with a foreign language experience that takes them from the practical language knowledge needed to carry out daily tasks to a more meaningful understanding of Hispanic cultures. *Mastering Intermediate Spanish* is designed specifically for those with a strong intermediate level background who are able to more quickly move to a more advanced level.
