Criminology Skills covers both criminological study skills and research skills in one volume, giving students the skills they need to succeed in the study of criminology. A three-part structure covers finding source materials, academic skills, study skills, and research methodology, guiding students through a range of skills and methods which they will need to practise and demonstrate in their degree. Topics covered include finding and evaluating criminological resources, referencing and avoiding plagiarism, preparing for exams, planning a research project, data analysis and much more. Criminology Skills first helps students to establish a strong and comprehensive skills foundation before building to a more advanced level, increasing their competence and confidence with which to approach projects.

Online resources The text is accompanied by the following online resources: -Practical exercises -Animated walk-throughs showing how to use online databases -Activities to help students test their understanding of ethical considerations and of the differences between quantitative and qualitative research methods

This sociological introduction provides a much-needed textbook for an increasingly popular area of study. Written by a team of authors with a broad range of teaching and individual expertise, it covers almost every module offered in UK criminological courses and will be valuable to students of criminology worldwide. It covers: key traditions in criminology, their critical assessment and more recent developments new ways of thinking about crime and control, including crime and emotions, drugs and alcohol, from a public health perspective different dimensions of the problem of crime and misconduct, including crime and sexuality, crimes against the environment, crime and human rights and organizational deviance key debates in criminological theory the criminal justice system new areas such as the globalization of crime, and crime in cyberspace. Specially designed to be user-friendly, each chapter contains boxed material on current controversies, key thinkers and examples of crime and criminal justice around the world with statistical tables, maps, summaries, critical thinking questions, annotated references and a glossary of key terms, as well as further reading sections and additional resource information as weblinks.

This is an essential introduction to undergraduate studies in criminology. Short, clear and concise, it provides a comprehensive overview of the key themes covered on your criminology course. The second edition provides: Summaries of key course content, including new sections on race and ethnicity, cybercrime, ordinary crime, state crime, global and comparative criminology, green criminology and zemiology A helpful study skills section with extensive advice on how to write essays and pass exams, including new sections on how to avoid plagiarism and how to find, read and use journal articles Recent international case studies drawn from the United Kingdom, Australia, Africa and The United States An all new companion website providing guides to further reading and links to relevant blogs, journal articles and useful websites Criminology: The Essentials is an indispensable learning tool. As well as mapping out course content in a coherent and engaging way, it offers helpful hints and tips for getting the most out of your studies.

The Handbook of Asian Criminology aims to be a key reference for international scholars with an interest in the broad theme of international criminology in general, and the Asian region in particular. Contextualization is a key theme in this book. The role of context is often underemphasized in international criminology, so the Handbook of Asian Criminology's premise that crime and the responses to it are best understood as deeply embedded in the cultural specificity of the environment which produces them will play a key role throughout the work. Attention will be given to country- and
