A witty and addictively readable day-by-day literary companion. At once a love letter to literature and a charming guide to the books most worth reading, A Reader's Book of Days features bite-size accounts of events in the lives of great authors for every day of the year. Here is Marcel Proust starting In Search of Lost Time and Virginia Woolf scribbling in the margin of her own writing, "Is it nonsense, or is it brilliance?" Fictional events that take place within beloved books are also included: the birth of Harry Potter's enemy Draco Malfoy, the blood-soaked prom in Stephen King's Carrie. A Reader's Book of Days is filled with memorable and surprising tales from the lives and works of Martin Amis, Jane Austen, James Baldwin, Roberto Bolano, the Brontë sisters, Junot Díaz, Philip K. Dick, Charles Dickens, Joan Didion, F. Scott Fitzgerald, John Keats, Hilary Mantel, Haruki Murakami, Flannery O'Connor, Orhan Pamuk, George Plimpton, Marilynne Robinson, W. G. Sebald, Dr. Seuss, Zadie Smith, Susan Sontag, Hunter S. Thompson, Leo Tolstoy, David Foster Wallace, and many more. The book also notes the days on which famous authors were born and died; it includes lists of recommended reading for every month of the year as well as snippets from book reviews as they appeared across literary history; and throughout there are wry illustrations by acclaimed artist Joanna Neborsky. Brimming with nearly 2,000 stories, A Reader's Book of Days will have readers of every stripe reaching for their favorite books and discovering new ones.

Days in the Lives of Social Workers is a collection of first-person narratives describing typical days in the lives of 62 social workers in a variety of settings and roles. Appendices list organizations, websites, government resources, social media, blogs, and podcasts related to social work.

Days of our Lives 45 years a celebration in photos is an unprecedented photographic journey behind the scenes of the longest-running scripted program in NBC's history.

Fifty different case workers are profiled, including their job responsibilities and daily interactions, as the work is studied in a readable, organized manner. Positions include hospital social work in the emergency room, criminal justice social work, educational social work, group home manager, substance abuse social work, and private practice in a variety of settings.

This book is for counselors and counselors-in-training who are interested in exploring the many employment options that are available to persons with a graduate degree in counseling. Days in the Lives of Counselors is a collection of personal essays from counselors, each of whom has presented a description of his or her own unique and rewarding experiences. Each offers descriptions of his or her typical activities, including the challenges, the paperwork, the meetings, the successes, and even the frustrations. Many also share their hints on surviving the stresses that are inherent in a career in

counseling. The chapters are clustered in categories within similar settings, but each person's experience is unique and different. In addition to school and college counselors, counselor educators, and mental health counselors, contributors include a sexologist, an editor, a gerontologist, an addictions specialist, a counselor who is a part-time deputy sheriff, and a professional association manager. Also included are two international stories, one by a school counselor working in Guam and another by a school counselor who worked in Africa. But all of the essays have one thing in common they are written by counselors who love their work.

Follow the real lives of seven kids from Italy, Japan, Iran, India, Peru, Uganda, and Russia for a single day! In Japan Kei plays Freeze Tag, while in Uganda Daphine likes to jump rope. But while the way they play may differ, the shared rhythm of their days—and this one world we all share—unites them. This genuine exchange provides a window into traditions that may be different from our own as well as a mirror reflecting our common experiences. Inspired by his own travels, Matt Lamothe transports readers across the globe and back with this luminous and thoughtful picture book.

On November 8, 1965, *Days of Our Lives* debuted on NBC. The show overcame a rocky beginning to become one of the best-loved and longest running soap operas on daytime television. For 30 years, the story of the show's Horton family has been closely followed by a dedicated audience. Through extensive research, including the first-ever examination of the show's archives, and interviews with cast members, writers, producers and production personnel, the show's history is told here. This reference work provides a complete cast list from the show's debut through 1994, as well as the most comprehensive storyline of the show ever available. Also included are family trees of the show's characters, tracing the often confusing relationships involved in thirty years of developing roles.

A revealing and entertaining look at the world, as viewed through mathematical eyeglasses. From the moment our feet touch the floor in the morning until our head hits the pillow, numbers are everywhere. And yet most of us go through each day unaware of the mathematics that shapes our lives. In fact, many people go through life fearing and avoiding mathematics, making choices that keep it at arm's length or further. Even basic math – like arithmetic – can seem baffling. In *Our Days Are Numbered*, Jason Brown leads the reader through a typical day, on a fascinating journey. He shows us the world through a mathematician's eyes and reveals the huge role that mathematics plays in our lives. It lies hidden within the electronics we use, the banking we do, and even the leisure activities we enjoy. Whether we're putting a down payment on a new car, reading the financial pages, or listening to our favourite songs, math is behind it all. At once entertaining and informative, *Our Days Are Numbered* covers an array of mathematic concepts and explores the hidden links between mathematics and everyday life. Brown reveals that a basic understanding of math can make us more creative in the way we approach the world.
