A dead boy (Pallas) and the death of a girl (Camilla) loom over the opening and the closing part of the eleventh book of the Aeneid. Following the savage slaughter in Aeneid 10, the book opens in a mournful mood as the warring parties revisit yesterday's killing fields to attend to their dead. One casualty in particular commands attention: Aeneas's protégé Pallas, killed and despoiled by Turnus in the previous book. His death plunges his father Evander and his surrogate father Aeneas into heart-rending despair — and helps set up the foundational act of sacrificial brutality that caps the poem, when Aeneas seeks to avenge Pallas by slaying Turnus in wrathful fury. Turnus's departure from the living is prefigured by that of his ally Camilla, a maiden schooled in the martial arts, who sets

the mold for warrior princesses such as Xena and Wonder Woman. In the final third of Aeneid 11, she wreaks havoc not just on the battlefield but on gender stereotypes and the conventions of the epic genre, before she too succumbs to a premature death. In the portions of the book selected for discussion here, Virgil offers some of his most emotive (and disturbing) meditations on the tragic nature of human existence – but also knows how to lighten the mood with a bit of drag. This course book offers the original Latin text, vocabulary aids, study questions, and an extensive commentary. Designed to stretch and stimulate readers, Ingo Gildenhard 's volume will be of particular interest to students of Latin studying for A-Level or on undergraduate courses. It extends beyond detailed linguistic analysis to encourage critical engagement with Virgil 's poetry and the most recent scholarly thought. King's College,

The bicycle is fast becoming a ubiquitous form of transportation in cities all over the world, making our urban spaces more efficient, more livable and healthier. But many of those bicycles disappear into basements and garages when the warm months end, parked there by owners fearful of the cold, snow and ice that winter brings. But does it have to be that way? Canadian writer and journalist Tom Babin started questioning this dogma after being stuck in winter commuter traffic one dreary and cold December morning and dreaming about the happiness that bicycle commuting had brought him all summer long. So he did something about it. He pulled on some thermal underwear, dragged his bike down from the rafters of his garage and set out on a mission to answer a simple but beguiling question: is it possible to happily ride a bike in winter? That question took him places he never expected. Over years of trial and error,

Access Free Devil Take The Hindmost Wiktionary

research and more than his share of snow and ice, he discovered an unknown history of biking for snow and ice, and a new generation designed to make riding in winter safe and fun. He unearthed the world ' s most bike-friendly winter city and some new approaches to winter cycling from places all over the world. He also looked inward, to discover how the modern world shapes our attitudes toward winter. And perhaps most importantly, he discovered the unique kind of bliss that can only come by pedalling through softly falling snow on a quiet winter night.
