The preference for arbitration, over the regime of the courts, in domestic and international disputes is natural. The arbitration awards are final and binding on the parties and can be challenged only in exceptional circumstances.The parties are free to choose their own arbitrator, rules and procedure.

News | New York Post

Across the 11,000-square-foot printing floor, past 17 ink-stained engraving presses dating as far back as the 1880s, is a modern five-color offset printer, a far cheaper, easier way to print.

In a single volume, the new edition of this guide gives comprehensive coverage of the developments within the fast-changing field of professional, academic and vocational qualifications..Fully indexed, it provides details on all university awards and over 200 career fields, their professional and accrediting bodies, levels of membership and qualifications, and is a one-stop guide for careers advisors, students and parents. It should also enable human resource managers to verify the qualifications of potential employees.

Highly illustrated and easy to read, this text covers the specific challenges faced by the construction industry as well as the basics of occupational safety and health in general. It includes checklists, report forms, and record sheets.

This concise guide provides all the content you need for the IB Diploma in Biology at both Standard and Higher Level.* Follows the structure of the IB Programme exactly and include all the options* Each topic is presented on its own page for clarity* Standard and Higher Level material clearly indicated* Plenty of practice questions* Written with an awareness that English may not be the reader's first language

In recent years, growing attention has been focussed on real estate education. The objective of Real Estate Education Throughout The World: Past, Present and Future is to document the current status and perspectives of real estate education and the underlying research throughout the world. The intent is to inform students, academics and practitioners about the situation in the widest possible range of countries and to provide a foundation for the future of the real estate discipline. The structure of this monograph follows the organisation of the world-wide network of real estate societies. In Part 1, Stephen E. Roulac sets the framework for the other contributions. Part 2 contains 20 chapters that examine real estate education in Europe. Part 3 consists of two articles covering North America. Part 4 includes two chapters dealing with Latin America. In Part 5, 8 countries in Asia are examined. Part 6 contains two chapters covering the Pacific Rim. Finally, Part 7 focuses on Africa. This collection of papers is unique, in the sense that 50 authors have contributed to the monograph and 37 countries or regions in total are covered. The editor does not know of any comparable book.

Professor Pan Maoyuan is a distinguished educationist on higher education in China. This anthology includes Pantis representative essays at different times, which are independent from but have logical connections with one another.

To support the broadening spectrum of project delivery approaches, PMI is offering A Guide to the Project Management Body of Knowledge (PMBOK® Guide) | Sixth Edition as a bundle with its latest, the Agile Practice Guide. The PMBOK® Guide | Sixth Edition now contains detailed information about agile; while the Agile Practice Guide, created in partnership with Agile Alliance®, serves as a bridge to connect waterfall and agile. Together they are a powerful tool for project managers. The PMBOK® Guide | Sixth Edition | PMI's flagship publication has been updated to reflect the latest good practices in project management. New to the Sixth Edition, each knowledge area will contain a section entitled Approaches for Agile, Iterative and Adaptive Environments, describing how these practices integrate in project settings. It will also contain more emphasis on strategic and business knowledge,including discussion of project management business documents,and information on the PMI Talent Triangle| and the essential skills for success in today's market. Agile Practice Guide has been developed as a resource to understand, evaluate, and use agile and hybrid agile approaches. This practice guide provides guidance on when, where, and how to apply agile approaches and provides practical tools for practitioners and organizations wanting to increase agility. This practice guide is aligned with other PMI standards, including A Guide to the Project Management Body of Knowledge (PMBOK® Guide) | Sixth Edition, and was developed as the result of collaboration between the Project Management Institute and the Agile Alliance.

The Construction Chart Book presents the most complete data available on all facets of the U.S. construction industry; economic, demographic, employment/income, education/training, and safety and health issues. The book presents this information in a series of 50 topics, each with a description of the subject matter and corresponding charts and graphs. The contents of The Construction Chart Book are relevant to owners, contractors, unions, workers, and other organizations affiliated with the construction industry, such as health providers and workers compensation insurance companies, as well as researchers, economists, trainers, safety and health professionals, and industry observers.
