Thoroughly revised, updated, and expanded, The SAGE Encyclopedia of Business Ethics and Society, Second Edition explores current topics, such as mass social media, cookies, and cyber-attacks, as well as traditional issues including accounting, discrimination, environmental concerns, and management. The new edition also includes an in-depth examination of current and recent ethical affairs, such as the dangerous work environments of off-shore factories for Western retailers, the negligence resulting in the 2010 BP oil spill, the gender wage gap, the minimum wage debate and increasing income disparity, and the unparalleled level of debt in the U.S. and other countries with the challenges it presents to many societies and the considerable impact on the ethics of intergenerational wealth transfers. Key Features Include: Seven volumes, available in both electronic and print formats, contain more than 1,200 signed entries by significant figures in the field Cross-references and suggestions for further readings to guide students to in-depth resources Thematic Reader's Guide groups related entries by general topics Index allows for thorough browse-and-search capabilities in the electronic edition

"This research book is a repository for academicians, researchers, and industry practitioners to share and exchange their research ideas, theories, and practical experiences, discuss challenges and opportunities, and present tools and techniques in all aspects of e-business development and management in the digital economy"--Provided by publisher.

This comprehensive A-to-Z reference is comprised of detailed and authoritative entries on every aspect of the great composer's life. Ludwig van Beethoven is one of the most famous and revered composers in classical music. His instantly recognizable concertos and symphonies continue to be among the most performed by symphonies across the globe. In this definitive reference volume, eminent musicologist Paul Nettl provides students and researchers with an

in-depth biographical resource organized in alphabetical entries. The Beethoven Encyclopedia covers the German composer's music, personal life, and patrons, among other topics, such as the forces that inspired his genius.

"A model reference work that can be used with profit and delight by general readers as well as by more advanced students of Twain. Highly recommended."
- Library Journal The Routledge Encyclopedia of Mark Twain includes more than 700 alphabetically arranged entries that cover a full variety of topics on this major American writer's life, intellectual milieu, literary career, and achievements. Because so much of Twain's travel narratives, essays, letters, sketches, autobiography, journalism and fiction reflect his personal experience, particular attention is given to the delicate relationship between art and life, between artistic interpretations and their factual source. This comprehensive resource includes information on: Twain's life and times: the author's childhood in Missouri and apprenticeship as a riverboat pilot, early career as a journalist in the West, world travels, friendships with well-known figures, reading and education, family life and career Complete Works: including novels, travel narratives, short stories, sketches, burlesques, and essays Significant characters, places, and landmarks Recurring concerns, themes or concepts: such as humor, language; race, war, religion, politics, imperialism, art and science Twain's sources and influences. Useful for students, researchers, librarians and teachers, this volume features a chronology, a special appendix section tracking the poet's genealogy, and a thorough index. Each entry also includes a bibliography for further study.
