A discipline is a fusion of financial theory (with its origins in economics) and financial analysis (which is linked to accounting). Explores the underlying theories of corporate finance and examines the application of these theories in the Southern African context.

This newly updated edition of a highly regarded the principles of macroeconomics text provides your students with the most up-to-date information available. Cases, tables, data, and more were updated to reflect 2003 data. The text also has a four-color internal and full supplement package that complements the text's superb conversational style, which engages students like none other. Principles of Macroeconomics, 4e represents the results Fred Gottheil's career as an outstanding professor and author. This edition is maintains the proven structure and style of previous editions while updating content to make it even more valuable to professors and students alike. The author continues to use familiar stories, illustrations, scenarios, and a direct-to-student writing style to appeal to students' interests. The narrative is built around questions, which cut the distance between the student and the unfamiliar concepts of economics. Instead of covering hundreds of topics superficially, the book presents basic concepts in depth and develops economic analysis step-by-step. The result learning economics becomes relative, interactive and appealing versus mere passive course participation.

Comprehensive outline on Income Tax law with detailed explanations of relevant law, capsule summary, and exam tips.

This authors of this text recognize the need to standardize accounting practices. Adopting a critical viewpoint, they examine the theories and aim to illustrate aspects of South African accounting statements and guidelines and give background information on controversial issues.

This text is designed to provide insight into the transactional legal needs of the entrepreneur. It is written to provide both business and law students with a foundational understanding of the doctrinal areas of the law that impact the entrepreneurial endeavor. Substantively,

coverage begins with taking the entrepreneur from the initial business plan through choice of business entity and corporate governance considerations. It then moves to address the use, analysis, and drafting of transactional documents typically used in the conduct of business. This is followed by chapters covering applied intellectual property law and protection of intellectual property. Coverage concludes with a focus on methods of financing the business entity.
