The New York Times bestseller that is a must-read for any parent! From Beth Kobliner, the author of the bestselling personal finance bible *Get a Financial Life*—a new, must-have guide showing parents how to teach their children (from toddlers to young adults) to manage money in a smart way. Many of us think we can have the “money talk” when our kids are old enough to get it...which won't be for years, right? But get this: Research shows that even preschoolers can understand basic money concepts, and a study from Cambridge University confirmed that basic money habits are formed by the age of seven. Oh, and research shows the number one influence on kids' financial behaviors is mom and dad. Clearly, we can't afford to wait. *Make Your Kid a Money Genius (Even If You're Not)* is a jargon-free, step-by-step guide to help parents of all income levels teach their kids—from ages three to twenty-three—about money. It turns out the key to raising a money genius isn't to teach that four quarters equal a dollar or how to pick a stock. Instead, it's about instilling values that have been proven to make people successful—not just financially, but in life: delaying gratification, working hard, living within your means, getting a good education, and acting generously toward others. More specifically, you'll learn why allowance isn't the Holy Grail when teaching your kid to handle money, and why after-school jobs aren't always the answer either. You'll discover the right age to give your kid a credit card, and learn why doling out a wad of cash can actually be a good parenting move. You don't need to be a money genius to make your kid a money genius. Regardless of your comfort level with finance—or your family's income—this charming and fun book is an essential guide for passing along enduring financial principles, making your kids wise beyond their years—and peers—when it comes to money.

The word “stock market” creates a lot of buzz these days but it can be confusing for kids. The purpose of this book is not necessarily to equip your child with the knowledge to trade, but to encourage him/her to appreciate how stocks work. Shape your child's understanding of the world of finance. Add this book to your child's collection today!

From saving for a new bike to investing their allowance online, kids get the "cents" they need with this. Kids will also learn: How coins and bills are made. What money can buy--from school supplies to fun and games. How credit cards work. Ways to watch money grow--from savings to stocks. Cool financial technology. And more! Saving money isn't about a piggy bank anymore. Today's kids are investing money, starting their own small businesses, and watching their savings earn interest. This book will teach kids all they need to know about the "green" they earn so they can save or spend it wisely. This edition includes completely new material on online banking, opening a bank account, and saving allowance.

From money recognition to real estate investing, Andrea and Linsey, help parents and educators introduce kids to a variety of money topics in a fun, understandable, and engaging manner. Use the 110+ games/activities, tips, and resources to teach kids financial literacy at an early age.

How do we equip the next generation with money management skills that they can carry forth into their adult lives? When it comes to teaching your children about money, think of it as teaching them survival skills. If you do not teach them about money-earning, saving, investing, shopping and credit-it will be left to trial and error, which could prove costly and time-consuming. Parents reading this book would take this opportunity to be the primary educators for your children's financial foundation. Others can teach children with creating healthy relationships between kids and money. Be comfortable, be confident, carefully read and analyze each main point of these teaching methods that help your kids develop great financial habits, establish financial awareness, give appropriate decisions for setting and achieving goals. Through your sacred love for your kids, put this book knowledge into practice as one of your sacred duties.

From the creators of *Biz Kid\$* and *Bill Nye the Science Guy*, here is a comprehensive guide for kids to the basics of earning, saving, spending, and investing money. Written in a humorous but informative voice that engages young readers, it ' s the book that every parent who wants to raise financially savvy and unspoiled children should buy for their kids. It is packed with lively illustrations to make difficult concepts easy to understand—all as a way of building financial literacy, good decision-making, and the appreciation of a hard-earned dollar.
