Up close with the ocean's most fearsome and famous predator and the scientists who study them—just twenty-six miles from the Golden Gate Bridge! A few miles from San Francisco lives a population of the ocean's largest and most famous predators. Each fall, while the city's inhabitants dine on steaks, salads, and sandwiches, the great white sharks return to California's Farallon Islands to dine on their favorite meal: the seals that live on the island's rocky coasts. Massive, fast, and perfectly adapted to hunting after 11 million years of evolution, the great whites are among the planet's most fearsome, fascinating, and least understood animals. In the fall of 2012, Katherine Roy visited the Farallons with the scientists who study the islands' shark population. She witnessed seal attacks, observed sharks being tagged in the wild, and got an up close look at the dramatic Farallons—a wildlife refuge that is strictly off-limits to all but the scientists who work there. Neighborhood Sharks is an intimate portrait of the life cycle, biology, and habitat of the great white shark, based on the latest research and an up-close visit with these amazing animals.

Sally the Shark just wants to dance and make friends. Can her dreams of being a ballerina come true or will her shark teeth scare everyone away? Sally the Shark is a story of friendship, courage and giving others a chance.

Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

Discusses the history and techniques of swimming and diving, safety rescue techniques, and skills for a variety of aquatic activities.

Air Force Handbook 10-644 Survival Evasion Resistance Escape (SERE) Operations 27 March 2017 This handbook describes the various environmental conditions affecting human survival, and describes isolated personnel (IP) activities necessary to survive during successful evasion or isolating events leading to successful recovery. It is the fundamental reference document providing guidance for any USAF service member who has the potential to become isolated; deviations require sound judgment and careful consideration. This publication provides considerations to be used in planning and execution for effective mission accomplishment of formal USAF Survival, Evasion, Resistance, and Escape (SERE) training, environmentally specific SERE training, and combat survival continuation training programs. The tactics, techniques, and procedures in this publication are recognized best practices presenting a solid foundation to assist USAF service members to maintain life and return with honor from isolating events.

Do you find fun in pun? Perhaps you are looking for a few puns on the run? Follow the characters of Comedic Destruction in Daze and Knights as they take you on a mind-stimulating, language-enhancing journey. Puntastic and fantastic, this book will massage your intellect, and provide your laugh muscles some 'much-kneaded' exercise via wordplay vignettes!The book is divided into several chapters. The first chapter, "Their Eyes Were Watching Job," is a collection of stories in an occupational setting or regarding a business transaction. "I Think Yet I Cram" features tales of students and teachers and, more generally, intellectual high jinks. The third chapter, "Empty Cow or Rheas: I Love My Shakes Pear," is, as you'd imagine, a collection of tales involving food; although it should be noted that these wordplays have little or no nutritional value. The final chapter, "I've Been Around: Whirled without End," features stories of characters in motion.Daze and Knights contains fun puns for everyone, enhanced by talented illustrator, Megan Nolton. This wild and witty work promises a few dozen laughs along the journey, as you'll discover, from cover to cover.

When Emanuel becomes frightened in bed one night, his Mom comes and sings him his favorite song. Before long, Emanuel is fast asleep, but then, that is when things take a strange and unexpected turn! A mysterious owl named Mr. Kitch transports Emanuel to the strange and peculiar "Bouncy Land." There, Emanuel experiences a thrilling adventure, with underground rivers, a pink dolphin, a pangolin and a flying shark called Dani Zuckow, who sees Emanuel as a threat and wants him dead! Can Emanuel survive? Will he find his way home in the end? Find out in this thrilling adventure with a twist. Ideal for young children and packed full of beautiful imagery.

While battling villains, the members of a superhero team still find time to worry about having fun and finding dates.

Ages 4-10. Inspire wonder and awe for the ocean and its real-life animals through this undersea Halloween adventure! Ray the flashlight fish is a unique fish with the ability to glow whenever he gets scared. This wonderful talent might just prove useful as he attends his very first Halloween party at an old sunken shipwreck in the moonlit ocean shallows. Join Ray on his adventure as he bravely explores the dimly lit ship and encounters the strangest of creatures. While they may initially give Ray a fright, he soon realizes that his friends the ghost crab, the vampire squid, the goblin shark and many more are the perfect friends to spend time with at Halloween!
