Influenced by its neighbours and the countries closest to it, Burmese food draws techniques and ingredients from Thailand, India and China but uses flavours of its own to make something subtle, delicious and unique. The food of Burma is little known, but MiMi seeks to change that within these pages, revealing its secrets and providing context to each recipe with stories from her time in Burma and her family's heritage. Beginning with a look at the ingredients that makes Burmese food unique - as well as suitable alternatives - MiMi goes on to discuss the special techniques and equipment needed before delving into chapters such as fritters, rice and noodles, salads, meat and fish and sweet snacks. Within these pages you'll find 100 incredible recipes, enabling you to create a taste of Burma in your own kitchen.

The Feed Zone Cookbook offers 150 athlete-friendly recipes that are simple, delicious, and easy to prepare. When Dr. Allen Lim left the lab to work with pro cyclists, he found a peloton weary of food. For years the sport's elite athletes had been underperforming on bland fare and processed bars and gels. Science held few easy answers for nutrition in the real world, where hungry athletes must buy ingredients; make meals; and enjoy eating before, during, and after each workout, day after day. So Lim set out to make eating delicious and practical. His journey began with his mom, took him inside the kitchens of the Tour de France, and delivered him to a dinner party where he met celebrated chef Biju Thomas. Chef Biju and Dr. Lim vetted countless meals with the world's best endurance athletes in the most demanding test kitchens. In *The Feed Zone Cookbook: Fast and Flavorful Food for Athletes*, Thomas and Lim share their energy-packed, wholesome recipes to make meals easy to prepare, delicious to eat, and better for performance. The Feed Zone Cookbook provides 150 delicious recipes that even the busiest athletes can prepare in less time than it takes to warm up for a workout. With simple recipes requiring just a handful of ingredients, Biju and Allen show how easy it is for athletes to prepare their own food, whether at home or on the go. The Feed Zone Cookbook strikes the perfect balance between science and practice so that athletes will change the way they think about food, replacing highly processed food substitutes with real, nourishing foods that will satisfy every athlete's cravings. The Feed Zone Cookbook includes 150 delicious recipes illustrated with full-color photographs Breakfasts, lunches, recovery meals, dinners, snacks, desserts Dr. Allen Lim's take on the science and practice of food Portable real food snacks, including Lim's famous rice cakes Dozens of quick-prep meals for before and after workouts Shortcuts, substitutions, and techniques to save time in the kitchen Over 100 gluten-free and vegetarian alternatives to favorite dishes
