A beautiful gift edition of this instant classic exclusively for graduates, with a special letter from Eric Metaxas to those entering the next phase of life's journey. What makes a great man great? In *Seven Men*, New York Times bestselling author Eric Metaxas explores that most important of questions in through the captivating stories of some of the greatest men who have ever lived. How did George Washington resist the temptation to become the first king of America, and why did William Wilberforce give up the chance to be prime minister of England? What made Eric Liddell cast aside an almost certain Olympic gold medal? What enabled Jackie Robinson to surrender his right to fight back against racists, or Dietrich Bonhoeffer to jeopardize his freedom and safety to defy the Nazis? In this stirring and inspiring work, Eric Metaxas reclaims a long-lost sense of the heroic--the idea that certain lives are worthy of emulation. Get to know the seven men in this book, and your life will be immeasurably richer.

The Grind is today's new textbook for success. It not only provides its readers with insight on achieving their goals, but further aims to bring about their peak levels of performance on a consistent basis. Three words can sum up the soul of this book: whatever it takes.

Read Online Greatness Is Upon You Eric Thomas

This book features many in-depth examples of practices from some of the most prominent entities in the business world including Donald Trump, Sean Combs, Howard Schultz, David Geffen, Sam Walton, Russell Simmons, and many others who have achieved success. Along with characteristics such as hard work, dedication, attention to details, perseverance, The Grind includes groundbreaking unorthodox strategies to give the reader a competitive edge. Every person has the potential to become successful; the only limitation is the person's own self and the effort they are willing to contribute. It is solely a choice whether or not they will do what is necessary to position themselves for success, and this book is the definitive reference that will motivate and show readers how to do just that.

Presents a critical analysis of the Founding Fathers' original intentions that argues that America is a nation bound by a radical and unprecedented idea about liberty and freedom that must be upheld by every citizen.

Chronicles Abraham Lincoln's success at turning the Civil War to the North's favor during the year of 1862.

The Navy SEAL, humanitarian and best-selling author of *The Heart and the Fist* draws on ancient wisdom and personal experience to counsel readers on how to promote personal resilience and overcome obstacles through positive action. 100,000 first printing.

Americans are addicted to happiness. When we're not popping pills, we leaf through scientific studies that take for granted our quest for happiness, or read self-help books by everyone from armchair philosophers and clinical psychologists to the Dalai Lama on how to achieve a trouble-free life: *Stumbling on Happiness*; *Authentic Happiness: Using the New Positive Psychology to Realize Your Potential for Lasting Fulfillment*; *The Art of Happiness: A*

Handbook for Living. The titles themselves draw a stark portrait of the war on melancholy. More than any other generation, Americans of today believe in the transformative power of positive thinking. But who says we're supposed to be happy? Where does it say that in the Bible, or in the Constitution? In *Against Happiness*, the scholar Eric G. Wilson argues that melancholia is necessary to any thriving culture, that it is the muse of great literature, painting, music, and innovation—and that it is the force underlying original insights. Francisco Goya, Emily Dickinson, Marcel Proust, and Abraham Lincoln were all confirmed melancholics. So enough Prozac-ing of our brains. Let's embrace our depressive sides as the wellspring of creativity. What most people take for contentment, Wilson argues, is living death, and what the majority takes for depression is a vital force. In *Against Happiness: In Praise of Melancholy*, Wilson suggests it would be better to relish the blues that make humans people.
