Hannibal: A Hellenistic Life is a perfectly serviceable biography of Rome's greatest enemy (at least in their eyes) and a useful addendum to any general reader interested in the period. It's chief weakness is that it doesn't provide much of a context for Hannibal's life.

Folding Hannibal ' s life into Hellenistic culture without reference to de Beer as a major interpreter of the great captain ' s Greek and Phoenician roots is a major drawdown in the merit of the book. As with other classicists and their classical studies of Hannibal, the center of gravity here is placed firmly on the work of others who have ...

The life of the great Carthaginian general who marched into Rome during the Second Punic War is reexamined in this revealing and scholarly biography. Once of the greatest military minds of the Ancient World, Hannibal Barca lived a life of daring and survival, massive battles, and ultimate defeat. A citizen of Carthage and military commander in Punic Spain, he famously marched his war elephants and huge army over the Alps into Rome ' s own heartland to fight the Second Punic War. Yet the Romans were the ultimate victors. They eventually captured and destroyed Carthage, and thus it was they who wrote the legend of Hannibal: a brilliant and worthy enemy whose defeat represented military glory for Rome. In this groundbreaking biography, Eve MacDonald employs archaeological findings and documentary sources to expand the memory of Hannibal beyond his military career. Considering him in the context of his time and the Carthaginian culture that shaped him, MacDonald offers a complex portrait of a man from a prominent family who was both a military hero and a statesman. MacDonald also analyzes Hannibal ' s legend over the millennia, exploring how statuary, Jacobean tragedy, opera, nineteenth-century fiction, and other depictions illuminate the character of one of the most fascinating figures in all of history.

This is an historical biography of Hannibal, the military leader of Carthage responsible for waging a dramatic onslaught on Rome during the Punic Wars. One of the few generals of history to be famous for the war he lost, Hannibal's attack in 218BC - which included his renowned march of elephants across the Alps - ranks amongst the most courageous and ill-fated enterprises in the history of the ancient world. This definitive biography of one of the most fascinating figures of ancient history offers a fresh perspective on the demise of the Hellenistic world and the rise of Rome.

Alexander * Demosthenes * Phocion * Eumenes * Demetrius * Pyrrhus * Agis and Cleomenes * Aratus * Philopoemen * Flamininus This selection of ten Lives traces the history of Hellenistic Greece from the rise of Macedon and Alexander's conquest of the Persian empire to the arrival of the Romans. Plutarch's biographies of eminent politicians, rulers, and soldiers combine vivid portraits of their subjects with a wealth of historical information; they constitute a uniquely important source for the period. We see how Greek politics changed as Macedon's power grew, and we learn of the warlords who followed Alexander. Resistance to Macedon is reflected in the Lives of Demosthenes and Aratus, and that of Agis and Cleomenes, two revolutionary kings of Sparta. The volume concludes with the emergence of Rome in Greek affairs, and the life of Flamininus, the Roman general who defeated Philip V of Macedon. Plutarch's elegant style combines anecdote and erudition, humour and psychological insight, consummately translated by Robin Waterfield and introduced by Andrew Erskine. These Lives from the Hellenistic period complement Greek Lives and Roman Lives in Oxford World's Classics. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

To say the Punic Wars (264-146 BC) were a turning point in world history is a vast understatement. This bloody and protracted conflict pitted two flourishing Mediterranean powers against one another, leaving one an unrivalled giant and the other a literal pile of ash. To later observers, a collision between these civilizations seemed inevitable and yet to the Romans and Carthaginians at the time hostilities first erupted seemingly out of nowhere, with what were expected to be inconsequential results. Mastering the West offers a thoroughly engrossing narrative of this century of battle in the western Mediterranean, while treating a full range of themes: the antagonists' military, naval, economic, and demographic resources; the political structures of both republics; and the postwar impact of the conflicts on the participants and victims. The narrative also investigates questions of leadership and the contributions and mistakes of leaders like Hannibal, Fabius the Delayer, Scipio Africanus, Masinissa, and Scipio Aemilianus. Dexter Hoyos, a leading expert of the period, treats the two great powers evenly, without neglecting the important roles played by Syracuse, Macedon, and especially Numidia. Written with verve in a clear, accessible style, with a range of illustrations and newly-commissioned maps, Mastering the West will be the most reliable and engaging narrative of this pivotal era in ancient history.

A dynamic and exciting way to understand success and failure, through the life of Hannibal, one of history's greatest generals. The life of Hannibal, the Carthaginian general who crossed the Alps with his army in 218 B.C.E., is the stuff of legend. And the epic choices he and his opponents made on the battlefield and elsewhere in life offer lessons about responding to our victories and our defeats that are as relevant today as they were more than 2,000 years ago. A big new idea book inspired by ancient history, Hannibal and Me explores the truths behind triumph and disaster in our lives by examining the decisions made by Hannibal and others, including Albert Einstein, Eleanor Roosevelt, Steve Jobs, Ernest Shackleton, and Paul C é zanne-men and women who learned from their mistakes. By showing why some people overcome failure and others succumb to it, and why some fall victim to success while others thrive on it, Hannibal and Me demonstrates how to recognize the seeds of success within our own failures and the threats of failure hidden in our successes. The result is a page-turning adventure tale, a compelling human drama, and an insightful guide to understanding behavior. This is essential reading for anyone who seeks to transform misfortune into success at work, at home, and in life.

Considered to be one of the most talented generals in history and known for his use of elephants in battle, the Carthaginian general, Hannibal spent his life fighting and often defeating the Roman army during the Second Punic War. Though he was ultimately unable to take the city, he became a prominent political figure. Students will get the opportunity to learn about his unique militaristic prowess and successes and failures on and off the battlefield.

Trebia. Trasimene. Cannae. With three stunning victories, Hannibal humbled Rome and nearly shattered its empire. Even today Hannibal's brilliant, if ultimately unsuccessful, campaign against Rome during the Second Punic War (218-202 BC) make him one of history's most celebrated military leaders. This biography by Cornelius Nepos (c. 100-27 BC) sketches Hannibal's life from the time he began traveling with his father's army as a young boy, through his sixteen-year invasion of Italy and his tumultuous political career in Carthage, to his perilous exile and eventual suicide in the East. As Rome completed its bloody transition from dysfunctional republic to stable monarchy, Nepos labored to complete an innovative and influential collection of concise biographies. Putting aside the detailed, chronological accounts of military campaigns and political machinations that characterized most writing about history, Nepos surveyed Roman and Greek history for distinguished men who excelled in a range of prestigious occupations. In the exploits and achievements of these illustrious men, Nepos hoped that his readers would find models for the honorable conduct of their own lives. Although most of Nepos' works have been lost, we are fortunate to have his biography of Hannibal. Nepos offers a surprisingly balanced portrayal of a man that most Roman authors vilified as the most monstrous foe that Rome had ever faced. Nepos' straightforward style and his preference for common vocabulary make Life of Hannibal accessible for those who are just beginning to read continuous Latin prose, while the historical interest of the subject make it compelling for readers of every ability.

Explores the fusion of Roman political culture, Greek intellectual tradition, and Christian faith that characterized Byzantium. Shows how the empire held power for eleven centuries and why it ultimately fell.
