Princess Mera is teenage royalty and heir to the throne of Xebel, a penal colony ruled by the other no-so-lost land under the sea, Atlantis. Her father, his court and the entire kingdom are expecting her to marry and introduce a new king. But Mera is destined to wear a different crown.... When the Xebellian military plots to overthrow Atlantis and break free of its oppressive regime, Mera seizes the opportunity to take control over her own destiny by assassinating Arthur Curry--the long-lost prince and heir to the kingdom of Atlantis. But her mission gets sidetracked when Mera and Arthur unexpectedly fall in love. Will Arthur Curry be the king at Mera's side, or will he die under her blade as she attempts to free her people from persecution? An astonishing graphic novel that explores duty, love, heroism and freedom, all through the eyes of readers' favorite undersea royalty. From New York Times best-selling author Danielle Paige (Dorothy Must Die) and artist Stephen Byrne comes a Mera and Aquaman origin story that explores Mera's first steps on land, and her first steps as a hero or villain, forcing her to choose to follow her heart or her mission to kill.

Some of the animals featured in the A-Z you will have already met in the existing Harry Potter books: for example Hippogriff, Flobberworm, Kappa - others you certainly won't: read on to find out exactly what a Chizpurfle is, why there are so few Erumpents, or why one should always beware of the sinister Lethifold—As Albus Dumbledore says in his introduction, this set text book by Newt Scamander has given the perfect grounding to many a Hogwarts student. It will be helpful to all Muggles out there too! On reading the book you will also find that Harry, Ron and (in one instance) Hermione - couldn't resist graffitiing the book, and adding their own personal hand-written

What if Darth Vader took an active role in raising his son? What if "Luke, I am your father" was just a stern admonishment from an annoyed dad? In this hilarious and sweet comic reimagining, Darth Vader is a dad like any other—except with all the baggage of being the Dark Lord of the Sith. Celebrated artist Jeffrey Brown's delightful illustrations give classic Star Wars® moments a fresh twist, presenting the trials and joys of parenting through the lens of a galaxy far, far away. Life lessons include lightsaber batting practice, using the Force to raid the cookie jar, Take Your Child to Work Day on the Death Star ("Er, he looks just like you, Lord Vader!"), and the special bond shared between any father and son. Plus, this is the fixed-format version, which looks almost identical to the print edition.

Set in early nineteenth-century Britain, Bloodlust & Bonnets follows Lucy, an unworldly debutante who desires a life of passion and intrigue—qualities which earn her the attention of Lady Violet Travesty, the leader of a local vampire cult.
