Sound Reproduction:

The Acoustics and Psychoacoustics of Loudspeakers and Rooms, Third Edition explains the physical and perceptual processes that are involved in sound reproduction and demonstrates how to use the processes to create high-quality listening experiences in stereo and multichannel formats. Understanding the principles of sound production is necessary to achieve the goals of sound reproduction in spaces ranging from recording control rooms and home listening rooms to large cinemas. This revision brings new science-based perspectives on the performance of loudspeakers, room acoustics, measurements and equalization, all of which need to be appropriately used to ensure the accurate delivery of music and movie sound tracks from creators to listeners. The robust website (www.routledge.com/cw/toole) is the perfect companion to this necessary resource.

Welding:

Provides an overall introduction to the welding process, illustrating most of the common equipment and work techniques for both the home and shop welding.

When a bad day at work culminates in losing out on a promotion, Jim Sanders shifts into his animal form to let off steam. Then his bad day turns into a bad night-while prowling his Atlantic City neighborhood as a large gray house cat, he's caught in a torrential downpour. What little luck he has washes down the gutter when his new boss, Andrew Wright, catches him taking shelter on his porch, brings him inside, and starts calling him Mr. Frosty. As a feline, Jim becomes the inadvertent confessor for his boss's lonely son, Tony, a victim of schoolyard bullying. As a human, he feels drawn to Andrew, a man he wanted to resent. Finding love was never part of Jim's plan for the future-not with his bizarre secret-yet suddenly he finds himself navigating that minefield anyway. But not everything is easy, especially for an interracial gay couple dealing with prejudice in the workplace, at Tony's school, and even within their own families.

Gorgeous goddesses seem to surround lowly script-reader Anna Brown--from her deranged, glamour-queen boss to her perfect, pouting roommates. For Anna, being less-than-beautiful is hard to bear. With a dead-end job and a dead-beat boyfriend, she wonders if she can ever be a success. In beauty-crazed London, perhaps being talented just isn't enough. Enter Mark Swan, Britain's hottest director. Rugged, reclusive and powerful, everybody wants a piece of him--from studio heads to supermodels. He could be Anna's ticket to the top, but how can she ever hope to snag such a big star? Fed up with being dowdy and downbeat, Anna decides to chase her dreams, and with a little help from her friends, embarks on a madcap scheme to get what she's after.

The first broad retrospective of August Kleinzahler's career, *Sleeping It Off in Rapid City* gathers poems from his major works along with a rich portion of new poems that visit different voice registers, experiment with form and length, and confirm Kleinzahler as among the most inventive and brilliant poets of our time. Travel—actual and imaginary—remains a passion and inspiration, and in these pages the poet also finds "This sanctified ground / Here, yes, here / The dead solid center of the universe / At the heart of the heart of America."

"My heart wandered through the world constantly seeking after my cure, but the sweet and delicious water of life had to break through the granite of my heart." When the words of Rumi enter your heart, something softens, breaks, and is subtly reborn. That he wrote the words seven hundred years ago in a medieval Persian world that bears little resemblance to ours makes their uncanny resonance to us today just that much more remarkable. Here is a treasury of daily wisdom from this most beloved of all the Sufi masters—both his prose and his ecstatic poetry—that you can use to start every day for a year, or that you can dip into for inspiration any time you need to break through the granite of your heart.

Long neglected by Western travellers, Phnom Penh became Cambodias permanent capital in 1866. It has been home to Iberian missionaries and French colonialists, with a stunning mix of traditional palaces, Buddhist temples and transplanted French architecture. In the 1960s Phnom Penh deserved its reputation as the most attractive city in Southeast Asia. But after 1970 all this was to change, and a terrible civil war was followed by the Khmer Rouges capture of the city in 1975. Since the defeat of Pol Pot in 1979, Phnom Penh has slowly recovered, once again attracting perceptive travellers.

Experience turn of the century life in a small Midwestern town where the visit of President McKinley causes reporters to miss a nearby manned flight more than four years before the Wright Brothers. Attend the last concert of Buddy Holly and Ritchie Valens in Iowa before their tragic plane crash in 1959. Witness the disruption of family life when sex scandals within their church challenge their beliefs and values. Observe how an advisor to Secretary of State Colin Powell loses the respect of his extended family that disputes positions both have taken during the 2003 invasion of Iraq. Feel the psychological trauma, and occasional renewal, of those whose lives have been upset by unexpected career altering circumstances. These and other events are captured in this collection of short stories where real and fictional characters interact in historically meaningful situations.
