I Remember Nothing: and Other Reflections, Ephron's last essay collection published before her death in 2012, touches on the tragedy of aging and is probably not something that I could fully appreciate only being in my 30s (but I still loved it). She discusses becoming forgetful, about physical changes, but she touches on stories from her

I Remember Nothing I have been forgetting things for years—at least since I was in my thirties. I know this because I wrote something about it at the time. I have proof. Of course, I can't remember exactly where I wrote about it, or when, but I could probably hunt it up if I had to.

I Remember Nothing and other reflections by Nora Ephron ...

I REMEMBER NOTHING / Nora Ephron 978-0-307-59560-7 Alfred A. Knopf Fall 2010 "At 69, she's just two years older than Keith Richards, but to hear her tell it, Ephron's recall's far worse.

A humorous collection of personal essays discusses the author's career in journalism, divorce, a long-anticipated inheritance with unanticipated results, and the evolution of her relationship with her e-mail in-box.

Nora Ephron returns with her first book since the astounding success of I Feel Bad About My Neck, taking a cool, hard, hilarious look at the past, the present, and the future, bemoaning the vicissitudes of modern life, and recalling with her signature clarity and wisdom everything she hasn't (yet) forgotten. Ephron writes about falling hard for a way of life ("Journalism: A Love Story") and about breaking up even harder with the men in her life ("The D Word"); lists "Twenty-five Things People Have a Shocking Capacity to Be Surprised by Over and Over Again" ("There is no explaining the stock market but people try"; "You can never know the truth of anyone's marriage, including your own"; "Cary Grant was Jewish"; "Men cheat"); reveals the alarming evolution, a decade after she wrote and directed You've Got Mail, of her relationship with her in-box ("The Six Stages of E-Mail"); and asks the age-old question, which came first, the chicken soup or the cold? All the while, she gives candid, edgy voice to everything women who have reached a certain age have been thinking . . . but rarely acknowledging. Filled with insights and observations that instantly ring true—and could have come only from Nora Ephron—I Remember Nothing is pure joy.

If there is any solace in growing older, it is that you will find yourself guffawing in hysterical recognition at the situations Nora Ephron describes, from the impossibility of trying to remember people's names at parties, to struggling with the new technology. You will find yourself rolling off the sofa snorting with laughter as she recalls with her signature clarity and wisdom everything she hasn't (yet) forgotten, including what it feels like to produce a flop - and you will swallow down a lump in your throat at the poignancy of her insights into the pain of losing friends, and the guilt of separation and divorce. One thing is for sure, there is nobody else who can put her finger so very precisely, so beguilingly, with so much wisdom and with so much wit, on what we all struggle with as we journey into our later years.

Is it possible to write a sidesplitting novel about the breakup of the perfect marriage? If the writer is Nora Ephron, the answer is a resounding yes. For in this inspired confection of adultery, revenge, group therapy, and pot roast, the creator of Sleepless in Seattle reminds us that comedy depends on anguish as surely as a proper gravy depends on flour and butter. Seven months into her pregnancy, Rachel Samstat discovers that her husband, Mark, is in love with another woman. The fact that the other woman has "a neck as long as an

arm and a nose as long as a thumb and you should see her legs" is no consolation. Food sometimes is, though, since Rachel writes cookbooks for a living. And in between trying to win Mark back and loudly wishing him dead, Ephron's irrepressible heroine offers some of her favorite recipes. *Heartburn* is a sinfully delicious novel, as soul-satisfying as mashed potatoes and as airy as a perfect soufflé.

A bitingly funny, provocative, and revealing look at our foibles, passions, and pasttimes—from one of the most creative minds of our time. "Nora Ephron can write about anything better than anybody else can write about anything."—The New York Times From her Academy Award-nominated screenplays to her bestselling fiction and essays, Nora Ephron is one of America's most gifted, prolific, and versatile writers. In this classic collection of magazine articles, Ephron does what she does best: embrace American culture with love, cynicism, and unmatched wit. From tracking down the beginnings of the self-help movement to dressing down the fashion world's most powerful publication to capturing a glimpse of a legendary movie in the making, these timeless pieces tap into our enduring obsessions with celebrity, food, romance, clothes, entertainment, and sex. Whether casting her ingenious eye on renowned director Mike Nichols, *Cosmopolitan* magazine founder Helen Gurley Brown—or herself, as she chronicles her own beauty makeover—Ephron deftly weaves her journalistic skill with the intimate style of an essayist and the incomparable talent of a great storyteller.

A celebration of the work of the late Academy Award-nominated author and screenwriter collects her writings on topics ranging from journalism and feminism to food and aging, in a volume complemented by her notorious Wellesley commencement address and her recent blogs about death.

The perfect holiday gift: a pair of hilarious books from the "wickedly witty and astute" Nora Ephron, a "crackling smart cultural scribe" (The Boston Globe) whose insights and observations have made her a heroine to women all over America. Critics and readers embraced the nationwide best seller *I Feel Bad About My Neck*—"Marvelous" (The Washington Post); "Sparkling" (Ladies' Home Journal); "Delightful" (The New York Review of Books)—and applauded Ephron for "mak[ing] the truth about life so funny" (The Sunday Times, London). In *I Remember Nothing* the beloved humorist returns with more razor-sharp reflections on growing older in the twenty-first century, along with those stories from the past she hasn't (yet) forgotten. *I Feel Bad About My Neck* and *Other Thoughts on Being a Woman* with her disarming, intimate, completely accessible voice and dry sense of humor, Ephron shares with us her ups and downs in this wise, wonderful look at women of a certain age who are dealing with the tribulations of maintenance, menopause, empty nests, and everything in between. Ephron chronicles her life as an obsessed cook, a passionate city dweller, and a hapless parent. But mostly she speaks frankly and uproariously about getting older. Utterly courageous, unexpectedly moving, and laugh-out-loud funny, *I Feel Bad About My Neck* is a scrumptious, irresistible treat of a book. *I Remember Nothing and Other Reflections* Ephron takes a cool, hard, hilarious look at the past, the present, and the future, writing about falling hard for a way of life ("Journalism: A Love Story") and breaking up even harder with the men in her life ("The D Word"); revealing the alarming evolution, a decade after she wrote and directed *You've Got Mail*, of her relationship with her in-box ("The Six Stages of E-mail"); and asking the age-old question, which came first, the chicken soup or the cold? All the while, she gives voice to everything women have been thinking . . . but rarely acknowledging. Filled with insights and observations that instantly ring true—and could have come only from Nora Ephron—*I Remember Nothing* is pure joy. "[Ephron] retains an uncanny ability to sound like your best friend, whoever you are . . . Some things don't change. It's good to know that Ms. Ephron's wry, knowing X-ray vision is one of them." —The New York Times "Nora Ephron has become timeless." —Los Angeles Times Book Review

The classic *Crazy Salad*, by screenwriting legend and novelist Nora Ephron, is an extremely funny, deceptively light look at a generation of women (and men) who helped shape the way we live now. In this distinctive, engaging, and simply hilarious view of a period of great upheaval in America, Ephron turns her keen eye and wonderful sense of humor to the media, politics, beauty products, and women's bodies. In the famous "A Few Words About Breasts," for example, she tells us: "If I had had them, I would have been a completely different person. I honestly believe that." Ephron brings her sharp pen to bear on the notable women of the time, and to a series of events ranging from Watergate to the Pillsbury Bake-Off. When it first appeared in 1975, *Crazy Salad* helped to illuminate a new American era—and helped us to laugh at our times and ourselves. This new edition will delight a fresh generation of readers.

Rob Reiner's enormously funny and moving *When Harry Met Sally* . . . -- a romantic comedy about the difficult, frustrating, awful, funny search for happiness in an American city, where the primary emotion is unrequited love -- is delighting audiences everywhere. Now, the complete screenplay is published. Written by Nora Ephron -- author of screenplays for *Silkwood* and *Heartburn* (from her own best-selling novel) -- *When Harry Met Sally*...is as hilarious on the page as it is on the screen. The book includes an introduction by the author.
