If you are trying to prepare for the upcoming Matric Finals and looking to find some old papers to work  
through, then you came to the right place. Below you will find old final papers from 2020 for every  
language and subject in South Africa. Here are all the past exam papers from November 2020

Events are increasingly used instrumentally to achieve goals of society such as cultural development,  
destination branding or economic development. Event impacts are, however, routinely measured from a  
purely economic perspective. Event Impact fills an important niche and a void in the literature on  
events by taking a holistic approach, incorporating issues like value creation, experiential value,  
value measurement, sustainability and impact assessment. It is one of the first books devoted to  
comprehensively dealing with the subject of event impacts, combining the ideas of an international group  
of academics to tackle an expanding area of research that cannot be met by the work of a single  
researcher. Methodological concepts such as triple impact assessment, cost-benefit analysis, travel cost  
method and Q-sort are combined, applied and tested in an event context, creating a unique book that  
broadens and deepens our knowledge about event impacts theoretically, methodologically as well as  
empirically. This book was originally published as a special issue of the Scandinavian Journal of  
Hospitality and Tourism.

Debates on African development continue to downplay the achievement of the continent: economic

achievements are diminished and the perception of a conflict prone continent continues. Many of the policy prescriptions externally imposed on African countries have done little to transform the continent largely because they have been conceived and applied without context. Using literature from diverse origins, this book expands our knowledge about Africa and makes practical suggestions as to how successful development in a complex, yet dynamic continent can be achieved. Widening the policy dialogue and providing alternative thinking on the key elements and full extent of opportunities and challenges towards achieving the socio-economic transformation of Africa, the book moves the debate from the rhetoric to reality. As a considered reflection on the 'Africa's transformation' narrative, it outlines the practical pathways necessary for Africa's sustainable development, providing policy makers and researchers with tested solutions. It will be of interest to all scholars, students and policy professionals working in African development, public policy, international political economy, economic policy and politics.

The International Development Law Organization (IDLO) and the Center for International Forestry Research (CIFOR) assessed the legal frameworks that govern land-use activities and investments in Zambia. The economy of Zambia relies significantly on land and natural resource capital. The Government of Zambia has identified land-use investments as essential to the development of key economic sectors - energy, forestry, mining and agriculture. Land-use investments are increasing in Zambia, led by both foreign and domestic private investors. The Constitution explicitly recognizes the importance of balancing the need to attract investments to develop the country with the need to ensure their environmental and social sustainability.

The book that inspired the major new motion picture *Mandela: Long Walk to Freedom*. Nelson Mandela is one of the great moral and political leaders of our time: an international hero whose lifelong dedication to the fight against racial oppression in South Africa won him the Nobel Peace Prize and the presidency of his country. Since his triumphant release in 1990 from more than a quarter-century of imprisonment, Mandela has been at the center of the most compelling and inspiring political drama in the world. As president of the African National Congress and head of South Africa's anti-apartheid movement, he was instrumental in moving the nation toward multiracial government and majority rule. He is revered everywhere as a vital force in the fight for human rights and racial equality. *LONG WALK TO FREEDOM* is his moving and exhilarating autobiography, destined to take its place among the finest memoirs of history's greatest figures. Here for the first time, Nelson Rolihlahla Mandela tells the extraordinary story of his life--an epic of struggle, setback, renewed hope, and ultimate triumph.

To date, the history of military and war has focused predominantly on men as historical agents, disregarding gender and its complex interrelationships with war and the military. The *Oxford Handbook of Gender, War, and the Western World since 1600* investigates how conceptions of gender have contributed to the shaping of war and the military and were transformed by them. Covering the major periods in warfare since the seventeenth century, the Handbook focuses on Europe and the long-term processes of colonization and empire-building in the Americas, Asia, Africa and Australia. Thirty-two essays written by leading international scholars explore the cultural representations of war and the military, war mobilization, and war experiences at home and on the battle front. Essays address the gendered aftermath and memories of war, as well as gendered war violence. Essays also examine movements to regulate and prevent warfare, the consequences of participation in the military for citizenship, and challenges to ideals of Western military masculinity posed by female, gay, and lesbian soldiers and colonial soldiers of color. The *Oxford Handbook of Gender, War, and the Western World since 1600* offers an authoritative account of the intricate relationships between gender, warfare, and military culture across time and space.

The search for a means to an end to apartheid erupts into conflict between a black township youth and his "old-fashioned" black teacher.

Nelson Mandela's release from prison in February 1990 was one of the most memorable moments of recent decades. It came a few days after the removal of the ban on the African National Congress; founded a century ago and outlawed in 1960, it had transferred its headquarters abroad and opened what it termed an External Mission. For the thirty years following its banning, the ANC had fought relentlessly against the apartheid state. Finally voted into office in 1994, the ANC today regards its armed struggle as the central plank of its legitimacy. *External Mission* is the first study of the ANC's period in exile, based on a full range of sources in southern Africa and Europe. These include the ANC's own archives and also those of the Stasi, the East German ministry that trained the ANC's security personnel. It reveals that the decision to create the Umkhonto we Sizwe (Spear of the Nation) -- guerrilla army which later became the ANC's armed wing -- as made not by the ANC but by its allies in the South African Communist Party after negotiations with Chinese leader Mao Zedong. In this impressive work, Ellis shows that many of the strategic decisions made, and many of the political issues that arose during the course of that protracted armed struggle, had a lasting effect on South Africa, shaping its society even up to the present day.

The Anglo-Zulu War of 1879 still intrigues both scholars and enthusiasts alike more than 130 years after it was fought. Its story contains tragedy, high drama and the heavy loss of human life; it involved five major battles and two lesser fights; and led to the snuffing out of the direct male Napoleonic line of France. And all this in less than one year. Reflecting on several years' research, Keith Smith presents

a series of essays which explore hitherto unanswered questions and offer fresh insights into the key battles and protagonists of this epic conflict. He presents some surprising conclusions which differ, often radically, from more orthodox views.??He also sets out to reveal the characters of the men - of both sides - who might otherwise have been simply names on a page. They are not: they lived, loved, fought and died. Some were heroes while others were less than that. Most were ordinary men who chose a military career and did their best as far as they were able. White or black, British or colonial, they are all brought to life and their unique stories told. This is an important contribution to our understanding of this famous war and the men who fought in it.
