A tractor repair manual written for the experienced mechanic by professionals in an easy-to-use format , including numerous photos, illustrations and exploded views.

NOW THE BASIS OF THE NEW SERIES ON SUNDANCETV. Only Hap and Leonard would catch a cold case with hot cars, hot women, and ugly skinheads. The story starts simply enough when Hap, a former 60s activist and self-proclaimed white trash rebel, and Leonard, a tough black, gay Vietnam vet and Republican with an addiction to Dr. Pepper, are working a freelance surveillance job in East Texas. The uneventful stakeout is coming to an end when the pair witness a man abusing his dog. Leonard takes matters into his own fists, and now the bruised dog abuser wants to press charges. One week later, a woman named Lilly Buckner drops by their new PI office with a proposition: find her missing granddaughter, or she'll turn in a video of Leonard beating the dog abuser. The pair agrees to take on the cold case and soon discover that the used car dealership where her granddaughter worked is actually a front for a prostitution ring. What began as a missing-person case becomes one of blackmail and murder. Filled with Lansdale's trademark whip-smart dialogue, relentless pacing, and unorthodox characters, Honky Tonk Samurai is a rambunctious thrill ride by one hell of a writer.

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.
