This book is a complete guide for people who want to learn the Korean language, starting from the very beginning, and learn the alphabet and the correct sounds of vowels, consonants, and diphthongs. It was written for people who want an easy but systematic approach to the language. The writer is a non-native speaker who started learning the language from ZERO, just like you and spent years in Korea trying to reach a better level of proficiency in Korean. After a few weeks of study, you will study to recognize words, make sentences, and have simple (but miraculous) conversations with other Korean speakers!

This is a complete and effective intermediate-level Korean textbook and Korean language learning package. It is the next book in the Elementary Korean series and takes student's abilities to read, comprehend Korean, speak Korean, read Korean, and write Korean to the next level. Continuing Korean is designed for learners who have achieved basic proficiency and wish to progress to more complex structure of Korean language. It offers a full range of field-tested exercises

that will help readers build their confidence and fluency in the Korean language. Each lesson includes Korean dialogues, vocabulary, lesson notes and detailed breakdowns of the grammatical structure under discussion, and exercises. The downloadable audio is another great way to learn Korean and ensures correct pronunciation and helps to build listening comprehension.

Master your Korean writing skills with our Easy Learning Fundamental Korean Writing Practice Book. Our workbook provides a writing guide to help you effectively learn the proper way to write the Korean alphabet, while learning expressions and vocabulary. Start today and fine tune your Korean penmanship!

A vibrant and enchanting novel from one of Korea's most celebrated writers. When 14-year-old Bugeye and his mother arrive at Flower Island -- a vast landfill site on the outskirts of Seoul -- they soon become part of the eclectic community of impoverished outsiders who make their living weeding recyclables from the rubbish. Then, one night, Bugeye notices mysterious lights dancing around the landfill ... Could it be the island's ancient spirits? Is his luck about to change? Familiar Things depicts a society on the edge of dizzying economic and social change. It is a haunting reminder to us all to be careful of what we throw away.

Do you want your Korean language skills to shine? Then Essential Korean Grammar offers exactly what you need to finally understand and express which grammar option is best. Having a solid understanding of grammar is essential to effectively learn Korean. Essential Korean Grammar gives you excellent examples that lay out the best grammar options for communicating, and when to use each option. The grammar items are cleverly rated so you can determine what's most useful for you to study, based on your Korean knowledge level and your plans. There is a star rating system, from 5 stars ("critical"; with these under your belt you can communicate almost everything you need to say) to 1 star (don't worry about this unless there's some reason you need to know it—for example, the TOPIK exam). Essential Korean Grammar is a toolbox to help you form correct and natural-sounding sentences, and determine which grammar you need for reading or writing Korean. It details: How to combine grammar points with each type of word. How it is similar to and different from related grammar points. Commonly used expressions. Things for
