## Longman Science 11 To 14

Now available in paperback, Dasha Tolstikova's acclaimed graphic novel *A Year Without Mom* follows twelve-year-old Dasha through a year full of turmoil after her mother leaves for America. It is the early 1990s in Moscow, and political change is in the air. But Dasha is more worried about her own challenges as she negotiates family, friendships and school without her mother. Just as she begins to find her own feet, she gets word that she is to join her mother in America – a place that seems impossibly far from everything and everyone she loves. Dasha

distributions of species and the timing of biological events. The text focuses on understanding the impacts of human-induced climate change by drawing on multiple lines of evidence, including paleoecology, modeling, and current observation. This revised and updated second edition emphasizes impacts of human adaptation to climate change on nature and greater emphasis on natural processes and cycles and specific elements. With four new chapters, an increased emphasis on tools for critical thinking, and a new glossary and acronym appendix, *Climate Change Biology, 2e* is the ideal overview of this
