MANUAL ON LABORATORY TESTING FOR URANIUM ORE PROCESSING IAEA, VIENNA, 1990 STI/DOC/10/313 ISBN 92-0-145190-3 ISSN 0074-1914. FOREWORD Laboratory testing of uranium ores is an essential step in the economic evalua-tion of uranium occurrences and in the development of a project for the production of uranium concentrates. Although these tests represent only a small proportion of the total cost of ...

Stunning handmade knives in full-on color! Showcasing fine artistry isn't a difficult job. Unlike museum curators, the knife book editors, designers and publishers don't even need to display the items in a well-lit room. The pages of Knives 2015 come alive with the most utilitarian, artistic, unique and exquisite blades from around the world. The world's finest edges—whether everyday carry pieces, hunters, bowies, belt and boot knives, camp knives, flipper folders or highly embellished works of art—find a home in the 35th edition of the Knives annual book. And each is accompanied by complete specifications, descriptions and editorial comments. Add in a comprehensive Custom Knifemaker Directory, including email addresses, websites, phone numbers, specialties and technical information, and you can see why collectors and enthusiasts own every volume of this coveted book. Engrossing feature articles delve into frame-lock folders, blunt tips on tall ships, knives disguised as other items, survival knives, "A Sword for a Warrior King" and plenty more World's most complete Custom Knifemaker Directory The latest trends in handmade knives State-of-the-art engraving, scrimshaw, jewel inlay, sculpting and carving More knives, articles, information, trend-setting innovations and state-of-the-art embellishments than any other book on the market!
