Uncover the Root Cause of Your Health Issues and Heal Your Body for Life Millions of people suffer from allergies, migraines, skin issues, sleep disturbances, digestive ailments or anxiety due to undiagnosed histamine intolerance. Dr. Becky Campbell, who has years of experience in the field and who suffers from histamine intolerance herself, has created a revolutionary four-phase program to heal your body naturally. What makes her approach different—and more effective for lifelong results—is that it looks for root causes and offers a well-rounded, holistic treatment plan that addresses diet, environmental toxins, lifestyle and more. To help you uncover why your body is not processing histamine correctly, Dr. Campbell explains the eight most common factors and how to address them. Then she gives you a plan that includes a low-histamine diet, liver care, gut support and direction on how to safely reintroduce the foods that were once making you sick. Along with her wealth of delicious recipes, she also includes information on supplements, ways to reduce stress and much more. Invest in your health and use The 4-Phase Histamine Reset Plan to heal your body for good.

Lose up to twenty pounds in four weeks! Discover the next major “ health revolution ” (The New York Times) with this cutting-edge new program that will help you lose weight, beat disease, and live longer with intermittent fasting—from the #1 New York Times bestselling author of The FastDiet. Millions of people worldwide have lost weight and reversed disease using Dr. Mosley ’ s The FastDiet, which revealed the incredible power of intermittent fasting. Clinical studies show that fasting not only helps you lose weight fast, but also improves blood sugar levels and heart health, boosts brain health and function, and is even proven to reduce the risk of cancer recurrence. Drawing on the latest research and his personal experience gaining and then losing fourteen pounds, “ the world ’ s top gut health guru ” (Dr. Barry Marshall, winner of the Nobel Prize for Medicine) returns with an even more effective—yet easier to follow—diet plan designed to reap maximum fasting benefits. The Fast800 Diet pinpoints the ideal fasting calorie count for health and weight loss: 800. Built around a more manageable 800-calorie fasting day—whether that ’ s 800 calories every day until you achieve your goals, or 800 calories twice a week—Dr. Mosley ’ s powerful three-phase program is designed to supercharge weight loss and fast-track a healthier life. Phase 1: A powerful jumpstart designed to accelerate weight loss. Phase 2: Fast twice a week to sheds pounds without slowing your metabolism. Phase 3: Discover how to keep the weight off—without calorie counting. Complete with over fifty-five delicious recipes, four weeks of meal plans, and inspiring success stories, The Fast800 Diet is a simple and life-changing program that gets you real world results.

EATING WELL WHEN YOU'RE EXPECTING provides mums-to-be with a realistic approach to navigating healthily and deliciously through the nine months of pregnancy - at home, in the office, at Christmas, in restaurants. Thorough chapters are devoted to nutrition, weight gain, food safety, the postpartum diet, and how to eat when trying to conceive again. And the book comes with 150 contemporary, tasty, and healthy recipes that feed mum and baby well, take little time to prepare, and are gentle on queasy tummies. At the heart of the book are hundreds of pressing questions every mother-to-be has: Is it true I shouldn't eat any food cooked with alcohol? Will the caffeine in coffee cross into my baby's bloodstream? I'm entering my second trimester, and I'm losing weight, not gaining - help! Is all sushi off limits? How do I get enough calcium if I'm lactose intolerant? I keep dreaming about a hot fudge sundae - can I indulge? (The answer is yes!)

A glass of wine at dinner and a flatter stomach in 14 days? Yes girls, it can be done! The Viva Mayr Diet is the savvy diet for people in the real world who want to get a bikini body and revamp their health with ease. It's based on the world-famous Viva Mayr spa clinic in Austria, the hottest health and weight loss destination in Europe.

From one of today ’ s leading experts on the emerging science of the microbiome comes a ground-breaking book that offers, for the first time, evidence that the gut-microbiome plays a pivotal role in the health crises of the twenty-first century. In his acclaimed book, The Mind-Gut Connection, physician, UCLA professor, and researcher Dr. Emeran Mayer offered groundbreaking evidence of the critical role of the microbiome in neurological and cognitive health, proving once and for all the power and legitimacy of the “ mind-body connection. ” Now, in The Gut-Immune Connection, Dr. Mayer proposes an even more radical paradigm shift: that the gut microbiome is at the center of virtually every disease that defines our 21st-century public health crisis. Cutting-edge research continues to advance our understanding of the function and impact of the billions of organisms that live in the GI tract, and in Dr. Mayer ’ s own research, he has amassed evidence that the “ conversation ” that takes place between these microbes and our various organs and bodily systems is critical to human health. When that conversation goes awry, we suffer, often becoming seriously ill. Combining clinical experience with up-to-the-minute science, The Gut-Immune Connection offers a comprehensive look at the link between alterations to the gut microbiome and the development chronic diseases like diabetes, heart disease, and cancer, as well as susceptibility to infectious diseases like Covid-19. Dr. Mayer argues that it ’ s essential we understand the profound and far-reaching effects of gut health and offers clear-cut strategies to reverse the steady upward rise of these illnesses, including a model for nutrition to support the microbiome. But time is running out: a plague of antimicrobial resistance is only a few decades away if we don ’ t make critical changes to our food supply, including returning to sustainable practices that maintain the microbial diversity of the soil. To turn the tide of chronic and infectious disease tomorrow, we must shift the way we live today.

There ’ s a reason why the DASH Diet is ranked “ Best Overall Diet ” by U.S. News & World Report year after year. It works. Developed by the National Heart, Lung, and Blood Institute to prevent and reverse high blood pressure, and approved by the Mayo Clinic and American Heart Association, the DASH Diet is a sensible low-sodium diet emphasizing fruits, vegetables and whole grains.
