The Caribbean People' is a three-book 'History' series for Secondary schools. Tracing the origins and developments of the Caribbean region, Book 1 starts with Early Civilisation, Tribes and Settlers, followed by Colonisation and Plantations in Book 2. Book 3 looks at modern West Indian society, more recent history and current affairs.

"Incorporates ideas such as learner development, project work, a task-based methodology, role play, and cross-curricular themes, while providing a solid grammar framework and thorough practice of structures, functions and vocabulary"--Teacher's book, p. 6.

Materialets formål er at give lærere og elever en større indsigt i fortrinsvis britisk kultur. DVDen indeholder interviews og videoklip, der gør emmerne mere levende.

Providing a wide focus on financial techniques and sector coverage on an international scale, this book gives a thorough treatment of the basic principles which affect the structuring and documentation of project financings. It studies structural, legal and contractual differences between the different sectors using project financing techniques.

The Oxford Handbook of Project Management presents and discusses leading ideas in the management of projects. Positioning project management as a domain much broader and more strategic than simply 'execution management', this Handbook draws on the insights of over 40 scholars to chart the development of the subject over the last 50 years or more as an area of increasing practical and academic interest. It suggests we could be entering an emerging 'third wave' of analysis and interpretation following its early technical and operational beginnings and the subsequent shift to a focus on projects and their management. Topics dealt with include: the historical evolution of the subject; its theoretical base; professionalism; business and societal context; strategy; organization; governance; innovation; overruns; risk; information management; procurement; relationships and trust; knowledge management; practice and teams. This handbook is of particular relevance to those interested in the research issues underlying project management.

NEW texts, topics, and activities such as comics, songs, and stories 'English across the curriculum' page (CLIL) in every unit of every level Revision pages in every unit help to check the class' progress regularly Graded exercises in the Workbook and projects in the Student's Book to suit mixed-ability students
