A comprehensive record, published in 1877, of an influential Victorian exhibition celebrating science and technology in the Western world.

Asian history.

How Immigrants Contribute to South Africa's Economy is the result of a project carried out by the OECD Development Centre and the International Labour Organization, with support from the European Union.

This book provides a comprehensive overview of printmaking in South Africa, replacing the now outdated monograph by F. L. Alexander. It discusses historically artists who made major contributions within each of the printmaking techniques, giving great detail on contemporary South African art. It is also a handbook on artists working in various mediums and gives full explanations of each work chosen for the exhibition at the 1998 South African National Arts Festival, lists 785 known printmakers born after 1900, and illustrates the work of 89 important artists. It is an essential guide to this important aspect of South African art.
