Revolutionary Kids By  
Keeping Your Cool Spanish

Este libro no trata sobre bajar la voz,  
sino aprender a calmar nuestras  
reacciones emocionales y enfocarnos  
en nuestra propia conducta más que  
en la de nuestros hijos por el bien de  
ellos. Nuestro mayor enemigo como  
padres no es la TV, el Internet ni las  
drogas, es nuestra reacción  
emocional. Cuando decimos que  
perdemos la paciencia con nuestros  
hijos, en realidad lo que perdimos, es  
nuestra adultez. y después nos  
preguntamos por qué nuestros hijos  
nos tienen tan poco respeto y por qué  
parecen tener todo el control en la  
familia. Es momento de hacer las

cosas de otra manera. Tú puedes  
empezar a crear y disfrutar con tus  
hijos del tipo de relaciones calmadas,  
amorosas y de respeto mutuo que  
siempre has anhelado. Puedes  
empezar a revolucionar tu familia hoy  
mismo

Congratulations, reader! You've  
successfully navigated through the  
trials of childhood and adolescence.  
Now, as you voyage through high  
school to college and beyond, you're  
set to begin your next big adventure:  
adulthood. A few big decisions await  
you, from majors and minors to jobs  
and careers (and maybe even  
marriage!). However, in between the  
big ones, you'll make a million other  
smaller, subtler choices that will  
underpin everything from your  
friendships to your bank account.

These are the daily choices that will truly define you . . . so how will you choose? Choose Your Own Adulthood helps you approach these choices from a more thoughtful, curious, and ultimately self-aware perspective. You'll learn why responding is so much better than reacting, how loyalty is really overrated, which risks are worth taking and which are best avoided, and so much more. Exciting things await you on your journey toward adulthood: which path you take is for you to decide. Choose wisely!

A family therapist introduces a practical, effective approach to parenting that explains how to overcome the stresses and anxieties of parenting by learning how to relate to children in a calm, cool, and connected way, emphasizing the need

The author of ScreamFree Parenting counsels couples on how to maintain calm in the face of conflict, offering anecdotal insight into such topics as taking responsibility only for oneself, staying committed and addressing common issues. Reprint.

calm, in the face of common marital conflicts, is the key to creating and enjoying a deep, lifelong connection. Every committed couple strives to hold on to the marriage they envisioned back when they first said "I do"--before the end of the honeymoon phase, before kids, mortgages, health crises, and all life's inescapable issues. But the truth is this: conflict is unavoidable--it's impossible for two people to see every single thing, face every issue, and experience every situation in exactly the same way. What results are couples "screaming" at each other--sometimes literally yelling out loud, sometimes shutting themselves down and shutting their partners out, and sometimes avoiding the issue altogether--none of which leads to the passionate, intimate connection we all crave. In

ScreamFree Marriage, Hal introduces some radical new concepts about marriage, teaching couples how to embrace this inevitable conflict as a profound vehicle for strengthening a marriage. Rather than just a source of pain and disagreement, these "Fires of Commitment," as Hal describes them, can actually be the exact experience needed to grow couples into new levels of maturity and intimacy. By simply learning the ScreamFree formula of Calming Down, Growing Up, and Getting Closer, you too can cross through these fires and end up with a closer and more passionate marriage than ever before. Using accessible anecdotes and the disarming humor that readers have come to love, Runkel disproves prevailing marital wisdom, puts couples on a path to "intimate

new, fresh approach to marriage.

In a gently parented home, boundaries are focused on guiding rather than controlling children and are maintained through empathetic and creative resolutions rather than harsh punitive consequences. Why are boys so different? Why would a trip to the garbage dump be such a highlight in a boy's life? What do boys need to learn in order to become good men?
