Overview. Saab badged the model as the Saab 9 5, but consistently advertised it as the Saab 9-5, pronounced "nine five" rather than "ninety-five". This model should not be confused with the Saab 95, produced from 1959 to 1978.. The first generation 9-5 was available with sedan and station wagon body styles. Aerodynamically, the sedan's drag coefficient is 0.29, and the station wagon's is 0.31 (U ...

A U.S. President with outward contempt for the Founding Fathers and the limits of the U.S. Constitution who's administration is rocked by scandals. The Governor of Texas, the self-described mortal enemy of the president directs a legendary Texas Ranger to rescue a Tea Party organizer from clutches of federal agents. The resulting struggle sets the stage for a cataclysmic power struggle between officials in Austin and Washington, D.C. further polarizing the nation, resulting in the arrest warrants of duly elected state officials. The rest of the country and the world watches in awe and despair as the " Texas Crisis " unfolds, affecting world financial markets amid skyrocketing fuel prices. The Texas legislature sends the vote to the people of Texas and the president orders the vote stopped as he suspends the 2nd Amendment and declares martial law. Texas is now in A STATE OF TREASON.

Celebrity Rehab star and Thelonious Monster frontman Bob Forrest's memoir about his drug-fueled life in the L.A. indie rock scene of the '80s and '90s and his life-changing decision to become a drug counselor who specializes in reaching the unreachable. Life has been one strange trip for Bob Forrest. He started out as a suburban teenage drunkard from the Southern California suburbs and went on to become a member of a hip Hollywood crowd that included the Red Hot Chili Peppers, Johnny Depp, and River Phoenix. Los Angeles was their playground, and they hung out in such infamous haunts as the Viper Room and the Whisky a Go Go. Always one to push things to their

limit, Bob partied the hardest and could usually be found at the center of the drama. Drugs weren't Bob's only passion. He was also a talented musician who commanded the stage as the wild and unpredictable lead singer of Thelonious Monster. They traveled the world, and their future seemed bright and wide open. But Bob's demons grew stronger as he achieved more success and he sank deeper into his chemical dependency, which included alcohol, crack, and heroin habits. No matter how many times he went to rehab, sobriety just wouldn't stick for him. Soon he saw his once-promising music career slip away entirely. Eventually Bob found a way to defeat his addiction, and once he did, he saw the opportunity to help other hopeless cases by becoming a certified drug counselor. He's helped addicts from all walks of life, often employing methods that are very much at odds with the traditional rehab approach. *Running with Monsters* is an electrifying chronicle of the LA rock scene of the 1980s and '90s, the story of a man who survived and triumphed over his demons, and a controversial perspective on the rehab industry and what it really takes to beat addiction. Bob tells his story with unflinching honesty and hard-won perspective, making this a reading experience that shocks, entertains, and ultimately inspires.
