Mother — Reveals a woman's purpose is to give birth not only to new life but also to new levels of consciousness — Shows how female illnesses represent a disconnection from our true identity as women Four thousand years ago, women were seen as living representatives of the Great Mother, whose cyclical and potent energy gave birth to all existence. Today, this sacred awareness has been lost or distorted, causing a collective amnesia among women around the world. However, there is one symbol of the Great Mother's loving presence that has remained unchanged for tens of thousands of years: the physical body. Its curves, sensuality, softness, and monthly flow are constant reminders of this deep loving connection. When illness appears, especially within the breasts and fertility organs, a woman

is being reminded to return to her pure and sacred identity, where death and birth are essential for growth and love flows without expectations. Combining more than 30 years' experience in health care with in-depth research into the history and mythology of the divine feminine, Christine R. Page, M.D., reveals that women are the foundation of the birth of new levels of consciousness, without which the evolution of humanity will become barren and dry. Yet, such birth can occur only when women have the courage to reject the beliefs and images of the feminine imposed upon them four thousand years ago and reclaim their true identity. Through a fascinating journey into the body, Dr. Page shows the importance of self-love and self-respect and explains how sex is a natural process of unification

where women take the lead, similar to the ancient sacred priestesses. Dr. Page reminds women to reconnect to the potent and creative energy of Mother Earth, which gives power to the intuitive voice of the heart and nurtures new seeds of inspiration and enlightenment through the womb.

Simple Soulful Sacred is a guidebook for the modern woman who seeks clarity and guidance on how to live the life of her dreams, on her own terms. It's for the women of our time-the mothers, teachers, healers, light workers, dreamers, creators, leaders-who are ready to find their voice, speak their truth and own their power, whilst living life with less hustle and more flow. For modern women

wanting more for their lives, it's the now age definition of having it all. Women are rising; ready to step out of the cloak of masculine traits that keep them striving for a version of success that is not their own. Ready to stop hiding their light and playing the comparison game. And ready to fully embody their feminine power. Because whilst the feminine may have been disowned and devalued for centuries, we are so done with that story now. But it's still a paradox. Because within this very rising, women are longing to step out of the noise and chaos, to live more simply. They want time and space for what's most important to them; and the comfort, consciousness and connection that often gets lost in the busyness and distractions of daily life. This book is the bridge women have been seeking.

Offers ways in which women on-the-go can pamper themselves in quick and inexpensive ways in an attempt to keep balance and stability in their lives through either relaxation or a session of quiet meditation. Tour.

“A fascinating “herstory” of the Divine Feminine, rich in heart, depth and wisdom . . . an empowering message of hope and inspiration.” —Katherine Woodward Thomas, New York Times bestselling author *At the Dawn of Religion, God Was a Woman. The*

The Divine Feminine is known by innumerable names and symbol-rich manifestations across the world's

cultures. Throughout the ages the Goddess has been honored and worshiped as the Virgin Mary, Isis, Inanna, Asherah, Diana, Kuan Yin, Kali, Oshun, Athena, Pele, Sarasvati, Demeter, and White Buffalo Calf Woman, to mention just a few.

Goddess Power takes you on a fascinating and, at times, surprising journey into the enduring essence of the Divine Feminine. Inside this book you will learn:

- How the Goddess path offers an empowering message and inspiration
- The importance of re-establishing a healthy balance and integration of both the "masculine" and the "feminine" archetypes
- That the notion of God as archetypal "Sky-Father" is fairly recent in Western

culture □ Why the wisdom of the Goddess/Sacred Feminine has been ignored, distorted, and oppressed for centuries □ How archetypes, mythic narratives, and qualities of Goddesses are alive within you and how they reveal intimate truths about yourself and others □ How Goddesses can serve as empowering guides in your personal and professional life □ Why especially black Goddesses/dark-skinned Mothers (e.g., Kali or Black Madonna) are a powerful symbol and catalyst for change in our times, both individually and collectively □ And much, much more! □ An empowering message and inspiration that can be drawn from the Goddess so humanity might evolve toward higher awareness. □ □ Karen Tate, author of *Walking an Ancient Path and Goddess* 2.0

Shows how dance, the highest expression of spirituality in cultures and traditions all over the world, is being integrated into the lives of women today □ The first book to explore women's spiritual expression--women's ways--through a study of dance □ Investigates how dance came to be excluded from worship, and reveals how dance is once again being brought into spiritual practices □ Includes resources for further instruction in sacred dance

Today we primarily think of dance as a form of entertainment or as a way to exercise or socialize. There was a time, however, when dance was considered the way to commune with the divine, a part of life's journey, celebrating the seasons and rhythms of the year and the rhythms of our

lives. Dance is a language that reunites the body, mind, and soul. While the role of women's sacred dance was most valued in goddess-worshipping cultures where women served as priestesses and healers, dance was once an integral part of religious ritual and ceremonial expression in cultures all over the world, including Judaism and Christianity. In this book the author investigates how dance came to be excluded from worship and reveals how dance is once again being integrated into spiritual practices. Sacred Woman, Sacred Dance is the first book to explore women's spiritual expression--women's ways--through a study of dance. It describes sacred circles, birth rituals, ecstatic dances, and dances of loss and grief (in groups and individually) that allow women to
