Winner of the Commonwealth Writers' Prize. "Wonderfully written...populated by vivid characters and rendered in fascinating detail." —Nancy Kline, New York Times Book Review Kidnapped from Africa as a child, Aminata Diallo is enslaved in South Carolina but escapes during the chaos of the Revolutionary War. In Manhattan she becomes a scribe for the British, recording the names of blacks who have served the King and earned their freedom in Nova Scotia. But the hardship and prejudice of the new colony prompt her to follow her heart back to Africa, then on to London, where she bears witness to the injustices of slavery and its toll on her life and a whole people. It is a story that no listener, and no reader, will ever forget. Published in Canada as The Book of Negroes and the basis for the award-winning BET miniseries of the same name.

Bestselling and award-winning author Lisa Scottoline reaches new heights with this riveting novel about how a single decision can undo a family, how our past can derail our present, and how not guilty doesn't always mean innocent. Allie Garvey is heading home to the funeral of a childhood friend. Allie is not only grief-stricken, she's full of dread. Because going home means seeing the other two people with whom she shares an unbearable secret. Twenty years earlier, a horrific incident shattered the lives of five teenagers, including Allie. Drinking and partying in the woods, they played a dangerous prank that went tragically wrong, turning deadly. The teenagers kept what happened a secret, believing that getting caught would be the worst thing that could happen. But time has taught Allie otherwise. Not getting caught was far worse. Allie has been haunted for two decades by what she and the others did, and by the fact that she never told a soul. The dark secret has eaten away at her, distancing her from everyone she loves, including her husband. Because she wasn't punished by the law, Allie has punished herself, and it's a life sentence. Now, Allie stands on the precipice of losing everything. She's ready for a reckoning, determined to learn how the prank went so horribly wrong. She digs to unearth the truth, but reaches a shocking conclusion that she never saw coming--and neither will the reader. A deeply emotional examination of family, marriage, and the true nature of justice, Someone Knows is Lisa Scottoline's most powerful novel to date. Startling, page-turning, and with an ending that's impossible to forget, this is a tour de force by a beloved author at the top of her game.

Baldwin's early essays have been described as 'an unequalled meditation on what it means to be black in America'. This rich and stimulating collection contains 'Fifth Avenue, Uptown: a Letter from Harlem', polemical pieces on the tragedies inflicted by racial segregation and a poignant account of his first journey to 'the Old Country', the southern states. Yet equally compelling are his 'Notes for a Hypothetical Novel' and personal reflections on being American, on oother major artists - Ingmar Bergman and Andre Gide, Norman Mailer and Richard Wright - and on the first great conference of Negro - American writers and artists in Paris. In his introduction Baldwin describes the writer as requiring 'every ounce of stamina he can summon to attempt to look on himself and the world as they are'; his uncanny ability to do just that is proclaimed on every page of this famous book.

Grace describes what happens when she and her little brother are abandoned by their mother and stay at an emergency shelter for children.

From the award-winning author: A " wonderfully ambitious " novel of West Africa, told through the struggles and dreams of four extraordinary women (The Guardian). When a cousin offers Abie her family ' s plantation in the West African village of Rofathane in Sierra Leone, she leaves her husband, children, and career in London to reclaim the home she left behind long ago. With the help of her four aunts—Asana, Mariama, Hawa, and Serah—Abie begins a journey to uncover the past of her family and her home country, buried among the neglected coffee plants. From rivalries between local chiefs and religious leaders to arranged marriages, manipulative unions, traditional desires, and modern advancements, Abie ' s aunts weave a tale of a nation ' s descent into chaos—and their own individual struggles to claim their destiny. Hailed by Marie Claire as " a fascinating evocation of the experience of African women, and all that has been gained—and lost—with the passing of old traditions, " Ancestor Stones is a powerful exploration of family, culture, heritage, and hope. " This is [Forna ' s] first novel, but it is too sophisticated to read like one. " —The Guardian
