Energy technologies in the future will need to be based on renewable sources of energy and will, ultimately, need to be sustainable. This book provides insight into unintended, negative impacts and how they can be avoided. In order to steer away from the pitfalls and unintended effects, it is essential that the necessary knowledge is available to the developers and decision makers engaged in renewable energy. The value of this book lies in its presentation of the unintended health and environmental impacts from renewable energies. The book presents results from cross-disciplinary research on the implementation of alternative fuels in the transport sector, namely hydrogen, electricity and biodiesel. This is followed by an assessment of environmental impacts from the production of solar cells. Critical reviews on the use of nanotechnology and nanomaterials in the energy technologies is then provided, with the formation of nanoparticles during combustion of bio-blended diesel and their toxic effects, discussed in detail.

Do you feel that life is very complex and you have little control over what happens? Would you like to gain more clarity on the elements that make up human life so you can make better decisions? Would you like to increase your levels of well-being permanently? With this model called Life Strategy you can learn to do all these things and much more. This model takes into account the most important elements of human life and teaches you how all those elements work to give you the levels of well-being you desire. Through its practical process you can apply all these teachings in your life starting out by the things that make you unique and your particular circumstances. Throughout this book you'll learn: - The purpose we all have in life and how you can use it to make better decisions. - The 5 principles that will allow you to live a life without suffering. - The step-by-step process that will allow you to increase the knowledge about yourself. - The 9 areas of life and what you need to know about them to set all your goals. - The 3 steps to turn all your goals into a reality.

The most successful portraits take us well beyond the surface of how someone looks and show us the inner essence of who someone is. They reveal character, soul, and depth. They uncover hidden hopes and profound truths, revealing that authentic and deeply human light that shines within. And while technical expertise is undoubtedly important, it's not the light, camera, or pose that creates a great portrait. It's you, and it's the connection you create with the subject that makes all the difference. In Authentic Portraits, photographer Chris Orwig teaches you that the secret to creating meaningful portraits is simple: curiosity, empathy, kindness, and soul...plus a bit of technique. While Chris spends significant time on the fundamentals of "getting the shot"—working with natural light, nailing focus, dialing in the correct exposure, effectively posing and directing the subject, intentionally composing the frame—he also passionately discusses the need for personal development, creative collaboration, and connection with the subject. Because who you are directly and deeply affects what you create, and it is only through cultivating your own inner light that you will be able to bring it out in your subjects. Filled with instruction, insight, and inspiration, Authentic Portraits is an honest and personal book about creating better frames. It's also about becoming your best self. Take the journey, and you'll learn to find your vision and voice, bring intention to your photography and your life, embrace mystery, and understand the importance of gratitude and empathy. Along the way, you will teach the camera to see in a way that replicates how you feel, and you'll find you have all you need to create work of lasting significance.

Brand New's revolutionary innovation process is a proven road map you can put to work immediately to create successful new products, services, and business models. Written by leading innovation practitioners, and the coauthor of the bestseller Customers for Life, the authors of this tightly focused, highly entertaining book have nailed the issue perfectly when it comes to successfully introducing anything new. Research shows people like new products and services. Indeed they go out of their way to try to find them. Yet companies are truly terrible at providing new products and services that meet these customers' needs. Why are companies so bad at giving customers what they want? Because they lack a simple proven process that makes sure innovation occurs efficiently time after time. No one knows this better than Mike Maddock and his team at Maddock Douglas, the Agency of Innovation,™ which has worked closely with more than a quarter of Fortune 100. To solve the innovation paradox, Maddock explains the process his team has used to help the world's best companies and shows you how to Find needs and opportunity in the marketplace Come up with significant market insights Create compelling communication (using the actual words your customers use) to convince people to try your new creation What has worked for some of the world's most successful companies, when it comes to innovation, will work for you. Start putting the lessons of Brand New to work for you...before the competition does.

A guide to color management using Adobe Photoshop.

Farrago's Wainscot is a quarterly online zine that collects the weird and sublime in fiction and poetry. Words cannot be arranged in too strange a fashion for Old Man Farrago, and FWA 1 is the collected assortment of stories from the first year of the Wainscot's revival. Brand new! Fantastically fresh! With dogs in sweaters! Maybe not that last part, but everything else in the previous paragraph is true in the most literary weird sense possible, because that's what one comes to expect with the Wainscot.

Twelve-year-old Josie must find forever homes for seven rambunctious foster puppies in this heartwarming sequel to The Unlikely Story of a Pig in the City, which the Bulletin of the Center for Children's Books called "a compelling story that will appeal to the animal fans who loved The One and Only Ivan." Anytime Josie Shilling's large family gets too chaotic, volunteering at the local animal clinic is the one place she can escape—and she loves working with the animals. But when a box mysteriously appears on the clinic's front steps, Josie suddenly becomes responsible for seven adorable puppies! Taking care of her pig, Hamlet, last fall was a bit harder than she thought. So how is she ever going to handle a whole litter of mischievous pups and find the right homes for them all? This summer will bring big changes for Josie as she learns about growing up, letting go, and loving your pack no matter what. Dog Days in the City is a heartwarming blend of coming-of-age and animal friendship story that is perfect for fans of Ann M. Martin's Rain Reign, Joan Bauer's Almost Home, and Barbara O'Connor's Wish.
