naturalist and his family, who left England for the Greek island of Corfu—where they interacted with fascinating locals of both human and animal varieties—these memoirs have become beloved bestsellers and inspired the delightful series that aired on PBS television. Included in this three-book collection are: *My Family and Other Animals*: Ten-year-old Gerald Durrell arrives on sun-drenched Corfu with this family and pursues his interest in natural history, making friends with the island's fauna—from toads and tortoises to scorpions and geckos—while reveling in the joyous chaos of growing up in an unconventional household. *Birds, Beasts and Relatives*: Written after a boyhood spent studying zoology, this memoir is part nature guide, part coming-of-age tale, and all charmingly funny memoir. *The Garden of the Gods*: In the conclusion of the trilogy, Durrell shares more tales of wild animals and his even wilder family, including his

It is a tribute to his skill that one never tires of his accounts ” (Chicago Tribune). Gerald Durrell's *My Family and Other Animals* is a charming and comic autobiographical novel. Fleeing the gloomy British climate, the Durrell clan move to Corfu carrying the bare essentials of life- acne cures for Margo; revolvers for Leslie; books for Larry and a jam jar full of caterpillars for Gerry. Recounted with warmth and humour, it is a heart-warming portrait of an eccentric family surrounded by a wonderful cast of friends and fauna.

The Durrell family are immortalised in Gerald Durrell's *My Family and Other Animals* and its ITV adaptation, *The Durrells*. But what of the real life Durrells? Why did they go to Corfu in the first place - and what happened to them after they left? The real story of the Durrells is as surprising and fascinating as anything in Gerry's books, and Michael Haag, with his first hand knowledge of the family, is the ideal narrator, drawing on diaries, letters and unpublished autobiographical fragments. *The Durrells of Corfu* describes the family's upbringing in India and the crisis that brought them to England and then Greece. It recalls the genuine characters they encountered on Corfu - Theodore the biologist, the taxi driver Spiro Halikiopoulos and the prisoner Kosti - as well as the visit of American writer Henry Miller. And Haag has unearthed the story of how the Durrells left Corfu, including

Margo's and Larry's last-minute escapes before the War. An extended epilogue looks at the emergence of Larry as a world famous novelist, and Gerry as a naturalist and champion of endangered species, as well as the lives of the rest of the family, their friends and other animals. The book is illustrated with family photos from the Gerald Durrell Archive, many of them reproduced here for the first time.

Part of the trilogy of memoirs that inspired the television show *The Durrells in Corfu*: A naturalist's adventures with animals—and humans—on a Greek island. When his family moved to a Greek island, young naturalist Gerald Durrell was able to indulge his passion for wildlife of all sorts as he discovered the new world around him—and the creatures and people who inhabited it. Indeed, Durrell's years growing up on Corfu would inspire the rest of his life.

In addition to his tales of wild animals, Durrell recounts stories about his even wilder family—including his widowed mother, Louisa, and elder siblings Lawrence, Leslie, and Margo—with undeniable wit and humor. The final chapter in Durrell's reflections on his family's time in Greece before the start of World War II, *The Garden of the Gods* is a fascinating look at the childhood of a naturalist who was ahead of his time. This ebook features an illustrated biography of Gerald Durrell including rare photos from the author's estate.

The follow-up to *My Family and Other Animals* and the inspiration for *The Durrells in Corfu: A naturalist's memoir of his family's time on a Greek island*. Margaret Durrell starts a boarding house in Bournemouth. But any hopes of respectability are dashed as the tenants reveal themselves to be a host of eccentrics: from a painter of nudes to a pair of glamorous young nurses whose late-night shifts combined with an ever-revolving roster of gentleman callers leading to a neighbourhood rumour that Margo is running a brothel. Margo's own two sons, Gerry and Nicholas, prove to be every bit as mischievous as their famous Uncle Gerald - and he himself returns periodically with weird and wonderful animals, from marmosets to monkeys, that are quite unsuitable for life in a Bournemouth garden.
