## *Chapter 6* **The Electric Kool Aid Acid**

The Electric Kool-Aid Acid Test is a 1968 nonfiction book by Tom Wolfe. The book is a popular example of the New Journalism literary style. Wolfe presents a firsthand account of the experiences of Ken Kesey and his band of Merry Pranksters, who traveled across the US in a colorfully painted school bus, the Furthur, whose name was painted on the destination sign, indicating the general ethos of ...

# Read Book The Electric Kool Aid Acid Test Tom Wolfe

WITH AN INTRODUCTION BY  
JARVIS COCKER In the summer of  
1964, Tom Wolfe joined author Ken  
Kesey and his Merry Band of Pranksters  
as they set out on a trip like no other.  
Blazing across America in their day-glo  
schoolbus, doped up and deep 'in the  
pudding', the Pranksters' arrival on the  
scene - anarchic, exuberant and acid-  
infused - would turn on an entire counter-  
culture, and provide Wolfe with the  
perfect free-wheeling subject for this, his  
pioneering masterpiece of New  
Journalism.

The phrase radical chic was coined by  
Tom Wolfe in 1970 when Leonard  
Bernstein gave a party for the Black  
Panthers at his duplex apartment on Park  
Avenue. That incongruous scene is re-  
created here in high fidelity as is another

Wolfe meeting ground between militant minorities and the liberal white establishment, in *Radical Chic & Mau-Mauing the Flak Catchers*.

Si dice che chi ricorda gli anni Sessanta non li ha veramente vissuti. Tom Wolfe non solo li ha vissuti, ma li ha anche saputi raccontare con acume e immediatezza: in questo memorabile e ormai classico reportage pubblicato nel 1968, uno dei più riusciti esempi di "new journalism", lo scrittore ripercorre il "Magical Mystery Tour" di Ken Kesey attraverso gli Stati Uniti, dalla California a New York a bordo del "Furthur", un bizzarro autobus dipinto in colori sgargianti guidato nientemeno che da Neal Cassady, reduce dall'epopea Beat. Tra una manifestazione contro la guerra in Vietnam e un arresto per possesso di marijuana, Kesey, autore di *Qualcuno volò sul nido del cuculo*, e i suoi

Wolfe Merry Pranksters, un eterogeneo gruppo di artisti, sperimentavano le potenzialità creative delle droghe organizzando festini a base di Lsd noti come Acid Test. Ma soprattutto fomentavano la rivoluzione, trascinando l'America su una via pericolosamente allegra. Taccuino in mano, Tom Wolfe gentilmente declinava l'offerta di Lsd e annotava, raccontando al mondo la nascita della controcultura hippy, dell'arte psichedelica, e di tutto ciò che ha fatto degli anni Sessanta un momento di eccezionale ispirazione.

"An excellent book by a genius," said Kurt Vonnegut, Jr., of this now classic exploration of the 1960s from the founder of new journalism. "This is a book that will be a sharp pleasure to reread years from now, when it will bring back, like a falcon in the sky of memory, a whole world that is currently jetting and jazzing

Wolfe  
its way somewhere or other."--Newsweek  
In his first book, *The Kandy-Kolored  
Tangerine-Flake Streamline Baby* (1965)  
Wolfe introduces us to the sixties, to  
extravagant new styles of life that had  
nothing to do with the "elite" culture of the  
past.

Looking for new forms of status and  
power, the author travels from La Jolla to  
London in search of the 1960s subculture's  
wildest heroes. Reprint.

Wolfe  
considering Wolfe's concept of New Journalism as a form of writing between the novel and journalism.

The maestro storyteller and reporter provocatively argues that what we think we know about speech and human evolution is wrong. "A whooping, joy-filled and hyperbolic raid on, of all things, the theory of evolution." (Dwight Garner, New York Times) Tom Wolfe, whose legend began in journalism, takes us on an eye-opening journey that is sure to arouse widespread debate. **THE KINGDOM OF SPEECH** is a captivating, paradigm-shifting argument that speech--not evolution--is responsible for humanity's complex societies and achievements. From Alfred Russel Wallace, the Englishman who beat Darwin to the theory of natural selection but later renounced it, and through the controversial work of modern-

Wolfe anthropologist Daniel Everett, who defies the current wisdom that language is hard-wired in humans, Wolfe examines the solemn, long-faced, laugh-out-loud zig-zags of Darwinism, old and Neo, and finds it irrelevant here in the Kingdom of Speech.

Ken Kesey (1935–2001) is the author of several works of well-known fiction and other hard-to-classify material. His debut novel, *One Flew Over the Cuckoo's Nest*, was a critical and commercial sensation that was followed soon after by his most substantial and ambitious book, *Sometimes a Great Notion*. His other books, including *Demon Box*, *Sailor Song*, and two children's books, appeared amidst a life of astounding influence. He is maybe best known for his role as the charismatic and proto-hippie leader of the West Coast LSD movement that sparked

“The Sixties,” as iconically recounted in Tom Wolfe’s *The Electric Kool-Aid Acid Test*. In the introduction to “An Impolite Interview with Ken Kesey,” Paul Krassner writes, “For a man who says he doesn’t like to do interviews, Kesey certainly does a lot of them.” What’s most surprising about this statement is not the incongruity between disliking and doing interviews but the idea that Kesey could possibly have been less than enthusiastic about being the center of attention. After his two great triumphs, writing played a lesser role in Kesey’s life, but in thoughtful interviews he sometimes regrets the books that were sacrificed for the sake of his other pursuits. Interviews trace his arc through success, fame, prison, farming, and tragedy—the death of his son in a car accident profoundly altered his life. These conversations make clear Kesey’s central place in American culture and offer his
