Series information from author's website.

First published in 1897, *The Invisible Man* is one of the first science fiction stories. The disturbing tale centers on Griffin, a scientist who has discovered the means to make himself invisible. His initial, almost comedic, adventures are soon overshadowed by the bizarre streak of terror he unleashes upon the inhabitants of a small village. Notable for its sheer invention, suspense, and psychological nuance, *The Invisible Man* had been filmed many times and continues to enthrall science-fiction fans today as it did the reading public nearly 100 years ago.
