~~The Tomb Of Agamemnon Wonders Of The World~~

Of course, there is no tomb of Agamemnon, or so we now understand. But that was what launched a thousand fantasies including the reputation of the funeral mask mislabeled the "mask of Agamemnon." So a good chunk of the book is about 19th and 20th centuries views of and uses of Mycenae.

~~The Tomb of Agamemnon (Wonders of the World): Gere, Cathy~~

Agamemnon was the king of Mycenae and leader of the Greeks in the Trojan War, who was killed by his wife upon his return from Troy. In the late nineteenth century, archaeologist Heinrich Schliemann opened his tomb, believed to be 3,000 years old. Schliemann identified the body of Agamemnon, whom he said was buried with 16 other victims.

From Homer to Himmler, from Thucydides to Freud, Mycenae has occupied a singular place in the Western imagination. As the backdrop to one of the most famous military campaigns of all time, Agamemnon's city has served for generation after generation as a symbol of the human appetite for war. As an archaeological site, it has given its name to the splendors of one of Europe's earliest civilizations: the Mycenaean Age. In this book, historian of science Cathy Gere tells the story of these extraordinary ruins.

Gives comprehensive overview of wonders of ancient Greece and how some of the buildings still can be seen today among the ruins of Greece.

The story of St Peter's begins in the 1st century CE with the Hippodrome of Nero, one of two places where the Apostle Peter may have been crucified. 250 years later Constantine the Great marked the supposed site of Peter's tomb in an ancient cemetery with a great basilica. That in turn was replaced over a hundred-year period by a series of competitive renaissance and baroque Popes using the greatest artists of their day, all seeking to leave their mark on St Peter's. Here Keith Miller offers a rewarding account of a world-famous building: who built it; what it looks like and why; and how it affects the tourist or pilgrim. An intricate history, telling biography and the study of great art and architecture all play their part in a book that is a brilliant debut.
