lease options.

Lease Options are becoming quite the buzz word lately.

Years ago it was harder for me to get Realtors to even consider a Lease Option for their clients. Today, markets all across the country have changed. Lease Options are

Access Free The Turnkey

currently a viable industry trend and needed for many sellers to sell their homes. What is a Lease Option? A Lease Option is a way to purchase real estate, usually with very little or no money down, sometimes even with money back in the investor's

Access Free The Turnkey

pocket. Sound too good to be true? Well, it isn't. Can an investor end up with money in their pocket and not have to put 10-20% down to purchase real estate? Yes. This technique is used commonly today by the most successful real estate investors.

Page 65/104

Investor Series

The Turnkey

The lease option strategy gives an investor the right to lease a home and also the right to purchase the home during or before the end of the lease period. An option is a contract that gives an optionee the right to exercise a privilege - and in the case of

Page 66/104

Investor Series

real estate

investing, it gives
the optionee

(investor) the right
to purchase the

property during a
contracted period of
time. It is a

technique that

involves gaining a
control' of a

property, without
the total burdens of
ownership. ALL

Page 67/104

money made in real estate is made by controlling property. Owning property is the most obvious way to control it, but control is possible without ownership - and control is what makes the money. It was a dying John D. Rockefeller who told all of us his

Page 68/104

Investor Series

secret to achieving great wealth,
"Control everything, own nothing." All of the most successful real estate developers today utilize options, in one form or another. A sandwich lease option involves the investor selling the home to a tenant

Access Free The Turnkey

buyer through
"sandwiching"
themselves in the
middle of the deal.
When doing any
lease option deal, it
is one of my mottos
that everyone must
win or don't do the
deal. There are 3
people involved in a
Sandwich Lease
Option: the seller,
you (the investor)

Access Free

and the

tenant/buyer. It

must be a

win/win/win,

otherwise walk

away. Sandwich

lease options are

extremely

profitable for real

estate investors.
