TV Passport is a community for TV lovers. We provide users with their local TV listings, entertainment news and television highlights! A TV Media Inc. property

Even as the television industry experiences significant transformation and disruption in the face of streaming and online delivery, the television channel itself persists. If anything, the television channel landscape has become more complex to navigate as viewers can now choose between broadcast, cable, streaming, and premium services across a host of different platforms and devices. From Networks to Netflix provides an authoritative answer to that navigational need, helping students, instructors, and scholars understand these industrial changes through the lens of the channel. Through examination of emerging services like Hulu and Amazon Prime Video, investigation of YouTube channels and cable outlets like Freeform and Comedy Central, and critiques of broadcast giants like ABC and PBS, this book offers a concrete, tangible means of exploring the foundations of a changing industry.

The Internet didn't kill TV! It has become its best friend. Americans are watching more television than ever before, and we're engaging online at the same time we're tuning in. Social media has created a new and powerful backchannel, fueling the renaissance of live broadcasts. Mobile and tablet devices allow us to watch and experience television whenever and wherever we want. And connected TVs blend web and television content into a unified big screen experience bringing us back into our livingrooms. Social TV examines the changing (and complex) television landscape and helps brands navigate its many emerging and exciting marketing and advertising opportunities. Social TV topics include: Leveraging the (second screen) to drive synched and deeper brand engagement Using social ratings analytics tools to find and target lean-forward audiences Aligning brand messaging to content as it travels time-shifted across devices Determining the best strategy to approach marketing via connected TVs Employing addressable TV advertising to maximize content relevancy Testing and learning from the most cutting-edge emerging TV innovations The rise of one technology doesn't always mean the end of another. Discover how this convergence has created new marketing opportunities for your brand.

Written by recognized leaders in the field, MEDIA PROGRAMMING delivers the most accurate coverage of techniques and strategies used in the programming industry today. Reflecting the latest developments from real-world practice, this market-leading text covers all aspects of media programming for broadcast and cable television, radio, and the Internet with clear, current illustrations and examples. It offers in-depth coverage of emerging trends, including multiplatform strategies, cross-media, new media, high definition media, new programming strategies, and wireless and pay-per-view media. This proven text continues to focus on how programs (units of content) are selected (or not selected), arranged, evaluated, and promoted with the need to consider pressures from technology, financing, regulations, policies, and marketing. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle.

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

The ability to hold the world in the palm of your hands, mentally and financially, is obtained through a comfortable living. Professionals have stated: It's not about having peace of mind it's knowing how to live comfortably with your budget and not your neighbor's budget. A well-chosen financial plan and guide will provide structure so that one can live life to his or her own choosing. Stacking Dollars teaches the key to a comfortable lifestyle is to know how to effectively manage basic finances without regard to one's current socio-economic status. There is a broad market and demand for self-help books in the areas of family life, parenting, and human relations. Stacking Dollars is a combined self-help and how-to book, which is designed for the everyday person who is living from pay check to pay check, and who frequently asks the question: Why is my bank account always overdrawn?!

San Diego, California's second largest city with 70 miles of beaches and a mild Mediterranean climate, is popular for visitors temporary or permanent. Insiders' Guide to San Diego is the quintessential and comprehensive source for travel and relocation information about this sprawling, spectacular Southern California city. Take advantage of the personal perspective of the local authors to gain detailed knowledge necessary to making the most of your experience. Now in its sixth edition, this fully updated and revised guide includes seven maps and 32 black-and-white photographs.

This book highlights research-based case studies in order to analyze the wealth created in the world's largest mergers and acquisitions (M&A). This book encourages cross fertilization in theory building and applied research by examining the links between M&A and wealth creation. Each chapter covers a specific case and offers a focused clinical examination of the entire lifecycle of M&A for each mega deal, exploring all aspects of the process. The success of M&A are analyzed through two main research approaches: event studies and financial performance analyses. The event studies examine the abnormal returns to the shareholders in the period surrounding the merger announcement. The financial performance studies examine the reported financial results of acquirers before and after the acquisition to see whether financial performance has improved after merger. The relation between method of payment, premium paid and stock returns are examined. The chapters also discuss synergies of the deal-cost and revenue synergies. Mergers and acquisitions represent a major force in modern financial and economic environment. Whether in times of boom or bust, M&As have emerged as a compelling strategy for growth. The biggest companies of modern day have all taken form through a series of restructuring activities like multiple mergers. Acquisitions continue to remain as the quickest route companies take to operate in new markets and to add new capabilities and resources. The cases covered in this book highlights high profile M&As and focuses on the wealth creation for shareholders of acquirer and target firms as a financial assessment of the merger/s success. The book should be useful for finance professionals, corporate planners, strategists, and managers.

This book covers film, cable, broadcast, music, sports, publishing, social media, gaming and more.
