I bought a TomTom One 3rd edition last fall. Worst piece of junk I've bought in years. I bought it because I do service work. This piece of garbage misses more than it hits. I have much better luck with MSN local search. That hasn't missed yet. The TomTom One 3rd edition in my opinion is a total waste on money.

But a family tragedy leads to a stunning revelation: Iola is half Black. She is sold off into slavery and sent away from

her family. Eventually freed by the Union army, Iola embraces her newfound identity as a Black woman and becomes a nurse at a military hospital. When the war finally ends, Iola's struggles continue. But she rises to meet the challenge, working hard to improve life not only for herself, but for all Black Americans. Originally released in 1892, *Iola Leroy* is one of the first novels by an African American woman published in the United States. "Clearly Harper's words prove her awareness of the cultural and political functions of narrative. . . . *Iola Leroy* is a novel filled with the complexities and contradictions of black-and-female existence in America in the nineteenth century. While the success of the novel is indisputable in terms of copies sold, what is harder to measure is the extent to which it altered cultural and racial attitudes." —The Women's Review of Books
