Fella and Grebe have grown up on an island, believing that the world beyond its shores is toxic and that the islanders are the lucky survivors of a cataclysmic disaster. \*\*\*\*\* So, this is me. Lily Allen. I am a woman. I am a mother. I was a wife. I drink. I have taken drugs. I have loved and been let down. I am a success and a failure. I am a songwriter. I am a singer. I am all these things and more. When women share their stories, loudly and clearly and honestly, things begin to change - for the better. This is my story.

When she goes to an AA meeting, hoping for advice on fighting her addiction, she meets Alana, a woman who battles her own demons. Despite their determination not to get involved, the attraction is undeniable. Is it just bloodlust that makes Robin think Alana looks good enough to eat, or is it something more? Will it even matter once Alana finds out who Robin really is?

guilt turns to anger and then to a sadness so profound that he thinks he can't bear it. After is the map of a year following the suicide of a family member. In the course of months, with the love of his mother, with counseling, and with the balm of time, Francis takes his first steps toward coming to terms with his father's – and his family's – tragedy. After is intensely personal, but it will resonate with anyone who has faced the loss of a loved one. This brilliant autobiographical first novel is an acute analysis of the grieving process. Although it is steeped in Francis's sadness, it is ultimately a story of hope.

From insidious murder weapons to blaze-igniting crinolines, clothing has been the cause of death, disease and madness throughout history, by accident and design. Clothing is designed to protect, shield and comfort us, yet lurking amongst seemingly innocuous garments we find hats laced with mercury, frocks laden with arsenic and literally 'drop-dead gorgeous' gowns. Fabulously gory and gruesome, Fashion Victims takes the reader on a fascinating journey through the lethal history of women's, men's and children's dress, in myth and reality. Drawing upon surviving fashion objects and numerous visual and textual sources, encompassing louse-ridden military uniforms, accounts of the fiery deaths of Oscar Wilde's half-sisters and dancer Isadora Duncan's accidental strangulation by entangled scarf; the book explores how garments have tormented those who made and wore them, and harmed animals and the environment in the process. Vividly chronicling evidence from Greek mythology to the present day, Matthews David puts everyday apparel under the microscope and unpicks the dark side of fashion. Fashion Victims is lavishly illustrated with over 125 images and is a remarkable resource for everyone from scholars and students to fashion enthusiasts.

Now available in paperback, “Tom Perrotta meets Curtis Sittenfeld in this razor-sharp debut by Alison Espach, who weaves a wry, devastatingly perceptive coming-of-age tale set in Connecticut’s affluent suburbs” (Marie Claire). In her ruefully funny and wickedly perceptive debut novel, Alison Espach deftly dissects matters of the heart and captures the lives of children and adults as they come to terms with life, death, and love. At the center of this affluent suburban universe is Emily Vidal, a smart and snarky teenager, who gets involved in a suspect relationship with one of the adults after witnessing a suicide in her neighborhood. Among the cast of unforgettable characters is Emily’s father, whose fiftieth birthday party has the adults descending upon the Vidal’s patio; her mother, who has orchestrated the elaborate party even though she and her husband are getting a divorce; and an assortment of eccentric neighbors, high school teachers, and teenagers who teem with anxiety and sexuality and an unbridled desire to be noticed, and ultimately loved. An irresistible chronicle of a modern young woman’s struggle to grow up, The Adults lays bare—in perfect pitch—a world where an adult and a child can so dangerously be mistaken for the same exact thing.
