the word in context, break the word down into parts, and finally look it up. Three thousand carefully selected words taken from literature, textbooks, and SAT-prep books form the backbone of this vocabulary series. Each lesson begins with a Word List that includes pronunciations, parts of speech, and concise definitions, and uses each word in an interesting, contextual, sentence. Lessons teach new words through reading, writing, and a variety of activities designed to firmly associate words with the context in which they're used. Wordly Wise 3000, Book 2 is made up of 15 lessons with 10 words in each lesson. Starting in Book 2, vocabulary instruction becomes more sophisticated, while continuing to prepare students for content area learning; lessons focus on building vocabulary while strengthening reading, writing, and critical thinking skills. Comprehension of the vocabulary words is facilitated and
