First World War / प्रथम विश्व युद्ध 1914 से 1919 तक चलने वाला एक विश्व–स्तरीय युद्ध था जिसमे मध्य संसार के तीन महाद्वीप यूरोप, एशिया और अफ्रीका के बीच जल, थल और आकाश में युद्ध लड़ा गया था। इसमें भाग लेने वाले देशों की संख्या, इसका क्षेत्र और इससे हुई क्षति के अभूतपूर्व आंकड़ों के कारण ही इसे विश्व युद्ध का नाम दिया गया। इसे ग्रेट वार अथवा ग्लोबल वार भी कहा जाता है।

During World War II, South African and Australian forces used the heliograph against German forces in Libya and Egypt in 1941 and 1942. [1] The heliograph remained standard equipment for military signallers in the Australian and British armies until the 1940s, where it was considered a "low probability of intercept" type of communication.

A masterful and comprehensive chronicle of World War II, by internationally bestselling historian Antony Beevor. Over the past two decades, Antony Beevor has established himself as one of the world's premier historians of WWII. His multi-award winning books have included Stalingrad and The Fall of Berlin 1945. Now, in his newest and most ambitious book, he turns his focus to one of the bloodiest and most tragic events of the twentieth century, the Second World War. In this searing narrative that takes us from Hitler's invasion of Poland on September 1st, 1939 to V-J day on August 14, 1945 and the war's aftermath, Beevor describes the conflict and its global reach -- one that included every major power. The result is a dramatic and breathtaking single-volume history that provides a remarkably intimate account of the war that, more than any other, still commands attention and an audience. Thrillingly written and brilliantly researched, Beevor's grand and provocative account is destined to become the definitive work on this complex, tragic, and endlessly fascinating period in world history, and confirms once more that he is a military historian of the first rank.

Public health officials and organizations around the world remain on high alert because of increasing concerns about the prospect of an influenza pandemic, which many experts believe to be inevitable. Moreover, recent problems with the availability and strain-specificity of vaccine for annual flu epidemics in some countries and the rise of pandemic strains of avian flu in disparate geographic regions have alarmed experts about the world's ability to prevent or contain a human pandemic. The workshop summary, The Threat of Pandemic Influenza: Are We Ready? addresses these urgent concerns. The report describes what steps the United States and other countries have taken thus far to prepare for the next outbreak of "killer flu." It also looks at gaps in readiness, including hospitals' inability to absorb a surge of patients and many nations' incapacity to monitor and detect flu outbreaks. The report points to the need for international agreements to share flu vaccine and antiviral stockpiles to ensure that the 88 percent of nations that cannot manufacture or stockpile these products have access to them. It chronicles the toll of the H5N1 strain of avian flu currently circulating among poultry in many parts of Asia, which now accounts for the culling of millions of birds and the death of at least 50 persons. And it compares the costs of preparations with the costs of illness and death that could arise during an outbreak.

“The single most resonant and carefully imagined book of Dick’s career.” —New York Times It’s America in 1962. Slavery is legal once again. The few Jews who still survive hide under assumed names. In San Francisco, the I Ching is as common as the Yellow Pages. All because some twenty years earlier the United States lost a war—and is now occupied by Nazi Germany and Japan. This harrowing, Hugo Award-winning novel is the work that established Philip K. Dick as an innovator in science fiction while breaking the barrier between science fiction and the serious novel of ideas. In it Dick offers a haunting vision of history as a nightmare from which it may just be possible to wake. Winner of the Hugo Award

'War pressed against every frontier. Suddenly dismayed, governments struggled and twisted to fend it off. It was no use . . .' Barbara Tuchman's universally acclaimed, Pulitzer prize-winning account of how the first thirty days of battle determined the course of the First World War is to this day revered as the classic account of the conflict's opening. From the precipitous plunge into war and the brutal and bloody battles of August 1914, Tuchman shows how events were propelled by a horrific logic which swept all sides up in its unstoppable momentum. 'Fascinating, splendid, glittering. One of the finest works of history.' New York Times 'Excellent.' Wall Street Journal 'Brilliant, exciting.' Washington Post 'Brilliant . . . grips the mind.' New Yorker 'A brilliant achievement.' Sunday Telegraph

A collection of the author's lesser-known writings includes stories, personal reminiscences, previously deleted excerpts from her diary, and an unfinished novel composed while she was hidden from the Nazis.

An acclaimed historian unfolds a monumental, eyewitness page-turner on the tragic fall of France to Hitler’s Third Reich at the outset of WWII. As an international war correspondent and radio commentator, William L. Shirer didn’t just research the fall of France. He was there. In just six weeks, he watched the Third Reich topple one of the world’s oldest military powers—and institute a rule of terror and paranoia. Based on in-person conversation with the leaders, diplomats, generals, and ordinary citizens who both shaped the events of this time and lived through them on a daily basis, Shirer shapes a compelling account of historical events—without losing sight of the personal experience. From the heroic efforts of the Freedom Fighters to the tactical military misjudgments that caused the fall and the daily realities of life for French citizens under Nazi rule, this fascinating and exhaustively documented account from one of the twentieth Century’s most important historians makes the events of the fall accessible to a younger audience in vivid and memorable style.

An instant New York Times Bestseller! Longlisted for the 2019 National Book Award for Fiction, the Carnegie Medal in Fiction, the 2019 Aspen Words Literacy Prize, and the PEN/Hemingway Debut Novel Award Shortlisted for the 2019 Center for Fiction First Novel Prize Winner of the 2019 New England Book Award for Fiction! Named one of the most anticipated books of 2019 by Vulture, Entertainment Weekly, Buzzfeed, Los Angeles Times, Boston Globe, Oprah.com, Huffington Post, The A.V. Club, Nylon, The Week, The Rumpus, The Millions, The Guardian, Publishers Weekly, and more. "A lyrical work of self-discovery that's shockingly intimate and insistently universal...Not so much briefly gorgeous as permanently stunning." --Ron Charles, The Washington Post Poet Ocean Vuong's debut novel is a shattering portrait of a family, a first love, and the redemptive power of storytelling On Earth We're Briefly Gorgeous is a letter from a son to a mother who cannot read. Written when the speaker, Little Dog, is in his late twenties, the letter unearths a family's history that began before he was born -- a history whose epicenter is rooted in Vietnam -- and serves as a doorway into parts of his life his mother has never known, all of it leading to an unforgettable revelation. At once a witness to the fraught yet undeniable love between a single mother and her son, it is also a brutally honest exploration of race, class, and masculinity. Asking questions central to our American moment, immersed as we are in addiction, violence, and trauma, but undergirded by compassion and tenderness, On Earth We're Briefly Gorgeous is as much about the power of telling one's own story as it is about the obliterating silence of not being heard. With stunning urgency and grace, Ocean Vuong writes of people caught between disparate worlds, and asks how we heal and rescue one another without forsaking who we are. The question of how to survive, and how to make of it a kind of joy, powers the most important debut novel of many years. Named a Best Book of the Year by: GQ, Kirkus Reviews, Booklist, Library Journal, TIME, Esquire, The Washington Post, Apple, Good Housekeeping, The New Yorker, The New York Public Library, Elle.com, The Guardian, The A.V. Club, NPR, Lithub, Entertainment Weekly, Vogue.com, The San Francisco Chronicle, Mother Jones, Vanity Fair, The Wall Street Journal Magazine and more!
