Children of England - Alison Weir 1996

Royal Renegades - Linda Porter 2016

The fact that the English Civil War led to the execution of King Charles I in January 1649 is well known, as is the restoration of his eldest son as Charles II eleven years later. But what happened to the king's six surviving children is far less familiar. Casting new light on the heirs of the doomed king and his unpopular but indefatigable Catholic queen, Henrietta Maria, acclaimed historian Linda Porter brings to life their personalities, legacies, feuds and rivalries for the first time. As their calm and loving family life was shattered by war, Elizabeth and Henry were used as pawns in the parliamentary campaign against their father; Mary, the Princess Royal, was whisked away to the Netherlands as the child bride of the Prince of Orange; Henriette Anne's redoubtable governess escaped with the king's youngest child to France where she grew up under her mother's thumb and eventually married the cruel and flamboyant Philippe d'Orleans. When their 'dark and ugly' brother Charles eventually succeeded his father to the English throne after fourteen years of wandering, he promptly enacted a vengeful punishment on those who had spurned his family, with his brother James firmly in his shadow. A tale of love and endurance, of battles and flight, of educations disrupted, the lonely death of a young princess and the wearisome experience of exile, *Royal Renegades* charts the fascinating story of the children of loving parents who could not protect them from the consequences of their own failings as monarchs and the forces of upheaval sweeping England.

Early Modern England 1485-1714 - Robert Bucholz 2019-12-31

The new, fully-updated edition of the popular introduction to the Tudor-Stuart period—offers fresh scholarship and improved readability. *Early Modern England 1485-1714* is the market-leading introduction to the Tudor-Stuart period of English history. This accessible and engaging volume enables readers to understand the political, religious, cultural, and socio-economic forces that propelled the nation from small feudal state to preeminent world power. The authors, leading scholars and teachers in the field, have designed the text for those with little or no prior knowledge of the subject. The book's easy-to-follow narrative explores the world the English created and inhabited between the 15th and 18th centuries. This new edition has been thoroughly updated to reflect the latest scholarship on the subject, such as Henry VIII's role in the English Reformation and the use of gendered language by Elizabeth I. A new preface addresses the theme of periodization, while revised chapters offer fresh perspectives on proto-industrialization in England, economic developments in early modern London, merchants and adventurers in the Middle East, the popular cultural life of ordinary people, and more. Offering a lively, reader-friendly narrative of the period, this text: Offers a wide-ranging overview of two and half centuries of English history in one volume Highlights how social and cultural changes affected ordinary English people at various stages of the time period Explores how the Irish, Scots, and Welsh affected English history Features maps, charts, genealogies and illustrations throughout the text Includes access to a companion website containing online resources *Early Modern England 1485-1714* is an indispensable resource for undergraduate students in early modern England courses, as well as students in related fields such as literature and Renaissance studies.

Child of Water - G Lawrence 2020-02-07

Winter, 1110, England On a beach, standing in the snow, a girl of eight winters waits for a ship that will take her from her homeland of England, from her family, to her husband. That girl is Matilda, daughter of Henry I, King of the English and Duke of Normandy. In time she would become Queen of the Germans and Romans, and Empress of the Holy Empire. From the dark forests and mighty castles of the German states of the Empire, to the Alps, northern Italy and Rome, Matilda will travel, at first the apprentice of power, learning from her husband, Heinrich, the Emperor. Through times of war and peace, loss and deepest sorrow, her story unfolds, leading her back to the place of her birth, and the promise of a throne. *Child of Water* is the first book in the series *The Heirs of Anarchy*, by G. Lawrence. The author's thanks are due to Julia Gibbs, proof reader of this work, and Consuelo Parra, the cover artist.

Britain's Royal Families - Alison Weir 2008

"George III is alleged to have married secretly, on 17th April, 1759, a Quakeress called Hannah Lightfoot, daughter of a Wapping shoemaker, who is said to have borne him three children. Documents relating to the alleged marriage, bearing the Prince's signature, were impounded and examined in 1866 by the Attorney General. Learned opinion at the time leaned to the view that these documents were genuine. They were then placed in the Royal Archives at Windsor; in 1910, permission was refused a would-be author who asked to see them. If George III did make such a marriage when he was Prince of Wales, before the passing of the Royal Marriages Act in 1772, then his subsequent marriage to Queen Charlotte was bigamous, and every monarch of Britain since has been a usurper, the rightful heirs of George III being his children by Hannah Lightfoot, if they ever existed"--*Britain's Royal Families*. "*Britain's Royal Families*" is a unique reference book. It provides, for the first time in one volume, complete genealogical details of all members of the royal houses of England, Scotland and Great Britain - from 800AD to the present. Here is the vital biographical information relating not only to each monarch, but also to every member of their immediate family, from parents to grandchildren. Drawing on countless authorities, both ancient and modern, Alison Weir explores the royal family tree in unprecedented

depth and provides a comprehensive guide to the heritage of today's royal family.

Lost Heirs of the Medieval Crown - J. F. Andrews 2019-10-30

"A fascinating study of the also-rans and almost-made-its of medieval history . . . Beautifully written and well researched, it is an engaging read." —History . . . The Interesting Bits! When William the Conqueror died in 1087, he left the throne of England to William Rufus . . . his second son. The result was an immediate war as Rufus's elder brother Robert fought to gain the crown he saw as rightfully his; this conflict marked the start of 400 years of bloody disputes as the English monarchy's line of hereditary succession was bent, twisted and finally broken when the last Plantagenet king, Richard III, fell at Bosworth in 1485. The Anglo-Norman and Plantagenet dynasties were renowned for their internecine strife, and in *Lost Heirs* we will unearth the hidden stories of fratricidal brothers, usurping cousins and murderous uncles; the many kings—and the occasional queen—who should have been but never were. History is written by the winners, but every game of thrones has its losers too, and their fascinating stories bring richness and depth to what is a colorful period of history. King John would not have gained the crown had he not murdered his young nephew, who was in line to become England's first King Arthur; Henry V would never have been at Agincourt had his father not seized the throne by usurping and killing his cousin; and as the rival houses of York and Lancaster fought bloodily over the crown during the Wars of the Roses, life suddenly became very dangerous indeed for a young boy named Edmund. "A journey through the minefield of opposing factions fighting for the crown of England." —Books Monthly

Queen Isabella - Alison Weir 2006-12-26

BONUS: This edition contains an excerpt from Alison Weir's *Mary Boleyn*. In this vibrant biography, acclaimed author Alison Weir reexamines the life of Isabella of England, one of history's most notorious and charismatic queens. Isabella arrived in London in 1308, the spirited twelve-year-old daughter of King Philip IV of France. Her marriage to the heir to England's throne was designed to heal old political wounds between the two countries, and in the years that followed she became an important figure, a determined and clever woman whose influence would come to last centuries. Many myths and legends have been woven around Isabella's story, but in this first full biography in more than 150 years, Alison Weir gives a groundbreaking new perspective.

George III's Children - John Van der Kiste 2004-01-19

On 12 August 1762, Queen Charlotte gave birth to her first child. Twenty-one years later, to the week, the 15th and youngest was born. All but two children survived to maturity. The eldest of King George III's children, who became Prince Regent and King George IV, is less remembered for his patronage of the arts than for his extravagance, and maltreatment of his wife Caroline. As Commander-in-Chief to the British army, the administrative qualities of Frederick, Duke of York are largely forgotten, while King William IV, usually dismissed as a figure of fun, brought a new affability to the monarchy which helped him through the storms engendered during the passage of the Great Reform Bill in 1832. The princesses, for many years victims of their parents' possessiveness, married late in life, if at all, and are passed off as non-entities. This objective portrayal of the royal family draws upon contemporary sources to lay to rest the gossip and exaggeration.

The Children of Henry VIII - Alison Weir 1997-07-08

"Fascinating . . . Alison Weir does full justice to the subject."—The Philadelphia Inquirer At his death in 1547, King Henry VIII left four heirs to the English throne: his only son, the nine-year-old Prince Edward; the Lady Mary, the adult daughter of his first wife Katherine of Aragon; the Lady Elizabeth, the teenage daughter of his second wife Anne Boleyn; and his young great-niece, the Lady Jane Grey. In this riveting account

Alison Weir paints a unique portrait of these extraordinary rulers, examining their intricate relationships to each other and to history. She traces the tumult that followed Henry's death, from the brief intrigue-filled reigns of the boy king Edward VI and the fragile Lady Jane Grey, to the savagery of "Bloody Mary," and finally the accession of the politically adroit Elizabeth I. As always, Weir offers a fresh perspective on a period that has spawned many of the most enduring myths in English history, combining the best of the historian's and the biographer's art. "Like anthropology, history and biography can demonstrate unfamiliar ways of feeling and being. Alison Weir's sympathetic collective biography, *The Children of Henry VIII* does just that, reminding us that human nature has changed—and for the better. . . . Weir imparts movement and coherence while re-creating the suspense her characters endured and the suffering they inflicted."—The New York Times Book Review

A Child's History of England - Charles Dickens 2017-04-13

A Child's History of England is a book by Charles Dickens. Dickens also published the work in book form in three volumes: the first volume on December 20, 1851; the second, December 25, 1852; and the third, December 24, 1853. Although the volumes were published in December, each was postdated the following year. They bore the titles: Volume I. - *England from the Ancient Times, to the Death of King John* (1852) Volume II. - *England from the Reign of Henry the Third, to the Reign of Richard the Third* (1853) Volume III. - *England from the Reign of Henry the Seventh to the Revolution of 1688* (1854) Dickens dedicated the book to "My own dear children, whom I hope it may help, bye and bye, to read with interest larger and better books on the same subject". The history covered the period between 50 BC and 1689, ending with a chapter summarising events from then until the accession of Queen Victoria. *A Child's History* was included in the curricula of British School children well into the 20th century, with successive editions published from 1851 to World War II.

Commentaries on the Laws of England - Sir William Blackstone 1774

The *Commentaries* were long regarded as the leading work on the development of English law and played a role in the development of the American legal system. They were in fact the first methodical treatise on the common law suitable for a lay readership since at least the Middle Ages. This is book one out of four, including more than 1000 footnotes and annotations.

The Heirs of Locksley - Carrie Vaughn 2020-08-04

Carrie Vaughn follows up *The Ghosts of Sherwood* with the charming, fast-paced *The Heirs of Locksley*, continuing the story of Robin Hood's children. "We will hold an archery contest. A simple affair, all in fun, on the tournament grounds. Tomorrow. We will see you there." The latest civil war in England has come and gone, King John is dead, and the nobility of England gathers to see the coronation of his son, thirteen year old King Henry III. The new king is at the center of political rivalries and power struggles, but John of Locksley—son of the legendary Robin Hood and Lady Marian—only sees a lonely boy in need of friends. John and his sisters succeed in befriending Henry, while also inadvertently uncovering a political plot, saving a man's life, and carrying out daring escapes. All in a day's work for the Locksley children... At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Historical Dictionary of the British Monarchy - James Panton 2011-02-24
