## **Geek Girls Unite** - Leslie Simon 2011-10-04

What do Amy Poehler, Bjork, Felicia Day, Martha Stewart, Miranda July, and Zooey Deschanel have in common? They're just a few of the amazing women proving that "geek" is no longer a four-letter word. In recent years, male geeks have taken the world by storm. But what about their female counterparts? After all, fangirls are just like fanboys—they put on their Imperial Stormtrooper Lycra pants one leg at a time. Geek Girls Unite is a call to arms for every girl who has ever obsessed over music, comics, film, comedy, books, crafts, fashion, or anything else under the Death Star. Music geek girl Leslie Simon offers an overview of the geek elite by covering groundbreaking women, hall-of-famers, ultimate love matches, and potential frenemies, along with her top picks for playlists, books, movies, and websites. This smart and hilarious tour through girl geekdom is a must-have for any woman who has ever wondered where her sassy rebel sisters have been hiding.

## Girl Geeks 1: The Hackathon - Alex Miles 2019-07-02

Hamsa's teacher has announced that their class will be doing their very own hackathon. A hack-a-what? thinks Hamsa. She doesn't know anything about tech or coding! Can Hamsa and her team come up with

the goods or will things fall apart as she plays it too cool for school?

## A Geek Girl's Guide to Murder - Julie Anne Lindsey 2017-02-07

Fatal Error IT manager Mia Connors is up to her tortoiseshell glasses in technical drama when a glitch in the Horseshoe Falls email system disrupts security and sends errant messages to residents of the gated community. Mia doesn't have time to hunt down a computer hacker. Her best friend has disappeared, and she finds another of her friends murdered--in her office. Then the hunky new head of Horseshoe Falls security identifies Mia as the prime suspect. Eager to clear her name, Mia moves into action to locate her missing buddy and find out who killed their friend. But her quick tongue gets her into trouble with more than the new head of security. When Mia begins receiving threats, the killer makes it clear that he's closer than she ever imagined.

## **Geek Girl's Guide to Geek Women** - Lynn Beighley 2018-01-26

This hands-on book takes a look at four brilliant women -- Ada Lovelace, Anna Atkins, Hildegard Von Bingen, and Maria Telkes -- and the world-changing innovations they created. Walk in their footsteps as you discover how these women became inventors, learn what inspired them, and then try your hand at recreating their most famous inventions -- computer programs, solar photography, codes and ciphers, and water purifiers.

## Interactive Project Management - Nancy Lyons 2012-04-12

As an industry, interactive is different. The work entails elements of software development, marketing, and advertising, yet it's neither purely technical nor traditional "agency" work. Delivery methods are different, and because the industry is relatively new, the gap in understanding between the clients buying the work and the teams building it is often wide. Enter the geek girls guide. Nancy Lyons and Meghan Wilker don't just tell you how to deliver digital work, they demonstrate how to think about it. *Interactive Project Management: Pixels, People, and Process* helps clients, agencies, and industry professionals better understand the critical role of interactive project management, and presents a collaborative, people-focused approach to delivering high-quality digital work. In this book, the authors: Define the unique characteristics of interactive projects Explain the importance of emotional intelligence in the workplace Discuss communication techniques that help teams work together more efficiently Outline a process and specific deliverables that clarify how to think about critical aspects of a project Provide questions, tasks, tips, and advice that effectively move teams from initiation to launch

"My name is Harriet Manners, and I am a geek." A brand new World Book Day story from the no. 1 bestselling and award-winning GEEK GIRL series!

**Fake Geek Girls** - Suzanne Scott 2019-04-16

Reveals the systematic marginalization of women within pop culture fan communities When Ghostbusters returned to the screen in 2016, some

male fans of the original film boycotted the all-female adaptation of the cult classic, turning to Twitter to express their disapproval and making it clear that they considered the film's "real" fans to be white, straight men. While extreme, these responses are far from unusual, with similar uproars around the female protagonists of the new Star Wars films to full-fledged geek culture wars and harassment campaigns, as exemplified by the #GamerGate controversy that began in 2014. Over the past decade, fan and geek culture has moved from the margins to the mainstream as fans have become tastemakers and promotional partners, with fan art transformed into official merchandise and fan fiction launching new franchises. But this shift has left some people behind. Suzanne Scott points to the ways in which the "men's rights" movement and antifeminist pushback against "social justice warriors" connect to new mainstream fandom, where female casting in geek-nostalgia reboots is vilified and historically feminized forms of fan engagement—like cosplay and fan fiction—are treated as less worthy than male-dominant expressions of fandom like collection, possession, and cataloguing. While this gender bias harkens back to the origins of fandom itself, Fake Geek Girls contends that the current view of women in fandom as either inauthentic masqueraders or unwelcome interlopers has been tacitly endorsed by Hollywood franchises and the viewer demographics they selectively champion. It offers a view into the inner workings of how digital fan culture converges with old media and its biases in new and novel ways.

**Geek Girl and the Scandalous Earl** - Gina Lamm 2013-03-05

The Stakes Have Never Been Higher... An avid gamer, Jamie Marten loves to escape into online adventure. But when she falls through an antique mirror into a lavish bedchamber—200 years in the past!—she realizes she may have escaped a little too far. Micah Axelby, Earl of Dunnington, has just kicked one mistress out of his bed and isn't looking to fill it with another—least of all this sassy, nearly naked woman who claims to be from the future. Yet something about her is undeniably enticing... Jamie and Micah are worlds apart. He's a peer of the realm. She can barely make rent. He's horse-drawn. She's Wi-Fi. But in the

game of love, these two will risk everything to win.

**All Wrapped Up** - Holly Smale 2016-10-06

Geek Girl: Model Misfit - Holly Smale 2015-07-21

You can make a geek a model, but you can't make her chic. More hilarity and high fashion await in the second book in the internationally bestselling Geek Girl series! Harriet Manners is a model—but she feels even less popular and more awkward than she did when she was just a geek. So a summer modeling job in Japan sounds like the perfect vacation, even if she has to bring along her crazy grandma Bunty, and even if she might run into Nick, her gorgeous supermodel ex-boyfriend. No one is going to ruin Harriet's fabulous Tokyo adventure—unless she accidentally ruins it herself. . . . This sequel to Holly Smale's #1 bestselling debut novel, *Geek Girl*, is perfect for fans of Mag Cabot's *Princess Diaries* series and Louise Rennison's *Georgia Nicolson* series.

Forever Geek (Geek Girl, Book 6) - Holly Smale 2017-03-09

Geek Girl 04. All That Glitters - Holly Smale 2015-08-27

My name is Harriet Manners, and I have always been a geek. The fourth book in the award-winning GEEK GIRL series. Harriet Manners knows many things. She knows that toilet roll was invented by the Chinese in 600 AD. She knows that a comet's tail always points away from the sun. And she knows that the average healthy heart beats 70 times per minute. Even when it's broken. But she knows nothing about making new friends at Sixth Form. Or why even her old friends seem to be avoiding her. And she knows even less about being a glittering supermodel success. Which she now is apparently. Has Harriet's time to shine like a star finally arrived, or is she about to crash and burn?"

*Geek Girl: Picture Perfect* - Holly Smale 2016-08-02

Geek Girl is coming to America! The internationally bestselling series takes on the Big Apple in this third hilarious, high-fashion adventure. When Harriet's dad gets a job in New York City, Harriet is beyond excited to move to the land of skyscrapers, museums, and taxicabs—especially since she'll get to see her dreamy supermodel boyfriend, Nick. Except . . . when her parents said New York, they meant a tiny, boring town two hours from the city by train. Diving back into modeling should be just the right distraction. But can a geek girl stand out in the fashion capital of America? "A cheeky, fabulous, fun read" (ALA Booklist), Holly Smale's Geek Girl series is perfect for fans of Meg Cabot's Princess Diaries series and Louise Rennison's Georgia Nicolson series.

**The First 20 Hours** - Josh Kaufman 2013-06-13

Forget the 10,000 hour rule— what if it's possible to learn the basics of

any new skill in 20 hours or less? Take a moment to consider how many things you want to learn to do. What's on your list? What's holding you back from getting started? Are you worried about the time and effort it takes to acquire new skills—time you don't have and effort you can't spare? Research suggests it takes 10,000 hours to develop a new skill. In this nonstop world when will you ever find that much time and energy? To make matters worse, the early hours of practicing something new are always the most frustrating. That's why it's difficult to learn how to speak a new language, play an instrument, hit a golf ball, or shoot great photos. It's so much easier to watch TV or surf the web . . . In *The First 20 Hours*, Josh Kaufman offers a systematic approach to rapid skill acquisition— how to learn any new skill as quickly as possible. His method shows you how to deconstruct complex skills, maximize productive practice, and remove common learning barriers. By completing just 20 hours of focused, deliberate practice you'll go from knowing absolutely nothing to performing noticeably well. Kaufman personally field-tested the methods in this book. You'll have a front row seat as he develops a personal yoga practice, writes his own web-based computer programs, teaches himself to touch type on a nonstandard keyboard, explores the oldest and most complex board game in history, picks up the ukulele, and learns how to windsurf. Here are a few of the simple techniques he teaches: Define your target performance level: Figure out what your desired level of skill looks like, what you're trying to achieve, and what you'll be able to do when you're done. The more specific, the better. Deconstruct the skill: Most of the things we think of as skills are actually bundles of smaller subskills. If you break down the subcomponents, it's easier to figure out which ones are most important and practice those first. Eliminate barriers to practice: Removing common distractions and unnecessary effort makes it much easier to sit down and focus on deliberate practice. Create fast feedback loops: Getting accurate, real-time information about how well you're performing during practice makes it much easier to improve. Whether you want to paint a portrait, launch a start-up, fly an airplane, or juggle flaming chainsaws, *The First 20 Hours* will help you pick up the basics of any skill in record

time . . . and have more fun along the way.

Picture Perfect - Holly Smale 2015-01-29

"My name is Harriet Manners, and I'll always be a geek." It's the hilarious third book in the bestselling award-winning Geek Girl series! Now in paperback. Harriet Manners knows more facts than most. She knows that New York is the most populous city in the United States. She knows that its official motto is "Ever Upward". She knows that one in thirty-eight people living in the US lives there. But she knows nothing whatsoever about modelling in the Big Apple and how her family will cope with life stateside. Or "becoming a brand" as the models in New York say. And even more importantly, what to do when the big romantic gestures aren't coming your way from your boyfriend... Does geek girl go too far this time? The laugh out loud follow-up to award-winning debut *Geek Girl and Model Misfit* will have you in stitches!

The Fifty Worst Films of All Time - Harry Medved 1978

**Picture Perfect** - Holly Smale 2014

Harriet Manners knows more facts than most. She knows that New York is the most populous city in the United States. She knows that its official motto is 'Ever Upward'. She knows that one in thirty-eight people living in the US lives there. But she knows nothing whatsoever about modelling in the Big Apple and how her family will cope with life stateside. Or 'becoming a brand' as the models in New York say. And even more importantly, what to do when the big romantic gestures coming your way aren't from your boyfriend... A Geek Girl's Guide to Arsenic - Julie Anne Lindsey 2016-03-07

It's been three months since Jake Archer rolled into town, accused Mia Connors of murder and stole her heart. She hasn't heard from him since. So when a man collapses at the fall Renaissance Faire, she's surprised to see the US marshal arrive on scene. And shocked when he points the finger at her—again. Mia would sooner be able to resurrect the poor fellow than poison him. Jake Archer's career has been rising fast, but it's about to come to a crashing halt. The Ren-Faire victim was in protective custody—Jake's custody—and they were painfully close to nabbing a

major crime boss. If Jake doesn't solve the murder soon, he'll be fetching donuts instead of protecting his nation. A difficult enough task without the alluring Mia Connors in the way. Working with Jake to catch the killer might push Mia into crazy-cat-lady territory. But with a murderer on the loose—and Mia's reputation on the line—they'll have to work fast to find the killer before the killer finds them. Book two of the *Geek Girl Mysteries*

Sunny Side Up - Holly Smale 2017-06

Harriet Manners knows many facts. And she knows everything there is to know about Paris ... except what to do when you're the hottest new model at Fashion Week. Can Harriet find her je ne sais quoi or will it be sacre bleu! on the runway? Includes a bonus story from Nick about the moment he first met Harriet.

Geek Girl - Cindy C. Bennett 2011

Jen, a teenaged foster child and social outcast, makes a bet with her friends that she can turn Trevor, a straight-A student and self-avowed "geek", into a social outcast like herself, but quickly finds there is more to him than she expected.

**Head Over Heels** - Holly Smale 2016

My name is Harriet Manners, and I will always be a geek. The fifth book in the bestselling, award-winning GEEK GIRL series. Harriet Manners knows almost every fact there is. She knows duck-billed platypuses don't have stomachs. She knows that fourteen squirrels were once detained as spies. She knows only one flag in the world features a building. And for once, Harriet knows exactly how her life should go. She's got it ALL planned out. So when love is in the air, Harriet is determined to Make Things Happen! If only everyone else would stick to the script... Has GEEK GIRL overstepped the mark, and is following the rules going to break hearts all over again?

Geek Girl: Model Misfit - Holly Smale 2016-01-26

You can make a geek a model, but you can't make her chic. More hilarity and high fashion await in the second book in the internationally bestselling *Geek Girl* series! Harriet Manners is a model—but she feels even less popular and more awkward than she did when she was just a

geek. So a summer modeling job in Japan sounds like the perfect vacation, even if she has to bring along her crazy grandma Bunty, and even if she might run into Nick, her gorgeous supermodel ex-boyfriend. No one is going to ruin Harriet's fabulous Tokyo adventure—unless she accidentally ruins it herself. . . . This sequel to Holly Smale's #1 bestselling debut novel, *Geek Girl*, is perfect for fans of Mag Cabot's *Princess Diaries* series and Louise Rennison's *Georgia Nicolson* series.

**All Wrapped Up** - Holly Smale 2015-11-05

Harriet Manners knows a lot about Christmas. She knows that every year Santa climbs down 91.8 million chimneys. She knows that Rudolph the red-nosed reindeer was almost definitely a girl. She knows that the first

artificial Christmas trees were made out of goose feathers. But this Christmas is extra special for Harriet, because four days ago she had her first ever kiss. Now she just needs to work out what's supposed to happen next.

**Geek Girl Rising** - Heather Cabot 2017-05-23

This book "isn't about the famous tech trailblazers you already know, like Sheryl Sandberg and Marissa Mayer. Instead, veteran journalists Heather Cabot and Samantha Walravens introduce readers to the ... female entrepreneurs and technologists fighting at the grassroots level for an ownership stake in the revolution that's changing the way we live, work and connect to each other"--Amazon.com.
