Jimmy - Omair Ahmad 2010-12-01

In Moazzamabad, UP, too large to be a town and too backward to be a city, a young man stabs a police inspector and is beaten to death. The last words he speaks are, 'My name is Jimmy the Terrorist.' Journalists descend on the town, 'like shrill birds', and a long-time resident decides to tell a story that none of them will know. Jimmy was once Jamaal, son of Rafiq Ansari of Rasoolpur Mohalla, a Muslim neighbourhood in a Hindu town. And his story goes back a long way: to the time when Moazzamabad was named, after Aurangzeb's son; when Rafiq was seduced by the wealth and refinements of Shabbir Manzil and married Shaista; when the Hanuman temple grew ten storeys high and the head priest was elected mayor; when Shaista died, a mosque was brought down in Ayodhya and Rafiq became a mullah. As Jamaal grows up, watching both his father and his neighbourhood change and curfew reach Moazzamabad, he is changed himself. He becomes Jimmy, one among the countless marginalized trying to find a place in the world, dimly aware that the choices that shape their lives are being made in distant places, where they have no influence. Shortlisted for the Man Asian Prize 2009, this spare, compelling novel, as intimate as it is political, confirms Omair Ahmad's reputation as one of the most distinctive and exciting new voices in Indian fiction.

John Paul II. Karol the Great - Vittorio Peri 2011

Una Voce Nella Mia Vita - Massimo Camisasca 2011-07

La vita dell'uomo e essenzialmente vocazione, "chiamata." -C'e una voce nella mia vita- e il primo verso di una poesia di Giovanni Pascoli. Descrive qualcosa che accade a ciascuno di noi. Qualcuno ci chiama, e il nostro nome risuona in ogni avvenimento, in ogni circostanza. Anche se a volte noi siamo distratti e non ce ne accorgiamo, questa voce c'e, e, per poco che siamo vivi, la sentiamo. Di fronte a questa chiamata, che sollecita drammaticamente la liberta del singolo, siamo invitati a rispondere ogni giorno, per incontrare Dio e non smarrire noi stessi.

A Girl Called Jules - Milena Milani 1967

Lordships of Southern Italy - Sandro Carocci 2018

What was the real nature of medieval lordship in southern Italy? What can this region and its history bring to the great European debates on feudalism and aristocratic powers, their structures and evolution, and their social and economic impact? What contribution can the Kingdom of Sicily make to studies of the relationships between sovereigns, nobilities and peasant societies? And can the study of seigneurial powers and rural societies reshape the old arguments regarding the economic backwardness of the Mezzogiorno (the South of Italy) and the central role of its monarchy? This book offers the first systematic analysis of lordship in southern Italy in the twelfth and thirteenth centuries, under the Norman, Staufen and early Angevin kings. It offers new interpretations of the powers of the nobility, and of rural societies and royal policy. It reveals the complexity of interactions between the king, nobles and peasants, and how they occurred and were expressed through laws and violence, feudal relations and economic investments, debates on freedom and serfdom, and the exploitation of people and natural resources. In these interactions a leading role is played by peasant societies - with previously unsuspected levels of dynamism - to set against that of the kings, who were determined to curb aristocratic powers, and of the nobles who were obliged to adapt their lordship in response to powerful rural societies and crown policies. What emerges is a hitherto unseen Mezzogiorno, vital and complex, whose study allows a deeper understanding not only of the affairs of the South but of many other regions of Europe.

Notes Without a Text and Other Writings - Roberto Bazlen 2019-05

An advisor to Italian publishing houses, a translator of Freud and Jung, a friend of Montale and Calvino, Roberto Bazlen was nothing if not a literary man, but kept his writings to himself. Here, translated into English for the first time, the reader will discover Bazlen's private oeuvre: an unfinished novel, *The Sea Captain*, which bears comparison with the fiction of Kafka and Beckett; a selection of entries from his notebooks dealing with topics as various as whether or not there is an "animal Jahweh" and the aesthetic limitations of the cinema; a trio of essays on his native city of Trieste; and a sampling of his editorial letters. *Notes Without a Text* is an introduction to the work of one of the unknown masters of twentieth-century European literature.

[Father. Will There Still Be Priests in the Church's Future?](#) - Massimo Camisasca 2012-03-01

A blueprint for reform in the Catholic Church. The author draws on twenty-five years at the head of a young missionary order which he founded, and proposes a road forward out of the quagmire the Catholic Church and its priests find themselves in today. "Will there still be priests in the Church's future? Has not the time come for us to humbly inquire into the direction change should take?" So writes Mons. Massimo Camisasca. He dedicates nearly half of his book to silence, prayer, liturgy, and the Mass, and then moves on to discuss several commonly underdeveloped themes (study, fatherhood, common life, and friendship). He closes with three chapters on hot-button issues (virginity, women, mission) which he treats on the basis of the preceding reflections. With a preface by Mons. Brugu s, secretary of the Vatican Congregation for Catholic Education.

Mafia Movies - Dana Renga 2019-07-05

The mafia has always fascinated filmmakers and television producers. Al Capone, Salvatore Giuliano, Lucky Luciano, Ciro Di Marzio, Roberto Saviano, Don Vito and Michael Corleone, and Tony Soprano are some of the historical and fictional figures that contribute to the myth of the Italian and Italian-American mafias perpetuated onscreen. This collection looks at mafia movies and television over time and across cultures, from the early classics to the Godfather trilogy and contemporary Italian films and television series. The only comprehensive collection of its type, Mafia Movies treats over fifty films and TV shows created since 1906, while introducing Italian and Italian-American mafia history and culture. The second edition includes new original essays on essential films and TV shows that have emerged since the publication of the first edition, such as Boardwalk Empire and Mob Wives, as well as a new roundtable section on Italy's "other" mafias in film and television, written as a collaborative essay by more than ten scholars. The edition also introduces a new section called "Double Takes" that elaborates on some of the most popular mafia films and TV shows (e.g. The Godfather and The Sopranos) organized around themes such as adaptation, gender and politics, urban spaces, and performance and stardom.

[Deliver Us](#) - Luigi Meneghello 2011-05-27

Originally published in 1963, and today considered a landmark in twentieth century Italian literature, Luigi Meneghello's Deliver Us is the memoir, not of an extraordinary childhood, but of the very ordinary one

the author shared with most of his generation, when Italy was a rural country under the twin authorities of Church and Fascism. His boyhood begins in 1922, the year of Mussolini's March on Rome, and ends when Meneghello, 21, goes up into the hills to join the partisans. Called a romanzo—a story, although not a novel, as that term usually suggests—the book is a genre all of its own that mixes personal and collective memory, amateur ethnography, and reflections on language. Meneghello's sharp insights and narrative skill come together in an original meditation on how words, people, places, and things shape thought itself. Only loosely chronological, Deliver Us proceeds by themes—childhood games, Fascist symbols, religious precepts, and the rites of poverty, of death, of eros, and of love. Meneghello's ironic musings and profoundly honest recollections make an utterly unsentimental human comedy of that was the whole world to his dawning consciousness.

The Large Group Re-Visited - Stanley Schneider 2003-07-15

This important and thought-provoking book explores the workings and dynamics of the large group, with clear descriptions of both theory and technique. Building on Kreeger's earlier collection of papers, this volume shows how large-group concepts in group analysis have evolved to become important tools in understanding the social interactive processes operating in conferences, workshops, training institutes and large organizations such as hospitals, psychiatric communities and government agencies - and even operate in virtual groups formed on the internet. The authors consider issues of leadership and order, the control and expression of aggression, spiritual and therapeutic experiences, the maintenance of individuals' identities and the development of culture in the context of larger groups. Engaging with a broad set of contexts, this book will be of practical use to all those who seek fuller understanding of the social and psychological processes underlying group dynamics, including group analysts, sociologists, policy makers and consultants.

equilibrium of a closed economy, the labor market and unemployment, inflation, the open economy, government debt, economic growth) covered by most introductory courses on Macroeconomics. Micro-Spatial Histories of Global Labour - Christian G. De Vito
2017-09-28

This volume suggests a new way of doing global history. Instead of offering a sweeping and generalizing overview of the past, we propose a 'micro-spatial' approach, combining micro-history with the concept of space. A focus on primary sources and awareness of the historical discontinuities and unevennesses characterizes the global history that emerges here. We use labour as our lens in this volume. The resulting micro-spatial history of labour addresses the management and recruitment of labour, its voluntary and coerced spatial mobility, its political perception and representation and the workers' own agency and social networks. The individual chapters are written by contributors whose expertise covers the late medieval Eastern Mediterranean to present-day Sierra Leone, through early modern China and Italy, eighteenth-century Cuba and the Malvinas/Falklands, the journeys of a missionary between India and Brazil and those of Christian captives across the Ottoman empire and Spain. The result is a highly readable volume that addresses key theoretical and methodological questions in historiography. Chapter 7 is open access under a CC BY 4.0 license via link.springer.com.

The Origin and History of the English Language, and of the Early Literature it Embodies - George Perkins Marsh 1867

A Short Treatise on Prayer - Alphonsus De Ligouri, St. 2013-02-20
Saint Alphonsus says: "I HAVE already published several spiritual works, viz.: Visits to the blessed Sacrament, the Clock of the Passion of Jesus Christ, the Glories of Mary, a volume containing a Refutation of Materialism and Deism, and several small Treatises of Devotion, a Novena of the Nativity, which treats of the infancy of our Lord, a Book on the eternal maxims, entitled, a Preparation for Death, which contains a great deal of useful matter, for Sermons and Meditations, and also nine Discourses for the time of public calamities. But of all these works, I do not consider one more useful than this little book which treats of prayer as a secure and necessary means of obtaining salvation and all the graces necessary for it. Were it in my power, I would publish as many copies of this little work, as there are christians on earth, and would give to each a copy, that each might be convinced of the absolute necessity of prayer for salvation. I speak in this manner of this little treatise, because on the one hand, I see the absolute necessity of prayer so strongly inculcated in every page of holy writ, and in the writings of all the fathers, and on the other, I perceive that very few christians make use of that great means of salvation. What grieves me most, is, that though there is no practice on which preachers, confessors, or spiritual writers, should insist with greater warmth, or in stronger terms, than on that of prayer; still, I know, that preachers seldom recommend it to their auditors, or confessors to their penitents, and that the spiritual books most currently circulated amongst the people, do not sufficiently detail its advantages or inculcate its necessity. They indeed suggest many excellent means of preserving sanctifying grace, such as to avoid the occasions of sin, to frequent the sacraments, to resist temptations, to hear the word of God, to meditate on the truths of eternity, and other means; all of which are, I admit, most useful. But of what use, I ask, are sermons, meditations, and all the means proposed by masters of spiritual life, without prayer, when Jesus Christ has declared that he will grant his grace only to those who ask it. 'Ask,' he says, 'and you shall receive.' In God's ordinary providence, all our meditations, and good purposes, and promises, will be fruitless without prayer. If we do not pray, we will be for ever unfaithful to all the inspirations of God's grace, and to all our own promises. Because, to do actual good, to overcome temptation, and to practise virtue; in a word, to observe all the divine precepts, the light which God pours into our souls, and the reflections and resolutions which we ourselves make, are insufficient. The actual assistance of God is moreover necessary, and, as we will immediately see, the Almighty grants this actual assistance to those only who pray, and persevere in prayer. The lights we receive, and our own considerations and good purposes, enable us actually to pray, when tempted to transgress the divine law, and by prayer, to obtain from God actual help, by which we

will avoid sin. But if, in temptation, we do not pray, we shall be lost. Saint Alphonsus reminds us: "The Pelagians erroneously asserted that Prayer is not necessary to obtain salvation."

The book offers up accounts of mafia women, and also tales of severe abuse and violence against women.

William Congdon - Rodolfo Balzarotti 2001

This book offers the American public a first, intriguing perspective on William Congdon as an artist and as a man. Congdon, born in Rhode Island in 1912, had a brief but intense period in the '50s as a "successful artist" in America, showing at prestigious exhibitions and galleries. However, his resulting economic independence and religious conversion to Catholicism in the early 1960s estranged him from American art circles. Congdon left the U.S. for good in 1969, residing and painting in Italy until his death in 1998. Through fascinating, accessible text and over 150 illustrations, this guide examines Congdon's profound personal and artistic evolution.

[La Metromanie](#) - Alexis Piron 1889

[Spanish Rome, 1500-1700](#) - Thomas James Dandeleet 2008-10-01

In the sixteenth and seventeenth centuries, Rome was an aged but still vigorous power while Spain was a rising giant on track toward becoming the world's most powerful and first truly global empire. This book tells the fascinating story of the meeting of these two great empires at a critical moment in European history. Thomas Dandeleet explores for the first time the close relationship between the Spanish Empire and Papal Rome that developed in the dynamic period of the Italian Renaissance and the Spanish Golden Age. The author examines on the one hand the role the Spanish Empire played in shaping Roman politics, economics, culture, society, and religion and on the other the role the papacy played in Spanish imperial politics and the development of Spanish absolutism and monarchical power. Reconstructing the large Spanish community in Rome during this period, the book reveals the strategies used by the Spanish monarchs and their agents that successfully brought Rome and the papacy under their control. Spanish ambassadors, courtiers, and merchants in Rome carried out a subtle but effective conquest by means of a distinctive "informal" imperialism, which relied largely on patronage politics. As Spain's power grew, Rome enjoyed enormous gains as well, and the close relations they developed became a powerful influence on the political, social, economic, and religious life not only of the Iberian

and Italian peninsulas but also of Catholic Reformation Europe as a whole.
