**The Warmth of Other Suns** - Isabel Wilkerson 2011-10-04

NATIONAL BOOK CRITICS CIRCLE AWARD WINNER • NEW YORK TIMES BESTSELLER • In this beautifully written masterwork, the Pulitzer Prize-winner and bestselling author of *Caste* chronicles one of the great untold stories of American history: the decades-long migration of black citizens who fled the South for northern and western cities, in search of a better life. From 1915 to 1970, this exodus of almost six million people changed the face of America. Wilkerson compares this epic migration to the migrations of other peoples in history. She interviewed more than a thousand people, and gained access to new data and official records, to write this definitive and vividly dramatic account of how these American journeys unfolded, altering our cities, our country, and ourselves. With stunning historical detail, Wilkerson tells this story through the lives of three unique individuals: Ida Mae Gladney, who in 1937 left sharecropping and prejudice in Mississippi for Chicago, where she achieved quiet blue-collar success and, in old age, voted for Barack Obama when he ran for an Illinois Senate seat; sharp and quick-tempered George Starling, who in 1945 fled Florida for Harlem, where he endangered his job fighting for civil rights, saw his family fall, and

finally found peace in God; and Robert Foster, who left Louisiana in 1953 to pursue a medical career, the personal physician to Ray Charles as part of a glitteringly successful medical career, which allowed him to purchase a grand home where he often threw exuberant parties. Wilkerson brilliantly captures their first treacherous and exhausting cross-country trips by car and train and their new lives in colonies that grew into ghettos, as well as how they changed these cities with southern food, faith, and culture and improved them with discipline, drive, and hard work. Both a riveting microcosm and a major assessment, *The Warmth of Other Suns* is a bold, remarkable, and riveting work, a superb account of an "unrecognized immigration" within our own land. Through the breadth of its narrative, the beauty of the writing, the depth of its research, and the fullness of the people and lives portrayed herein, this book is destined to become a classic.

**Getting Under Our Skin** - Lisa T. Sarasohn 2021-09-21

How vermin went from being part of everyone's life to a mark of disease, filth, and lower status. For most of our time on this planet, vermin were considered humanity's common inheritance. Fleas, lice, bedbugs, and rats were universal scourges, as pervasive as hunger or cold, at home in both palaces and hovels. But with the spread of microscopic close-ups of these creatures, the beginnings of sanitary standards, and the rising belief that cleanliness equaled class, vermin began to provide a way to scratch a different itch: the need to feel superior, and to justify the exploitation of those pronounced ethnically—and entomologically—inferior. In *Getting Under Our Skin*, Lisa T. Sarasohn tells the fascinating story of how vermin came to signify the individuals and classes that society impugns and ostracizes. How did these creatures go from annoyance to social stigma? And how did people thought verminous become considered almost a species of vermin themselves? Focusing on Great Britain and North America, Sarasohn explains how the label "vermin" makes dehumanization and violence possible. She describes how Cromwellians in Ireland and US cavalry on the American frontier both justified slaughter by warning "Nits grow into lice." Nazis not only labeled Jews as vermin, they used insecticides in the gas

chambers to kill them during the Holocaust. Concentrating on the insects living in our bodies, clothes, and beds, Sarasohn also looks at rats and their social impact. Besides their powerful symbolic status in all cultures, rats' endurance challenges all human pretensions. From eighteenth-century London merchants anointing their carved bedsteads with roasted cat to repel bedbugs to modern-day hedge fund managers hoping neighbors won't notice exterminators in their penthouses, the studies in this book reveal that vermin continue to fuel our prejudices and threaten our status. Getting Under Our Skin will appeal to cultural historians, naturalists, and to anyone who has ever scratched—and then gazed in horror.

**The Cambridge History of Travel Writing** - Nandini Das 2019-01-24  
Bringing together original contributions from scholars across the world, this volume traces the history of travel writing from antiquity to the Internet age. It examines travel texts of several national or linguistic traditions, introducing readers to the global contexts of the genre. From wilderness to the urban, from Nigeria to the polar regions, from mountains to rivers and the desert, this book explores some of the key places and physical features represented in travel writing. Chapters also consider the employment in travel writing of the diary, the letter, visual images, maps and poetry, as well as the relationship of travel writing to fiction, science, translation and tourism. Gender-based and ecocritical approaches are among those surveyed. Together, the thirty-seven chapters here underline the richness and complexity of this genre.

**Searching for Zion** - Emily Raboteau 2013-01-08

A decade in the making, Emily Raboteau's *Searching for Zion* takes readers around the world on an unexpected adventure of faith. Both one woman's quest for a place to call "home" and an investigation into a people's search for the Promised Land, this landmark work of creative nonfiction is a trenchant inquiry into contemporary and historical ethnic displacement. At the age of twenty-three, award-winning writer Emily Raboteau traveled to Israel to visit her childhood best friend. While her friend appeared to have found a place to belong, Raboteau could not yet say the same for herself. As a biracial woman from a country still divided along racial lines, she'd never felt at home in America. But as a reggae fan and the daughter of a historian of African-American religion, Raboteau knew of "Zion" as a place black people yearned to be. She'd heard about it on Bob Marley's *Exodus* and in the speeches of Martin Luther King. She understood it as a metaphor for freedom, a spiritual realm rather than a geographical one. Now in Israel, the Jewish Zion, she was surprised to discover black Jews. More surprising was the story of how they got there. Inspired by their exodus, Raboteau sought out other black communities that left home in search of a Promised Land. Her question for them is same she asks herself: have you found the home you're looking for? On her ten-year journey back in time and around the

globe, through the Bush years and into the age of Obama, Raboteau wanders to Jamaica, Ethiopia, Ghana, and the American South to explore the complex and contradictory perspectives of Black Zionists. She talks to Rastafarians and African Hebrew Israelites, Evangelicals and Ethiopian Jews, and Katrina transplants from her own family—people that have risked everything in search of territory that is hard to define and harder to inhabit. Uniting memoir with historical and cultural investigation, Raboteau overturns our ideas of place and patriotism, displacement and dispossession, citizenship and country in a disarmingly honest and refreshingly brave take on the pull of the story of Exodus.

**Taino** - Jose Barreiro 2016-07-06

"Written" by Guaikán, the elderly Taino man who, in his youth, was adopted by Christopher Columbus and saw history unfold, Taino is the Indian chronicle of the American encounter, the Native view on Columbus and what happened in the Caribbean. This novel, based on a true story, penetrates the historical veil that still enshrines the "discovery."

**Travel Writing in the Nineteenth Century** - Tim Youngs 2006-09-01

Long popular with a general readership, travel writing has, in the past three decades or so, become firmly established as an object of serious and multi-disciplinary academic inquiry. Few of the scholarly and popular publications that have focused on the nineteenth century have regarded the century as a whole. This broad volume examines the cultural and social aspects of travel writing on Africa, Asia, America, the Balkans and Australasia.

*Official Gazette of the United States Patent and Trademark Office* - 2004

[In the Distance](#) - Hernan Diaz 2017-10-10

Finalist for the 2018 Pulitzer Prize for Fiction A young Swedish immigrant finds himself penniless and alone in California. The boy travels East in search of his brother, moving on foot against the great current of emigrants pushing West. Driven back again and again, he meets naturalists, criminals, religious fanatics, swindlers, Indians, and lawmen, and his exploits turn him into a legend. Diaz defies the

conventions of historical fiction and genre, offering a probing look at the stereotypes that populate our past and a portrait of radical foreignness. Hernan Diaz is the author of *Borges, Between History and Eternity* (Bloomsbury 2012), managing editor of RHM, and associate director of the Hispanic Institute at Columbia University. He lives in New York.

**Sex, Drugs and Jerk Chicken** - Marcus Bird 2013-06-20

Three completely different young men find themselves in the sex-fueled, emotionally vacant backdrop of nighttime Washington D.C, as they search for meaning in a series of events that force them to deal with loss, love and question it all. Welcome to the social underbelly of Washington D.C, where we see shady parties in dark row houses with illicit sex happening in tiny rooms, statuesque model types snorting lines on marble side tables in million-dollar Georgetown condos and the occasional hookup in a grimy bathroom in one of many seedy bars on the Adams Morgan strip. Three young men--all coincidentally from Jamaica--find themselves together again in DC under different circumstances. Tony Edwards is dashing handsome night owl who finds that his ability to attract women--and the subsequent circumstances that follow in a place like DC--expose him to more than just naked bodies and the occasional threesome. Winston is a hopeless romantic who finds his life spinning out of control after the re-emergence of an old girlfriend on the social scene. Bishop, an artist, tries to rationalize the death of someone close to him through a smattering of opiates, girls and his art. *Sex, Drugs and Jerk Chicken* takes us headfirst into a view of a version of American culture we don't always see but have probably heard about; sex with strangers, heiresses who like boy toys, insecurity eclipsed by alcohol, all through the lens of life in a big city.

**The Future of Disability in America** - Institute of Medicine 2007-10-24

The future of disability in America will depend on how well the U.S. prepares for and manages the demographic, fiscal, and technological developments that will unfold during the next two to three decades.

Building upon two prior studies from the Institute of Medicine (the 1991 Institute of Medicine's report Disability in America and the 1997 report Enabling America), The Future of Disability in America examines both progress and concerns about continuing barriers that limit the independence, productivity, and participation in community life of people with disabilities. This book offers a comprehensive look at a wide range of issues, including the prevalence of disability across the lifespan; disability trends the role of assistive technology; barriers posed by health care and other facilities with inaccessible buildings, equipment, and information formats; the needs of young people moving from pediatric to adult health care and of adults experiencing premature aging and secondary health problems; selected issues in health care financing (e.g., risk adjusting payments to health plans, coverage of assistive technology); and the organizing and financing of disability-related research. The Future of Disability in America is an assessment of both principles and scientific evidence for disability policies and services. This book's recommendations propose steps to eliminate barriers and strengthen the evidence base for future public and private actions to reduce the impact of disability on individuals, families, and society.

Bucket List Adventures - Annette White 2017-01-17

A wide-ranging travel memoir and inspiring guide by a woman who overcome her fears and set out for her dream destinations. Writing down the things you'd like to see and do before you die is one thing—actually doing them is another. After years of allowing her anxieties to keep her from pursuing the adventures she dreamed of, Annette White has now made a second career out of writing her bucket list—and then crossing things off of it. On her popular blog, she has chronicled her adventures on virtually every continent—from walking among wildebeests in Africa to climbing an active volcano in Guatemala to swimming in a lake in Palau surrounded by thousands of jellyfish. In Bucket List Adventures, she takes you along for the ride, and shows you how to live your adventures, too. Bucket List Adventures is not only a practical travel book—sharing detailed information on lodging, helpful resources, etc.—but also an inspiration for people to step out of their comfort zones.

An extensive appendix includes information about fifty additional places to consider for your future adventures.

**The Way of All Flesh** - Samuel Butler 2019-12-11T22:48:45Z

The Way of All Flesh is often considered to be Samuel Butler's masterpiece, and is frequently included in many lists of best English-language novels of the 20th century. Despite this acclaim, Butler never published it in his lifetime—perhaps because the novel, a scathing, funny, and poignant satire of Victorian life, would have hit his contemporaries too close to home. The novel traces four generations of the Pontifex family, though the central character is Ernest Pontifex, the third-generation wayward son. The reader follows Ernest through the eyes of his watchful godfather, Mr. Overton, as he strikes out from home to find his way in life. His struggles along the way illustrate the complex relationships between a son and his family, and especially his father; all while satirizing Victorian ideas about family, church, marriage, and schooling. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

**Exit West** - Mohsin Hamid 2017-03-07

FINALIST FOR THE BOOKER PRIZE & WINNER OF THE L.A. TIMES BOOK PRIZE FOR FICTION and THE ASPEN WORDS LITERARY PRIZE  
"It was as if Hamid knew what was going to happen to America and the world, and gave us a road map to our future... At once terrifying and ... oddly hopeful." —Ayelet Waldman, The New York Times Book Review  
"Moving, audacious, and indelibly human." —Entertainment Weekly, "A" rating  
The New York Times bestselling novel: an astonishingly visionary love story that imagines the forces that drive ordinary people from their homes into the uncertain embrace of new lands, from the author of The Reluctant Fundamentalist and the forthcoming The Last White Man. In a

country teetering on the brink of civil war, two young people meet—sensual, fiercely independent Nadia and gentle, restrained Saeed. They embark on a furtive love affair, and are soon cloistered in a premature intimacy by the unrest roiling their city. When it explodes, turning familiar streets into a patchwork of checkpoints and bomb blasts, they begin to hear whispers about doors—doors that can whisk people far away, if perilously and for a price. As the violence escalates, Nadia and Saeed decide that they no longer have a choice. Leaving their homeland and their old lives behind, they find a door and step through. . . . Exit West follows these remarkable characters as they emerge into an alien and uncertain future, struggling to hold on to each other, to their past, to the very sense of who they are. Profoundly intimate and powerfully inventive, it tells an unforgettable story of love, loyalty, and courage that is both completely of our time and for all time.

*Afro-Caribbean Religions* - Nathaniel Samuel Murrell 2010-01-25

Religion is one of the most important elements of Afro-Caribbean culture linking its people to their African past, from Haitian Vodou and Cuban Santería—popular religions that have often been demonized in popular culture—to Rastafari in Jamaica and Orisha-Shango of Trinidad and Tobago. In *Afro-Caribbean Religions*, Nathaniel Samuel Murrell provides a comprehensive study that respectfully traces the social, historical, and political contexts of these religions. And, because Brazil has the largest African population in the world outside of Africa, and has historic ties to the Caribbean, Murrell includes a section on Candomblé, Umbanda, Xango, and Batuque. This accessibly written introduction to Afro-Caribbean religions examines the cultural traditions and transformations of all of the African-derived religions of the Caribbean along with their cosmology, beliefs, cultic structures, and ritual practices. Ideal for classroom use, *Afro-Caribbean Religions* also includes a glossary defining unfamiliar terms and identifying key figures.

**One Hundred Years of Solitude** - Gabriel Garcia Marquez 2003-06-24

One of the 20th century's enduring works, *One Hundred Years of Solitude* is a widely beloved and acclaimed novel known throughout the world, and the ultimate achievement in a Nobel Prize-winning career.

The novel tells the story of the rise and fall of the mythical town of Macondo through the history of the Buendía family. It is a rich and brilliant chronicle of life and death, and the tragicomedy of humankind. In the noble, ridiculous, beautiful, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility -- the variety of life, the endlessness of death, the search for peace and truth -- these universal themes dominate the novel. Whether he is describing an affair of passion or the voracity of capitalism and the corruption of government, Gabriel García Márquez always writes with the simplicity, ease, and purity that are the mark of a master. Alternately reverential and comical, *One Hundred Years of Solitude* weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an accounting of the history of the human race.

[Managing the Risks of Extreme Events and Disasters to Advance Climate Change Adaptation](#) - Christopher B. Field 2012-05-28

This Intergovernmental Panel on Climate Change Special Report (IPCC-SREX) explores the challenge of understanding and managing the risks of climate extremes to advance climate change adaptation. Extreme

weather and climate events, interacting with exposed and vulnerable human and natural systems, can lead to disasters. Changes in the frequency and severity of the physical events affect disaster risk, but so do the spatially diverse and temporally dynamic patterns of exposure and vulnerability. Some types of extreme weather and climate events have increased in frequency or magnitude, but populations and assets at risk have also increased, with consequences for disaster risk. Opportunities for managing risks of weather- and climate-related disasters exist or can be developed at any scale, local to international. Prepared following strict IPCC procedures, SREX is an invaluable assessment for anyone interested in climate extremes, environmental disasters and adaptation to climate change, including policymakers, the private sector and academic researchers.

Investing in Cultural Diversity and Intercultural Dialogue - Unesco  
2009-01-01

This report analyses all aspects of cultural diversity, which has emerged

as a key concern of the international community in recent decades, and maps out new approaches to monitoring and shaping the changes that are taking place. It highlights, in particular, the interrelated challenges of cultural diversity and intercultural dialogue and the way in which strong homogenizing forces are matched by persistent diversifying trends. The report proposes a series of ten policy-oriented recommendations, to the attention of States, intergovernmental and non-governmental organizations, international and regional bodies, national institutions and the private sector on how to invest in cultural diversity. Emphasizing the importance of cultural diversity in different areas (languages, education, communication and new media development, and creativity and the marketplace) based on data and examples collected from around the world, the report is also intended for the general public. It proposes a coherent vision of cultural diversity and clarifies how, far from being a threat, it can become beneficial to the action of the international community.
