The Way of Tarot - Alejandro Jodorowsky 2009-11-17

Filmmaker Alejandro Jodorowsky's insights into the Tarot as a spiritual path • Works with the original Marseille Tarot to reveal the roots of Western wisdom • Provides the key to the symbolic language of the Tarot's "nomadic cathedral" • Transforms a simple divination tool into a vehicle for self-realization and healing Alejandro Jodorowsky's profound study of the Tarot, which began in the early 1950s, reveals it to be far more than a simple divination device. The Tarot is first and foremost a powerful instrument of self-knowledge and a representation of the structure of the soul. The Way of Tarot shows that the entire deck is structured like a temple, or a mandala, which is both an image of the world and a representation of the divine. The authors use the sacred art of the original Marseille Tarot--created during a time of religious tolerance in the 11th century--to reconnect with the roots of the Tarot's Western esoteric wisdom. They explain that the Tarot is a "nomadic cathedral" whose parts--the 78 cards or "arcana"--should always be viewed with an awareness of the whole structure. This understanding is essential to fully grasp the Tarot's hermetic symbolism. The authors explore the secret associations behind the hierarchy of the cards and the correspondences between the suits and energies within human beings. Each description of the Major Arcana includes key word summaries, symbolic meanings, traditional interpretations, and a section where the card speaks for itself. Jodorowsky and Costa then take the art of reading the Tarot to a depth never before possible. Using their work with Tarology, a new psychological approach that uses the symbolism and optical language of the Tarot to create a mirror image of the personality, they offer a powerful tool for self-realization, creativity, and healing.

The Dalai Lama's Cat and the Art of Purring - David Michie 2013-11-28

"What makes you purr? Of all the questions in the world, this is the most important. . . . Because no matter whether you are a playful kitten or sedentary senior, whether you're a scrawny alley Tom, or sleek-coated uptown girl, whatever your circumstances you just want to be happy. Not the kind of happy that comes and goes like a can of flaked tuna, but an enduring happiness. The deep down happiness that makes you purr from the heart." His Holiness's cat is back—older, a bit wiser, and as curious as ever. In this book, the Dalai Lama sets for his lovable feline companion the task of investigating The Art of Purring. Whether it's the humorous insights gained from a visiting Ivy League Psychology Professor, the extraordinary research of a world-famous biologist, or the life-changing revelations of a mystical yogi, His Holiness's Cat encounters a wealth of wisdom about happiness. And what she discovers changes the way she sees herself forever. With a much loved—and growing—cast of characters from the local community and His Holiness's residence, as well as encounters with intriguing strangers and celebrities from far and wide, The Dalai Lama's Cat and the Art of Purring will transport readers in another unforgettable story. Along the way they will come to understand how elements of contemporary science and Buddhism converge. And, once again, they will feel the warmth of compassion and nonattachment that radiate from the heart of the Dalai Lama's teachings about our quest for enduring happiness.

Numerology - Harish Johari 1990-11-01

For the first time, a Tantric scholar and expert in the Hindu traditions of Ayurveda and astrology presents a

system of numerology that combines numerical calculations, astrological data, and an analysis of body type. He illustrates the Vedic Square and the visual patterns that can be derived from it, casting a revealing light on the more esoteric interpretations of numbers and their relationship to one another. Recommendations are given regarding strong and weak periods of day or year, favorable colors and precious stones to be worn, and meditations and mantras to be practiced for health and prosperity. Explains how to determine the psychic number, name number, and destiny number; how these numbers relate to each of the nine planets, and how they apply to every aspect of life--including personality, temperament, intelligence, talents, sexuality, spirituality, finances, travel, and health.

Personology - Gary Goldschneider 2005-10-11

Astrology is finally getting personal! From the best-selling author of *The Secret Language of Birthdays* comes a revolution in charting your horoscope based on both the date and time of your birth that makes all other horoscope books irrelevant. With his "Personology" system, Gary Goldschneider has created a unique method which divides each of the twelve signs into five sub-types-such as Aquarius-Pisces Cusp, Pisces I, Pisces II, Pisces III, and Pisces-Aries Cusp-whereby sub-dividing the astrological year into 48 personology periods. The Signs - Carolyne Faulkner 2018-05-15

In this inspiring guide to achieving happiness and wellness in life, work, and relationships, a "go-to life coach for those in the know" (InStyle) reveals how to use astrology as a roadmap to success. For thousands of years, people have looked to the night sky for guidance. Yet these days it's so easy to lose touch with the universe and the important direction it can provide. In *The Signs*, astrologer and life coach Carolyne

Faulkner reveals how the ancient wisdom of the stars can empower you to get the most out of life.

Faulkner's method is not about nebulous predictions or fate. It's about discovering the qualities, good and bad, associated with your natal chart—the position of the planets at the time of your birth—and using that knowledge to inform your decisions and relationships. Easy to use and designed as both an introduction for the cosmically curious and a deep dive for experienced spiritual seekers, this guide shows you how to interpret your chart, find balance, and reconnect with yourself. Consult *The Signs* to learn what to do when:

- You're an inflexible Taurus, resistant to change. (Create things. Even a home-cooked meal will heal you in wondrous ways.)
- You live with an argumentative Aries. (Never fight fire with fire. Wait till your partner calms down to discuss your feelings.)
- You have Capricorn influence. (Shed the need to conform. Structure is important, but it needs to be flexible enough to change as we grow.)
