Days of Awe - Atalia Omer 2019-05-21

For many Jewish people in the mid-twentieth century, Zionism was an unquestionable tenet of what it meant to be Jewish. Seventy years later, a growing number of American Jews are instead expressing solidarity with Palestinians, questioning old allegiances to Israel. How did that transformation come about? What does it

mean for the future of Judaism? In *Days of Awe*, Atalia Omer examines this shift through interviews with a new generation of Jewish activists, rigorous data analysis, and fieldwork within a progressive synagogue community. She highlights people politically inspired by social justice campaigns including the Black Lives Matter movement and protests against anti-immigration policies. These activists, she shows, discover that their ethical outrage at US policies extends to Israel's treatment of Palestinians. For these American Jews, the Jewish history of dispossession and diaspora compels a search for solidarity with liberation movements. This shift produces innovations within Jewish tradition, including multi-racial and intersectional conceptions of Jewishness and movements to reclaim prophetic Judaism. Charting the rise of such religious innovation, Omer points toward the possible futures of post-Zionist Judaism.

This Is Not America - Alan Friedman

2017-07-11

What has happened to America, and what's become of the American dream? Behind the self-confident image of world's most influential country, we now see a nation tearing itself apart. The United States may be arguably the world's only superpower, but its internal tensions are a symptom of suffering and division, a condition only exacerbated by the election of President Donald Trump. In this searing account, expatriate journalist Alan Friedman returns after thirty years in Europe and examines the real America through the mouths of its citizens. Set against the backdrop of the 2016 presidential election campaign and the inauguration of President Trump, Friedman tells a vivid story of terrible inequality - from the excesses of Wall Street to the grinding poverty of Mississippi - and explores the issues, from racism and gun control to Obamacare, that have polarised a nation. Drawing on his personal interviews with Trump and with Russia's President Putin,

Friedman paints a detailed portrait of the new leader of the free world and explores the real risks of the Trump presidency for America and for the world. Dark and provocative, *This Is Not America* may just be the most important book of the year.

Dear Zealots - Amos Oz 2018-11-13

The acclaimed author presents “three passionate lectures about the state of politics in Israel” in this “humorous, mournful, enraged, and uplifting” volume (Kirkus). A National Jewish Book Award Finalist Israeli author Amos Oz has won numerous awards for his novels capturing the cultural and political complexities of his country, including the Frankfurt Peace Prize, the Primo Levi Prize, and the National Jewish Book Award. But these essays on the universal nature of fanaticism and its possible cures, on the Jewish roots of humanism and the need for a secular pride in Israel, and on the geopolitical standing of Israel in the wider Middle East and internationally, “may contain his most urgent

message yet.” (Ruth Eglash, Washington Post). These essays were written, Oz states, “first and foremost” for his grandchildren: they are a patient, learned telling of history, religion, and politics, to be thumbed through and studied, clung to even, as we march toward an uncertain future. “Concise, evocative . . . *Dear Zealots* is not just a brilliant book of thoughts and ideas—it is a depiction of one man’s struggle, who for decades has insisted on keeping a sharp, strident and lucid perspective in the face of chaos and at times of madness.” —David Grossman, winner of the Man Booker International Prize

Museum Texts - Louise Ravelli 2007-01-24

Answering key questions in the study of how museums communicate, Louise Ravelli provides a set of frameworks to investigate the complexities of communication in museums: * What is an appropriate level of complexity for a written label? * Why do some choice in language make a more direct relation to visitors? * Is

there a correct way of presenting a particular view of content? * How do design practices contribute to the overall meanings being made? The frameworks enhance the way we critically analyze and understand museums text, both in the sense of conventional - written texts in museums - and in an expanded sense of the museum as a whole operating as a communicative text. Using a wide range of examples Ravelli argues that communication contributes fundamentally to what a museum is, who it relates to and what it stands for. Not only museum studies and communications studies students, but also professionals in the field will find Museum Texts an indispensable guide on communication frameworks.

Henry became famous starring in *The Grange*, a television drama beloved by mothers and wives, and whose fans speak about the characters as though they were real people . . . yet Henry dreams of escaping the small

screen. An audition for a movie directed by a highly respected Spanish auteur holds the promise of a way forward. Whether holed up in his apartment eating monkish meals of rice and steamed vegetables or snorting cocaine at desert parties in Doha, Henry's awareness of his own image, of his relative place in the world, is acute and constant. But Henry has also—unwittingly—become an important part of the life of recently divorced Kristin. He appears repeatedly on the television in her beautiful, empty Philadelphia house, and her social media feeds bring news of his London home, his family. What Kristin wants is simply to get as close to him in real life as she has in her fandom.

I for Isobel - Amy Witting 2014-01-29

Winner of the Barbara Ramsden Prize, 1990. This was life: no sooner had you built yourself your little raft and felt secure than it came to pieces under you and you were swimming again. Born into a world without welcome, Isobel observes it as warily as an alien trying to pass

for a native. Her collection of imaginary friends includes the Virgin Mary and Sherlock Holmes. Later she meets Byron, W.H. Auden and T.S. Eliot. Isobel is not so much at ease with the flesh-and-blood people she meets, and least of all with herself, until a lucky encounter and a little detective work reveal her identity and her true situation in life. *I for Isobel*, a modern-day Australian classic, was followed by *Isobel on the Way to the Corner Shop*, winner of the Age Book of the Year Award. Amy Witting was born in Annandale, an inner suburb of Sydney, in 1918. She attended Sydney University, then taught French and English in state schools. Beginning late in life she published six novels, including *The Visit*, *I for Isobel*, *Isobel on the Way to the Corner Shop* and *Maria's War*; two collections of short stories; two books of verse, *Travel Diary* and *Beauty is the Straw*; and her *Collected Poems*. 'When we come to write the history of Australian writing in the twentieth century, the strange case of Amy Witting will be there to

haunt us. Here is a writer who not only has great gifts - the kind of expert and mimetic gifts that would impel instant recognition from someone who admired a fine-lined American naturalist like William Maxwell - but a realist who has an effortless immediacy and a compelling sense of drama that should have ensured the widest kind of appeal, the sort of appeal that Helen Garner could command in her fiction-writing days. And yet this woman who published in the *New Yorker* and commanded the respect of Kenneth Slessor was scarcely encouraged during the long grey sleep of Australian fiction publishing. It wasn't until the publication of *I for Isobel*...that Witting gained a national profile.' Peter Craven 'Australia's Amy Witting is comparable to Jean Rhys, but she has more starch, or vinegar. The effect is bracing.' *New Yorker* 'Isobel is instinctively searching for a lost part of her substance, the very memory of which has been obliterated. Prompted by her inexplicable sense of loss, she goes on her way, deviating, baffled,

yet rejecting substitutes. To call the ending happy is to say both too much and too little. Was the lost part also searching for her? Amy Witting's admirers will find this novel as distinctive and compelling as her stories and her poetry.' Jessica Anderson '[Witting] lays bare with surgical precision the dynamics of families, sibling, students in coffee shops, office coteries. One sometimes feels positively winded with unsettling insights. There is something relentless, almost unnerving in her anatomising of foibles, fears obsessions, private shame, the nature of loneliness, the nature of panic.' Janette Turner Hospital 'A beautifully but unobtrusively honed style, a marvellous ear for dialogue, a generous understanding of the complex waywardness of men and women.' Andrew Riemer 'Terrific - incredibly wise...When I finished it I went straight back to the first page.'

'Til Morning Light - Ann Moore 2014-09-30
An Irish mother faces her destiny in California as

the acclaimed trilogy comes to an end—"a vibrant picture of American history in the mid-19th century" (Historical Novel Society). With her two children, Gracelin O'Malley travels to post-Gold Rush San Francisco to meet the sea captain who has proposed marriage to her. But when she arrives, he is nowhere to be found. Destitute in a city filled with gangs, disillusioned soldiers, and professional gamblers, Grace takes a position as a cook for one of the city's most prominent doctors—only to become caught up in a tangled web of blackmail and betrayal. Determined to make a secure life for her children and find her brother, Sean, Gracelin sets in motion a series of events that change the future of everyone around her, never dreaming that the man she thought she'd lost forever is still alive and determined to find his way back to her. Dickensian in scope, with a full cast of riveting characters, Ann Moore's 'Til Morning Light is the stunning conclusion to the enthralling story of Gracelin O'Malley, a heroine

for the ages.

Tethered - Amy MacKinnon 2008-08-12

At times both haunting and thrilling, a woman is forced to reconcile with her own haunted past to save a child from an abusive household in this novel that explores the ties that bind us together. Clara Marsh is an undertaker who doesn't believe in God. She spends her solitary life among the dead, preparing their last baths and bidding them farewell with a bouquet from her own garden. Her carefully structured life shifts when she discovers a neglected little girl, Trecie,

playing in the funeral parlor, desperate for a friend. It changes even more when Detective Mike Sullivan starts questioning her again about a body she prepared three years ago, an unidentified girl found murdered in a nearby strip of woods. Unclaimed by family, the community christened her Precious Doe. When Clara and Mike learn Trecie may be involved with the same people who killed Precious Doe, Clara must choose between the steady existence of loneliness and the perils of binding one's life to another.
