The Doctrine of Awakening -

Julius Evola 2018-07-13

In a probing analysis of the oldest Buddhist texts, Julius Evola places the doctrine of liberation in its original context. The early teachings, he suggests, offer the foremost example of an active spirituality that is opposed to the more passive, modern forms of theistic religions. This sophisticated, highly readable analysis of the theory and practice of Buddhist asceticism, first published in Italian in 1943, elucidates the central truths of the eightfold path and clears away the later accretions of Buddhist doctrine. Evola describes the techniques for conscious liberation from the world of maya and for achieving the state of transcendence beyond dualistic thinking. Most surprisingly, he argues that the widespread belief in

reincarnation is not an original Buddhist tenet. Evola presents actual practices of concentration and visualization, and places them in the larger metaphysical context of the Buddhist model of mind and universe. The Doctrine of the Awakening is a provocative study of the teachings of the Buddha by one of Europe's most stimulating thinkers.

The Ancestor Syndrome -

Anne Ancelin Schutzenberger
2014-02-25

In *The Ancestor Syndrome* Anne Ancelin Schutzenberger explains and provides clinical examples of her unique psychogenealogical approach to psychotherapy. She shows how, as mere links in a chain of generations, we may have no choice in having the events and traumas experienced by our ancestors visited upon us in our own lifetime. The book includes fascinating case studies and examples of 'genosociograms' (family trees) to illustrate how her clients have conquered seemingly

irrational fears, psychological and even physical difficulties by discovering and understanding the parallels between their own life and the lives of their forebears. The theory of 'invisible loyalty' owed to previous generations, which may make us unwittingly re-enact their life events, is discussed in the light of ongoing research into transgenerational therapy. Anne Ancelin Schutzenberger draws on over 20 years of experience as a therapist and analyst and is a well-respected authority, particularly in the field of Group Therapy and Psychodrama. First published as *Aie, mes Aieux* this fascinating insight into a unique style of clinical work has already sold over 32,000 copies in France and will appeal to anyone working in the psychotherapy profession.

Tarocchi Fiabeschi e Psicofiaba - Paola Biato
2016-12-22

I Tarocchi Fiabeschi sono un sistema simbolico di ventitré carte, di immagini originali con diverse funzioni, che raffigurano gli archetipi fiabeschi. Personaggi, luoghi, oggetti, alleati e antagonisti. Per raccontare e farsi raccontare storie che fanno riflettere, per trovare soluzioni, per trasformare le nostre immagini interiori, per vivere nell'unità e nella gioia. Le Psicofiabe nascono dall'unione di "psiche" (anima) e "fiaba" (raccontare) e rappresentano quindi i "racconti dell'anima", per l'anima. Esse si ispirano alla Psicomagia e agli Psicotarocchi di A. Jodorowsky e alla Psicologia Immaginale di J. Hillman. La Psicofiaba è un regno intermedio, una terra di mezzo, tra il conscio e l'inconscio, tra il sogno e la veglia, tra realtà e immaginazione, tra materia e spirito, uno stato di coscienza

onirico, poetico, creativo, intuitivo, estetico ed estatico. Rappresenta uno strumento per l'evoluzione, la guarigione, la trasmutazione, la trasmissione di conoscenze iniziatiche, di rituali di passaggio e individuazione, di ricordo di sé. Le fiabe sono tracce che i nostri antenati hanno disseminato lungo la strada, affinché la nostra anima possa ritrovare la via luminosa verso casa.

The Linear Chains of Body and Spirit - Prof Giuseppe Calligaris 2015-12-07
Prof. Giuseppe Joseph Calligaris, an Italian medical doctor who worked in the first

half of the 19th century, had discovered that certain lines and points on the skin were related to the conscious and subconscious portions of the mind, and even to the enhancing of paranormal abilities. For over thirty years, Calligaris examined thousands of individuals, published about twenty books and discovered that the geometric system on the human skin could be stimulated in everybody to enhance clairvoyance, clairaudience, and precognition and retrocognition. He believed that our brain just may be a concave mirror for the Universal Consciousness. For his new research Calligaris was 'dumped' by the academic community after he demonstrated in several tests before professors that anybody can become capable of identifying objects on the other side of a wall, by pressing a specific point on the skin for only some minutes. Today the books of Calligaris are very rare., the majority of his materials are no longer available. This is the first book

in english language, that helps you rediscover the potential which is hidden in all of us. Calligaris has proven, that the truth is just as near as our skin. Segreto Di Famiglia - Simona Barberi 2019-04-30
Perché un libro sul Segreto di Famiglia? Perché i segreti, antichi o recenti, consapevoli o tanto più se inconsapevoli, che la famiglia si sente costretta a proteggere rispetto all'esterno, o che i membri covano tra loro, muovendosi tra le generazioni, rappresentano "gusci invisibili" in grado di sequestrare energia. E, questa energia cristallizzata torna a manifestarsi sotto forma di copioni ripetuti, dinamiche disfunzionali e, nei punti di caduta più profondi, anche di veri e propri sintomi fisici. Perché un libro scritto a più mani, che si compone come un mosaico? Perché il segreto e la famiglia costituiscono realtà così complesse, che meritano di essere lette alla luce di un approccio integrato. Per questo gli autori, hanno raccolto il contributo di cinque autorevolissime voci che,

partendo dai propri modelli di riferimento (l'Analisi, la Psicogenealogia, le Costellazioni Familiari, gli Archetipi, la Medicina Integrata) e raccontando storie di persone, dipanano il filo conduttore, come confrontandosi a distanza sull'argomento, fino a svelare, o meglio, a ri-svelare il potere psichico, emotivo e globale del segreto di famiglia. Ne esce un affresco esaustivo e sorprendente, che ci porta per mano alla risposta di tre domande: ciò che mi sta accadendo, quanto è frutto di quello che arriva dalle generazioni precedenti? E quanto di questo verrà ereditato da quelle successive? E, soprattutto, come aprire il guscio e liberare la sua energia?

The Hour of God - Sri

Aurobindo 1959-08-15

"The pieces collected together in this book were written by Sri Aurobindo between 1910 and 1940. None of them were published during his lifetime; none received the final revision he gave to his major works. Most of the pieces were first

printed in various journals published by the Ashram, and subsequently in the different editions of *The Hour of God*, beginning with the first edition (1959)." In reading these essays, one gets the very distinct feeling that the author really does know whereof he speaks. Here, we are able to sit in his lap and listen as he fabricates one description after another of the ineffable and explains how we too can share in the realization awaiting us at the end of what seems, in the clarity of his vision, to be not such an arduous path. It is not that he ever says that the way is easy, quite the contrary; but the certainty with which he speaks seems to put it into reach.

Planetary Threads - Lynn Bell
2013

In this new revised edition of her acclaimed *Planetary Threads* Lynn Bell includes a new introductory chapter, setting out an approach to family themes in the individual chart. Her innovative exploration of the patterns of thinking, feeling, and behavior

which run back through generations is enhanced by her unique adaptation of the genogram (a map utilized in family therapy) highlighting particular planetary placements and aspects that recur in families. Her often dramatic case material, presented in fascinating detail, is rich and revealing, and we are gradually offered a profound vision of the intricately woven tapestry of the family matrix from which we spring, and the ways in which we repeat - or transform - the astrological and psychological inheritance which each of us carries.

The Spiritual Journey of Alejandro Jodorowsky -
Alejandro Jodorowsky
2008-05-27

Jodorowsky's memoirs of his experiences with Master Takata and the group of wisewomen--magiciennes--who influenced his spiritual growth

- Reveals Jodorowsky turning the same unsparing spiritual vision seen in *El Topo* to his own spiritual quest
- Shows how the author's spiritual

insight and progress was catalyzed repeatedly by wisewoman shamans and healers In 1970, John Lennon introduced to the world Alejandro Jodorowsky and the movie, *El Topo*, that he wrote, starred in, and directed. The movie and its author instantly became a counterculture icon. The *New York Times* said the film "demands to be seen," and *Newsweek* called it "An Extraordinary Movie!" But that was only the beginning of the story and the controversy of *El Topo*, and the journey of its brilliant creator. His spiritual quest began with the Japanese master Ejo Takata, the man who introduced him to the practice of meditation, Zen Buddhism, and the wisdom of the koans. Yet in this autobiographical account of his spiritual journey, Jodorowsky reveals that it was a small group of wisewomen, far removed from the world of Buddhism, who initiated him and taught him how to put the wisdom he had learned from his master into practice. At the direction of Takata, Jodorowsky

became a student of the surrealist painter Leonora Carrington, thus beginning a journey in which vital spiritual lessons were transmitted to him by various women who were masters of their particular crafts. These women included Doña Magdalena, who taught him "initiatric" or spiritual massage; the powerful Mexican actress known as La Tigresa (the "tigress"); and Reyna D'Assia, daughter of the famed spiritual teacher G. I. Gurdjieff. Other important wisewomen on Jodorowsky's spiritual path include María Sabina, the priestess of the sacred mushrooms; the healer Pachita; and the Chilean singer Violeta Parra. The teachings of these women enabled him to discard the emotional armor that was hindering his advancement on the path of spiritual awareness and enlightenment.

Human Race Get Off Your Knees - David Icke 2010

In a book that marks the author's 20th year of uncovering suppressed information, he takes the manipulation of the human race and the nature of reality to new levels of understanding and calls for humanity to rise from its knees and take back the world from the sinister network of families and non-human entities that covertly control us from cradle to grave. Original.

Psychomagic - Alejandro Jodorowsky 2010-06-18

A healing path using the power of dreams, theater, poetry, and shamanism • Shows how psychological realizations can

cause true transformation when manifested by concrete poetic acts • Includes many examples of the surreal but successful actions Jodorowsky has prescribed to those seeking his help While living in Mexico, Alejandro Jodorowsky became familiar with the colorful and effective cures provided by folk healers. He realized that it is easier for the unconscious to understand the language of dreams than that of rationality. Illness can even be seen as a physical dream that reveals unresolved emotional and psychological problems. Psychomagic presents the shamanic and genealogical principles Jodorowsky discovered to create a healing therapy that could use the powers of dreams, art, and theater to empower individuals to heal wounds that in some cases had traveled through generations. The concrete and often surreal poetic actions Jodorowsky employs are part of an elaborate strategy intended to break apart the dysfunctional persona with whom the patient identifies in

order to connect with a deeper self. That is when true transformation can manifest. For a young man who complained that he lived only in his head and was unable to grab hold of reality and advance toward the financial autonomy he desired, Jodorowsky gave the prescription to paste two gold coins to the soles of his shoes so that all day he would be walking on gold. A judge whose vanity was ruling his every move was given the task of dressing like a tramp and begging outside one of the fashionable restaurants he loved to frequent while pulling glass doll eyes out of his pockets. The lesson for him was that if a tramp can fill his pockets with eyeballs, then they must be of no value, and thus the eyes of others should have no bearing on who you are and what you do. Taking his patients directly at their words, Jodorowsky takes the same elements associated with a negative emotional charge and recasts them in an action that will make them positive

and enable them to pay the psychological debts hindering their lives.

The Scent of the Moon - Selene Calloni Williams

2016-07-18T13:35:00+02:00

Kazimir, Svetlana and Anastasia are real characters. They live in a very remote part of the Siberian steppe. Kazimir is a white shaman with extraordinary power, a healer whose fame has reached as far as Kazakhstan, Mongolia and Moscow. Svetlana is a black shaman, able to travel through

the underworld, the realm of the invisible, of ancestors, of dreams, of the soul, and take others with her, on extraordinary shamanic voyages. Anastasiya, Svetlana's niece, is one of the very few shamans in the world who masters the art of both white and black shamanism. By whoever knows her, or even just heard of her, she is considered a reincarnation of the Princess of Altay. Selene Calloni Williams and her son Michelangelo have met these three shamans by chance during one of their extraordinary research trips, while attempting to reach the burial site of the Princess of Altay. To gain the three shamans' trust, Selene and Michelangelo have visited them on several occasions since, even in winter when the steppe is freezes at minus 40 degrees. One day, Svetlana decided to entrust them with a "tale of power". A "tale of power" has the ability of communicating images containing new possibilities of thought and action. In this world everything

is imagination and nothing which hasn't been imagined before can happen. For example, how could the first man have hunted the first mammoth, or the first tyrannosaurus have devoured the first velociraptor, if within instinct the image of hunt hadn't existed? In order for behaviour to exist there always must be a guiding image. These are the images which the ancients addressed as gods and which psychoanalysts define as archetypes: the original forms of all experiences. Shamans are able to converse with gods. They are bards, storytellers, they know tales able to bring images into existence, create possibilities which were previously unexplored, and thus can solve otherwise insurmountable problems. These are not just any stories; they're "tales of power". This book tells the story of the passionate love which bonds a boy and a girl, an old man and an old woman, tells of eagles and underworlds, describes the "shamanic journey" and the triumph of love over fear and

death. It is not just any story; it shares active secrets, treasures, like magic diamonds which enter the body between one page and the other, between an adventure and the other. This book can be read at the blink of an eye, the same blink with which the great spirit of the Black Eagle, the lord of the dead, will carry you down to the underworld, to then take you back, changed forever, to your life: it's magic, it's poetry.

The Power of Intention -

Wayne W. Dyer 2009-09

"Intention is a force in the universe, and everything and everyone is connected to this invisible force." Intention is generally viewed as a pit-bull kind of determination, propelling one to succeed at all costs by never giving up on an inner picture. In this view, an attitude that combines hard work with an indefatigable drive toward excellence is the way to succeed. However, intention is viewed very differently in this book. Dr. Wayne W. Dyer has researched intention as a force in the

universe that allows the act of creation to take place. This book explores intention-not as something you do-but as an energy you're a part of. We're all intended here through the invisible power of intention.

This is the first book to look at intention as a field of energy you can access to begin co-creating your life! Part I deals with the principles of intention, offering true stories and examples showing how to make the connection. Dr. Dyer identifies the attributes of the all-creating universal mind of intention as creative, kind, loving, beautiful, expanding, endlessly abundant, and receptive, explaining the importance of emulating this source of creativity. In Part II, Dr. Dyer offers an intention guide with specific ways to apply the co-creating principles in daily life. Part III is an exhilarating description of Dr. Dyer's vision of an individual connected at all times to the universal mind of intention.

Where the Bird Sings Best - Alejandro Jodorowsky 2014-09-02

The magnum opus from Alejandro Jodorowsky—director of The Holy Mountain, star of Jodorowsky's Dune, spiritual guru behind Psychomagic and The Way of Tarot, innovator behind classic comics The Incal and Metabarons, and legend of Latin American literature.

There has never been an artist like the polymathic Chilean director, author, and mystic Alejandro Jodorowsky. For eight decades, he has blazed new trails across a dazzling variety of creative fields. While his psychedelic, visionary films have been celebrated by the likes of John Lennon, Marina Abramovic, and Kanye West, his novels—praised throughout Latin America in the same breath as those of Gabriel García Márquez—have remained largely unknown in the English-speaking world.

Until now. Where the Bird Sings Best tells the fantastic story of the Jodorowskys' emigration from Ukraine to Chile amidst the political and cultural upheavals of the 19th and 20th centuries. Like One Hundred Years of Solitude, Jodorowsky's book transforms family history into heroic legend: incestuous beekeepers hide their crime with a living cloak of bees, a czar fakes his own death to live as a hermit amongst the animals, a devout grandfather confides only in the ghost of a wise rabbi, a transgender ballerina with a voracious sexual appetite holds a would-be saint in thrall. Kaleidoscopic, exhilarating, and erotic, Where the Bird Sings Best expands the classic immigration story to mythic proportions. Praise "This epic family saga, reminiscent of Gabriel García Márquez's One Hundred Years of Solitude in structure and breadth, reads at a breakneck pace. Though ostensibly a novelization of the author's own family history, it is a raucous carnival of the surreal, mystical, and

grotesque." —Publishers Weekly "A man whose life has been defined by cosmic ambitions." —The New York Times Magazine "A great eccentric original....A legendary man of many trades." —Roger Ebert For more information on Alejandro Jodorowsky, please visit www.restlessbooks.com/alejandrodjodorowsky

Costellazioni immaginali e le Carte dei Nat - Maria Theresia Bitterli 2018-04-17

Questa tesi é incentrata sul ruolo del costellatore immaginalista. L'idea di sviluppare quest'argomento nasce dal mio desiderio di migliorare la capacità di condurre qualsiasi gruppo ma soprattutto i gruppi delle costellazioni familiari ad approccio immaginale. Mi sono posta la domanda: quali sono gli aspetti più importanti nella conduzione di un gruppo di costellazioni immaginali? *Synchronicity* - C. G. Jung 2013-04-15

To Jung, synchronicity is a meaningful coincidence in time, a psychic factor which is

independent of space and time. This revolutionary concept of synchronicity both challenges and complements the physicist's classical view of causality. It also forces a basic reconsideration of the meaning of chance, probability, coincidence and the singular events in our lives.

The Mother Mantra - Selene Calloni Williams 2019-01-08
An initiate's guide to the healing practices, spiritual exercises, and secret rites of the Mother Mantra tradition • Explains the practice of the Mother Mantra, which allows us to overcome subconscious programming, release our

fears, and awaken to the dream nature of reality • Includes instructions for the practice of the Egyptian mantra to attract wealth and abundance and the Mystical Marriage Mantra for transformation and rebirth • Presents five spiritual rituals that can be incorporated into daily life to reestablish the universal balance between humanity and the divine Hidden at the heart of nearly all spiritual and esoteric traditions lies the powerful teachings of the Mother Mantra. Its initiates have preserved its consciousness-expanding techniques for millennia. Originating in the ancient practice of shamanic yoga, this tradition allows us to perceive the full complexity of reality. It helps us see both the visible and the invisible, moving beyond the consciousness of duality that limits us to only the material world. Operating in this heightened state of non-ordinary consciousness, we can see beyond our subconscious programming and behavior patterns and understand our

possibilities and powers. By removing all fear, it allows you to love yourself exactly as you are. In this spiritual and philosophical guide, initiate Selene Calloni Williams shares the healing practices and spiritual exercises of the Mother Mantra tradition. She explains how these practices bypass the thinking mind to access our higher spiritual consciousness, allowing us to awaken to the dream nature of reality and release us from all fear. She details the exercises and practices of the four-part Mother Mantra: The first series, which dissolves the constructs of the ego; the second, which invokes ancient spirits and deities for their aid in this endeavor; the third, where we experience a divine androgynous tantric union to transcend sexual identity and spiritually fuse with the divine; and the fourth, where the first three rituals are combined to unlock an expanded state of consciousness and a true seeing of the complexity of both the visible and invisible worlds. The author also

describes the practice of the Egyptian mantra, a soul-making ceremony that unites the initiate with the Chthonian realms and attracts wealth and abundance, and the Mystical Marriage Mantra, which opens a path to authentic transformation and rebirth. Additionally, Williams presents five spiritual rituals, including yogic poses and exercises, that can be incorporated into daily life to allow divine communication through the chakras, awaken the mind and body from the aging process, and reestablish the universal balance between humanity and the divine.

Obsessions and Phobias -

Sigmund Freud 2014-11-11

This early work by Sigmund Freud was originally published in 1895 and we are now republishing it with a brand new introductory biography. 'Obsessions and Phobias' is a psychological essay on the distinction between obsessions and phobias and potential reasons for their occurrence. Sigismund Schlomo Freud was

born on 6th May 1856, in the Moravian town of Příbor, now part of the Czech Republic. He studied a variety of subjects, including philosophy, physiology, and zoology, graduating with an MD in 1881. Freud made a huge and lasting contribution to the field of psychology with many of his methods still being used in modern psychoanalysis. He inspired much discussion on the wealth of theories he produced and the reactions to his works began a century of great psychological investigation.
