she thought she knew. Trapped on the toxic planet Deva, Cormak will take any chance he can to join the Academy--even if he has to steal someone's identity to get there. Arran was always an outcast on icy Chetire and is looking for a place to belong. He just never thought it would be in the arms of the hottest guy in the galaxy. And Orelia has infiltrated the fleet to complete a mission, one that threatens the security of everyone around her. But if anyone finds out who she really is, it'll be her life on the line.... As worlds collide at the Academy, these four cadets will have to learn to work together if they want to survive. **Tiamat's Wrath** - James S. A. Corey 2019-03-26  
The eighth book in the NYT bestselling Expanse series, Tiamat's Wrath finds the crew of the Rocinante fighting an underground war against a nearly invulnerable authoritarian empire, with James Holden a prisoner of the enemy. Now a

Prime Original series. Thirteen hundred gates have opened to solar systems around the galaxy. But as humanity builds its interstellar empire in the alien ruins, the mysteries and threats grow deeper. In the dead systems where gates lead to stranger things than alien planets, Elvi Okoye begins a desperate search to discover the nature of a genocide that happened before the first human beings existed, and to find weapons to fight a war against forces at the edge of the imaginable. But the price of that knowledge may be higher than she can pay. At the heart of the empire, Teresa Duarte prepares to take on the burden of her father's godlike ambition. The sociopathic scientist Paolo Cortázar and the Mephistophelian prisoner James Holden are only two of the dangers in a palace thick with intrigue, but Teresa has a mind of her own and secrets even her father the emperor doesn't guess. And throughout the wide human empire, the scattered crew of the Rocinante fights a brave rear-guard action against Duarte's

authoritarian regime. Memory of the old order falls away, and a future under Laconia's eternal rule -- and with it, a battle that humanity can only lose -- seems more and more certain. Because against the terrors that lie between worlds, courage and ambition will not be enough... *The Church in Babylon* - Erwin W. Lutzer  
2018-08-07

How do we live faithfully in a country becoming more and more hostile to our faith in Christ? Like the Israelites in Babylon, we must find a way to maintain our faith in the midst of a pagan culture. But that requires we answer two crucial questions: How did we get here? How do we prepare for the dark and difficult days ahead? In *The Church in Babylon*, Dr. Lutzer answers both

of these questions. He will walk you through the many parallels between the church in America and God's people in Babylon, and embolden you to be a gospel witness. You'll be encouraged not to compromise your faith even when under constant pressure from all corners of society. And more than all this you will have a fresh encounter with Jesus Christ, as you consider the biblical role of those in exile.

*The Diabolic* - S. J. Kincaid 2016-11-01

"The perfect kind of high-pressure adventure."  
—TeenVogue.com A New York Times bestseller!  
Red Queen meets The Hunger Games in this epic novel about what happens when a senator's daughter is summoned to the galactic court as a hostage, but she's really the galaxy's most dangerous weapon in disguise. A Diabolic is ruthless. A Diabolic is powerful. A Diabolic has a single task: Kill in order to protect the person you've been created for. Nemesis is a Diabolic, a humanoid teenager created to protect a galactic senator's daughter, Sidonia. The two have grown

up side by side, but are in no way sisters. Nemesis is expected to give her life for Sidonia, and she would do so gladly. She would also take as many lives as necessary to keep Sidonia safe. When the power-mad Emperor learns Sidonia's father is participating in a rebellion, he summons Sidonia to the Galactic court. She is to serve as a hostage. Now, there is only one way for Nemesis to protect Sidonia. She must become her. Nemesis travels to the court disguised as Sidonia—a killing machine masquerading in a world of corrupt politicians and two-faced senators' children. It's a nest of vipers with threats on every side, but Nemesis must keep her true abilities a secret or risk everything. As the Empire begins to fracture and rebellion looms closer, Nemesis learns there is something more to her than just deadly force. She finds a humanity truer than what she encounters from most humans. Amidst all the danger, action, and intrigue, her humanity just might be the thing that saves her life—and the

empire.

Desolation Road - Ian McDonald 2014-01-31

It all began thirty years ago on Mars, with a greenperson. But by the time it all finished, the town of Desolation Road had experienced every conceivable abnormality; from Adam Black's Wonderful Travelling Chautauqua and Educational 'Stravaganza (complete with its very own captive angel), to the Astounding Tatterdemalion Air Bazaar. Its inhabitants ranged from Dr. Alimantando, the town's founder and resident genius, to the Babooshka, a barren grandmother who just wants her own child - grown in a fruit jar; from Rajendra Das, mechanical hobo who has a mystical way with machines to the Gallacelli brothers, identical triplets who fell in love with - and married - the same woman. REVIEWS "Ian McDonald's Desolation Road is one of my most personally influential novels. It's an epic tale of the terraforming of Mars, whose sweep captures the birth and death of mythologies, economics, art,

revolution, politics... Desolation Road pays homage to David Byrne's Catherine Wheel, to Ray Bradbury's entire canon and to Jack Vance, blending all these disparate creators in a way that surprises, delights, then surprises and delights again." - Cory Doctorow (Boing Boing) "McDonald's first novel, it absolutely bowled me over when it came out, and while I have read everything he's published since, and admire all of it and like most of it, this remains my favourite... some of the most beautiful prose imaginable... If you ever want to demonstrate how different science fiction can be, what an incredible range and sweep of things are published with a little spaceship on the spine, Desolation Road is a shining datapoint, because it isn't like anything else and yet it is coming from a knowledge of what the genre can do and can be and making something new out of it." - Jo Walton (Tor.com) "This is the kind of novel I long to find yet seldom do. Desolation Road is a rara avis... Extraordinary and more than that!" -

Philip José Farmer

The captain of an interstellar travel ship is hired to take a passenger to Earth - that legendary planet which never existed. A cynical father refuses to purchase a bomb shelter for his family - though his son is terrified of perishing in an upcoming war. The wife of a man recently returned from a different planet is convinced his mind has been taken over by some other being - but finds this new husband much preferable to the old one...

**Ares Express** - Ian McDonald 2014-01-31

A Mars of the imagination, like no other, in a colorful, witty SF novel, taking place in the kaleidoscopic future of Ian McDonald's Desolation Road, Ares Express is set on a terraformed Mars where fusion-powered locomotives run along the network of rails that is the planet's circulatory system and artificial

intelligences reconfigure reality billions of times each second. One young woman, Sweetness Octave Glorious-Honeybun Asiim 12th, becomes the person upon whom the future -- or futures -- of Mars depends. Big, picaresque, funny; taking the Mars of Ray Bradbury and the more recent, terraformed Marses of authors such as Kim Stanley Robinson and Greg Bear, *Ares Express* is a wild and woolly magic-realist SF novel, featuring lots of bizarre philosophies, strange, mind-stretching ideas, and trains as big as city blocks. REVIEWS “*Ares Express* is a long, adventure-filled, extravagantly colorful, often funny, quite moving, highly imaginative, excellently written story, set on a glorious Mars built partly of sharp-edged Kim Stanley Robinson-style extrapolation, but mostly of lush, loving, Ray Bradbury-style semi-SF, semi-Fantasy, Martian dreams.... I loved it wholeheartedly.” - SF Site “Hugo-winner McDonald’s virtues have long been underappreciated by major North American

publishers... McDonald’s fantastic Mars is vividly detailed and owes much to Bradbury’s Martian stories. Despite a bit of hand waving around technology that is glibly indistinguishable from magic, this sequel is entirely worthy of its rightly lauded predecessor [*Desolation Road*].” - Publishers Weekly “One of the strangest, weirdest, fantastic reads of your life.” - SF Crowsnest “McDonald is clever, lyrical... snarky, and utterly wondrous. The characters would be completely unbelievable in our world, but in theirs they are inevitable...” - Night Owl Reviews *Pulp* - Scott McCracken 1998-09-15 *Pulp* brings together in one volume chapters on the bestseller, detective fiction, popular romance, science fiction and horror. It combines a lucid and accessible account of the cultural theories that have informed the study of popular fiction with detailed readings of particularly Jackie Collins, Jilly Cooper, Colin Dexter, William Gibson, Stephen King, Iain Banks, Terry McMillan and Walter Mosley. Scott McCracken

argues that popular fiction serves a vital function in the late twentieth century: it provides us with the means to construct a workable sense of self in the face of the disorientating pressures of modernity.

Alyssa Gardner went down the rabbit hole and took control of her destiny. She survived the battle for Wonderland and the battle for her heart. In this collection of three novellas, join Alyssa and her family as they look back at their

memories of Wonderland. In *Six Impossible Things*, Alyssa recalls the most precious moments of her life after Ensnared, and the role magic plays in preserving the happiness of those she loves. Alyssa's mother reminisces about her own time in Wonderland and giving up the crown to rescue the man who would become her husband in *The Boy in the Web*. And Morpheus delves into Jeb's memories of the events of *Splintered in The Moth in the Mirror*. Read all the books in the New York Times bestselling *Splintered* series: *Splintered* (Book 1), *Unhinged* (Book 2), *Ensnared* (Book 3), and *Untamed* (The Companion Novel). Praise for *Splintered*: STARRED REVIEW "Fans of dark fantasy, as well as of Carroll's Alice in all her revisionings (especially Tim Burton's), will find a lot to love in this compelling and imaginative novel." --Bulletin of the Center for Children's Books "Alyssa is one of the most unique protagonists I've come across in a while. *Splintered* is dark, twisted, entirely riveting, and a truly romantic tale." --USA Today

"Brilliant, because it is ambitious, inventive, and often surprising -- a contemporary reworking of Lewis Carroll's "Alice's Adventures in Wonderland," with a deep bow toward Tim Burton's 2010 film version." --The Boston Globe "It's a deft, complex metamorphosis of this children's fantasy made more enticing by competing romantic interests, a psychedelic setting, and more mad violence than its original." --Booklist " Protagonist Alyssa...is an original. Howard's visual imagination is superior. The story's creepiness is intriguing as horror, and its hypnotic tone and setting, at the intersection of madness and creativity, should sweep readers down the rabbit hole." -- Publishers Weekly "While readers will delight in such recognizable scenes as Alyssa drinking from a bottle to shrink, the richly detailed scenes that stray from the original will entice the imagination. These adventures are indeed wonderful." --BookPage "Attention to costume and setting render this a visually rich read..." --

Kirkus Reviews "Wonderland is filled with much that is not as wonderful as might be expected, and yet, it is in Wonderland that Alyssa accepts her true nature. The cover with its swirling tendrils and insects surrounding Alyssa will surely attract teen readers who will not be disappointed with this magical, edgy tale." -- Reading Today Online "Creepy, descriptive read with a generous dollop of romance." --School Library Journal

Beyond Apollo - Barry Malzberg 2010-06-29  
Winner of the first John W. Campbell Memorial Award. "A mind-bending read . . . certainly entertaining, often very funny and very thought-provoking." —Medium A two-man mission to Venus fails and is aborted; when it returns, the Captain is missing and the other astronaut, Harry M. Evans, is unable to explain what has happened. Or, conversely, he has too many explanations; his journal of the expedition—compiled in the mental institution to which NASA has embarrassedly committed

him—offers contradictory stories: he murdered the Captain, mad Venusian invaders murdered the Captain, the Captain vanished, no one was murdered and the Captain has returned in Evans's guise. As the explanations pyramid and the supervising psychiatrist's increasingly desperate efforts to get a straight story fail, it becomes apparent that Evans's madness and his inability to explain what happened are expressions of humanity's incompetence at the enormity of space exploration. "Barry Malzberg's dark, bleak vision of the future is one of the most terrifying ever to come out of science fiction." —Robert Silverberg "Beyond Apollo is a masterpiece; a multi-faceted rumination on repression; a virulent critique of the space program and America's obsession with space." —Science Fiction and Other Suspect Ruminations "A light shone through a crystal. The reader never gets to see the crystal or the light, only the resulting refraction . . . a very satisfying work of post-modern science fiction."

—Speculiction “Veins of gold . . . a beautiful and heart-breaking book.”—Fantasy and Science Fiction “Written with wit . . . the most original and pleasing SF novel of the last five years.”—Brian Aldiss, New Review

**Forensic Investigator** - Esther McKay

2009-08-03

FORENSIC INVESTIGATOR Geoff Bernasconi had always been passionate about his job as a policeman in rural New South Wales and, from the earliest days of his career, went the extra mile, both for victims of crime and for their families. But one night in 1984, he was called to investigate the scene of an horrific car accident in which an entire family had been wiped out - and which it was impossible for him to forget. Geoff's day-to-day working life became a catalogue of tragedies, some of which involved people close to him, and he found himself spiralling downwards in the grip of post-

traumatic stress disorder. When Esther Mckay, fellow forensic investigator and author of the best-selling *Crime Scene*, heard that Geoff has been awarded maximum compensation for his suffering, she knew immediately this was a story that needed to be told. This is a harrowing account of what it is like to work on the front-line of crime and tragedy as a forensic investigator. But it is also the inspiring story of someone who has been exposed to sights and experiences many of us can hardly even imagine, yet has emerged from the darkness to begin his journey to recovery.

The Doctor's old friend and fellow Time Lord, Professor Chronotis, has retired to Cambridge University, where among the other doddering old professors nobody will notice if he lives for centuries. Ancient Law of Gallifrey. Even more carelessly, he has loaned this immensely powerful book to clueless graduate student Chris Parsons, who intends to use it to impress girls. The Worshipful and Ancient Law is among the most dangerous artifacts in the universe; it cannot be allowed to fall into the wrong hands. The hands of the sinister Skagra are unquestionably the wrongest ones possible. Skagra is a sadist and an egomaniac bent on universal domination. *Leviathan Wakes* - James S. A. Corey 2021-09

From a New York Times bestselling and Hugo award-winning author comes a modern masterwork of science fiction, introducing a captain, his crew, and a detective as they unravel a horrifying solar system wide conspiracy that begins with a single missing girl. Humanity has colonized the solar system--Mars, the Moon, the Asteroid Belt and beyond--but the stars are still out of our reach. Jim Holden is XO of an ice miner making runs from the rings of Saturn to the mining stations of the Belt. When he and his crew stumble upon a derelict ship, the Scopuli, they find themselves in possession of a secret they never wanted. A secret that someone is willing to kill for--and kill on a scale unfathomable to Jim and his crew. War is brewing in the system unless he can find out who left the ship and why. Detective Miller is looking for a girl. One girl in a system of billions, but her parents have money and money talks. When the trail leads him to the Scopuli and rebel

sympathizer Holden, he realizes that this girl may be the key to everything. Holden and Miller must thread the needle between the Earth government, the Outer Planet revolutionaries, and secretive corporations--and the odds are against them. But out in the Belt, the rules are different, and one small ship can change the fate of the universe. "Interplanetary adventure the way it ought to be written." --George R. R. Martin

*Babylon Sisters* - Paul Di Filippo 2002

Paul Di Filippo is one of Science Fiction's finest short story writers, wild, witty, exuberantly imaginative; *Babylon Sisters and Other Posthumans* is a generous showcase of his strange, transformative, and powerful Hard SF visions. The fourteen stories collected here are glimpses into the most fantastic possibilities of human evolution-biological, social, and cultural. From a New York split into warring walled enclaves, to the destiny of our species as a strain of virus, to an Africa made over by nanotech messiahs, to a future Earth protected by half-alien angels, to wars of liberation from what we have always so tragically been: these are only some of the awe-inspiring transitions to be found

in *Babylon Sisters*. Read here of rebellion by books against their librarian, of cosmic destiny remade by stellar lunatics, of disorienting ventures beyond the boundaries of the human; discover here the perverse and terrible dangers of the age of posthumanity.

However, the enormous ship contains deadly secrets of its own. Recovered war criminal, Ona Sudak, faces a firing squad for her actions in the Archipelago War. But, at the last moment, she is smuggled out of her high

security prison. The Marble Armada has called for her to accompany its ships as observer and liaison, as it spreads itself across the human Generality, enforcing the peace at all costs. The alien ships will not tolerate resistance, and all dissenters are met with overwhelming and implacable force. Then her vessel intercepts messages from the House of Reclamation and decides the Trouble Dog has a capacity for violence which cannot be allowed to endure. As the Trouble Dog and her crew fight to save the crew of the Lucy's Ghost, the ship finds herself caught between chaotic alien monsters on one side, and on the other, destruction at the hands of the Marble Armada.

**Made for Love** - Alissa Nutting 2017-07-04

Now an HBO Max series starring Ray Romano and Cristin Milioti From one of our most exciting and provocative young writers, a poignant, riotously funny story of how far some will go for love—and how far some will go to escape it.

Hazel has just moved into a trailer park of senior citizens, with her father and Diane—his extremely lifelike sex doll—as her roommates. Life with Hazel’s father is strained at best, but her only alternative seems even bleaker. She’s just run out on her marriage to Byron Gogol, CEO and founder of Gogol Industries, a monolithic corporation hell-bent on making its products and technologies indispensable in daily life. For over a decade, Hazel put up with being veritably quarantined by Byron in the family compound, her every movement and vital sign

tracked. But when he demands to wirelessly connect the two of them via brain chips in a first-ever human “mind-meld,” Hazel decides what was once merely irritating has become unbearable. The world she escapes into is a far cry from the dry and clinical bubble she’s been living in, a world populated with a whole host of deviant oddballs. As Hazel tries to carve out a new life for herself in this uncharted territory, Byron is using the most sophisticated tools at his disposal to find her and bring her home. His threats become more and more sinister, and Hazel is forced to take drastic measures in order to find a home of her own and free herself from Byron’s virtual clutches once and for all. Perceptive and compulsively readable, *Made for Love* is at once an absurd, raunchy comedy and a dazzling, profound meditation marriage, monogamy, and family.
