From Lace to Chains. The Making of a Print - Alison Stewart 2019-04-25

How have printed works of art changed over time? Do printmakers today work with the same materials and techniques that printmakers used centuries ago? And does printmaking involve the same motivations, concerns, or methods of distribution today as it did in the past? These were questions asked by University of Nebraska-Lincoln students in a history of prints class in the School of Art, Art History & Design taught by Hixson-Lied Professor of Art History Alison Stewart during fall semester 2018. For this curatorial project, students selected one set of old master prints (by Wenceslas Hollar) and one modern print (Rozeal's "El Oso Me Pregunto

The papers contained in this volume were presented at the 5th IFIP International Conference on Theoretical Computer Science (IFIP TCS), 7-10 September 2008, Milan, Italy. TCS is a bi-annual conference. The first conference of the series was held in Sendai (Japan, 2000), followed by Montreal (Canada, 2002), Toulouse (France, 2004) and Santiago (Chile, 2006). TCS is organized by IFIP TC1 (Technical Committee 1: Foundations of Computer Science) and Working Group 2.2 of IFIP TC2 (Technical Committee 2: Software: Theory and Practice). TCS 2008 was part of the 20th IFIP World Computer Congress (WCC 2008), constituting the TC1 Track of WCC 2008. The contributed papers were selected from 36+45 submissions from altogether 30 countries. A total of 14+16 submissions were accepted as full papers. Papers in this volume are original contributions in two general areas: Track A: Algorithms, Complexity and Models of Computation; and Track B: Logic, Semantics, Specification and Verification. Quilt As-You-Go Made Modern - Jera Brandvig 2014-10-01

Learn to create modern quilts more quickly and easily than ever with this popular method, featuring thirteen projects and twenty-five bonus ideas. Do you believe rules were meant to be broken? If so, this improvisational quilt-as-you-go technique is for you. Instead of dealing with precise paper patterns and cutting measurements, you'll learn how to piece fabric onto small, manageable batting blocks. Let your creative juices flow as you quilt directly on the blocks (not the whole quilt!), whether in large abstract zigzags or small structured stitches. After the blocks have been joined, all you need to do is add backing fabric and binding, and—voilà—it's finished! A modern approach to quilting that's fresh, fun,

and simpler than it sounds; it will change the way you quilt (for the better) Great for moms or anyone with a busy schedule—these thirteen projects are easy to transport because they make it simple to pick up where you left off Go your own way: This method allows you to use a pattern or improvise, creating a wide variety of design options Save money! Learn how to finish your own quilts without the use of a longarm professional “Quilting is easier than ever with Jera Brandvig’s modern spin on the popular quilt-as-you-go technique.” —Modern Quilts Unlimited “Quilt-as-you-go (QAYG) is one of those techniques that every quilter is curious about trying, but can be daunting as the process is so different to the traditional process of making a quilt top and then quilting it. . . . The book introduces the technique very thoroughly, so you can clearly understand the difference between traditional piecing and quilting and QAYG. Then there’s a great selection of gorgeous quilts that are sure to appeal to the modern quilter. A must if you’ve ever thought about trying QAYG and haven’t had a clue where to start.” —Make Modern Magazine
